NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Employees' 401(k) Profit Sharing Plan of R.W. Lyall & Company, Inc. (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of R.W. Lyall & Company, Inc. (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of the Plan Sponsor who meet the eligibility requirements as defined by the Plan qualify to become participants in the Plan.

Contributions: Each year, participants may contribute up to 100% of their eligible compensation as defined by the Plan. Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor may make matching and/or profit sharing contributions as determined each year by the Plan Sponsor's Board of Directors. Participants are eligible to receive a matching contribution following the completion of one year of service with a minimum of 1,000 hours worked. For the year ended December 31, 2015, the Plan Sponsor matched 50% of the participant's deferral, up to the first 4% of compensation deferred. For the year ended December 31, 2014, the Plan Sponsor made no discretionary profit sharing contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocations of (a) the Plan Sponsor's profit sharing contributions and (b) the Plan's earnings (losses) and charged with an allocation of administrative expenses (as defined). Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or within a reasonable period of time that is longer than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at rates commensurate with the rates that a bank or other professional lender would charge for granting a loan in similar circumstances. Principal and interest are paid ratably through payroll deductions.

Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms specified in the Plan Document.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of participants' accounts is based on years of continuous service. A participant is 100% vested after six years of credited service according to the following schedule:

Years of Service	Nonforfeitable Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options: Participants may direct both employee and employer contributions to be invested among various investment options as made available and determined by the Plan Administrator, which are more fully described in the plan literature. Participants may change their investment options any time throughout the year via direct phone or Internet access to Principal.

Payment of Benefits: Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account or partial payments in amounts requested by the participant from time to time. Participants may also elect to roll over their accounts to another tax-deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding \$1,000, but not to exceed \$5,000, may be rolled into an Individual Retirement Account. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. With the Plan Administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Forfeited Accounts: The unvested portion of a terminated participant's account will be forfeited and used to reduce future Plan Sponsor contributions or to pay expenses of the Plan. During 2015, \$2,849 was paid from forfeitures for employer contribution and administrative expenses. As of December 31, 2015 and 2014, forfeitures had no outstanding balance.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan.

Basis of Accounting: The financial statements of the Plan were prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value: Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides a framework for measuring fair value that requires an entity to determine fair value based on the exit price in the principal market for the asset or liability being measured. Fair value is defined as the exchange price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The guidance also establishes a three-level fair value hierarchy that describes the inputs used to measure assets and liabilities.

- Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities.
- Level 2 asset and liability fair values are based on observable inputs that include quoted market prices for similar assets or liabilities, quoted market prices that are not in an active market, or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash flow methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. The fair value of the Plan's Level 3 assets is primarily determined using an income approach.

There have been no changes in the methodologies used for assets measured at fair value as of December 31, 2015 and 2014.

A summary of the Plan's investments subject to fair value measurement and/or disclosure is presented in Note 3.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Plan Sponsor.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements: In August 2014, the FASB issued ASU No. 2014-15—*Presentation of Financial Statements—Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*. This ASU provides guidance for determining when and how to disclose going concern uncertainties in the financial statements. This ASU requires management to evaluate whether there are conditions or events, when considered in the aggregate, that raise substantial doubt about an entity's ability to continue as a going concern within one year after the date that financial statements are issued or available to be issued and to provide the related disclosures. ASU No. 2014-15 applies to all entities and is effective for annual reporting periods ending after December 15, 2016 and interim periods thereafter, with early adoption permitted. The adoption of this ASU will not have a material impact on the Plan's financial statements.

In May 2015, the FASB issued ASU No. 2015-07—*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This ASU eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient in ASC 820. Reporting entities must provide sufficient information to enable users to reconcile total investments measured at fair value in the statement of financial position. Additionally, the scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. ASU No. 2015-07 is effective for all entities except public business entities during annual reporting periods beginning after December 15, 2016 and interim periods thereafter, with early adoption permitted. The adoption of this ASU will not have a material impact on the Plan's financial statements.

On July 31, 2015, the FASB issued ASU No. 2015-12. The FASB simplified or eliminated some of the financial reporting and disclosure requirements for employee benefit plans with the issuance of ASU 2015-12—*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. ASU 2015-12 simplifies employee benefit plan reporting with respect to fully responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient for plans with a fiscal year-end that does not coincide with a month-end. The guidance in this ASU does not apply to the financial reporting for the Plan Sponsor; it applies only to the plan's financial statements. The amendments under ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, and earlier adoption is permitted. Plans are required to apply the amendments in parts I and II retrospectively for all financial statements presented and should apply the amendments in part III prospectively. When a part is adopted, it must be adopted in its entirety. The Plan adopted this ASU in 2015.

Subsequent Events: The Plan has evaluated subsequent events through July 20, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, by level within the fair value hierarchy, are as follows:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2015				
Pooled separate accounts	\$ 3,875,467	\$ -	\$ 3,875,467	\$ -
Registered investment companies	1,286,011	1,286,011	-	-
Total investments at fair value	<u>\$ 5,161,478</u>	<u>\$ 1,286,011</u>	<u>\$ 3,875,467</u>	<u>\$ -</u>
2014				
Pooled separate accounts	\$ 3,776,003	\$ -	\$ 3,776,003	\$ -
Registered investment companies	1,665,873	1,665,873	-	-
Total investments at fair value	<u>\$ 5,441,876</u>	<u>\$ 1,665,873</u>	<u>\$ 3,776,003</u>	<u>\$ -</u>

During 2015, the Plan's investments, including gains or losses on investments bought and sold, as well as held during the year, depreciated in value by \$30,204.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2015, the Plan holds assets in a benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Contract value as reported to the Plan by Principal represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 is \$1,250,400 and \$1,310,733, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a semiannual basis for resetting.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include (a) amendments to the plan document, including complete or partial termination of the Plan or merger with another plan, (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events that would limit the Plan's ability to transact at contract value with the Plan's participants are likely to occur.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2015	2014
Average yields:		
Based on actual earnings	0.99%	0.77%
Based on interest rate credited to participants	0.99%	0.77%

NOTE 5 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain investments of the Plan are managed by Principal, the custodian and recordkeeper of the Plan. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Plan Sponsor pays certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 6 – PLAN TERMINATION

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their employer contributions, if any. As mentioned in Note 12, the Plan was terminated effective May 1, 2016.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on June 4, 2004, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended and restated. However, the Plan Administrator believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

DECEMBER 31, 2015 AND 2014

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 9 – CUSTODIAN CERTIFICATION

NOTE 11 – SUBSEQUENT EVENTS

In January 2016, the Plan Sponsor was purchased by Burndy LLC, an affiliate of Hubbell, Inc. Subsequently, the plan was terminated effective May 1, 2016. All assets of the plan were transferred to Hubbell Incorporated Employee Saving and Investment Plan.

NOTE 12 – REISSUANCE

Subsequent to the issuance of the financial statements as of and for the year ended December 31, 2015 and 2014, the Plan became aware that the previously disclosed delinquent loan repayments totaling \$1,895 were actually remitted by the Plan in a timely manner. The Plan Sponsor discovered that there was only a typographical error in the payroll date where it stated that the remittance was for June 2013, when it should have been June 2014. The supplemental schedule of delinquent participant contributions and related footnote explanation were therefore deleted from the reissued report.
