INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying statements of the Roush Holdings Employee Stock Ownership Plan (formerly Roush Honda Employee Stock Ownership Plan) (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matter – Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented as of December 31, 2016, for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

General

The Roush Honda Employee Stock Ownership Plan (the “Plan”) was formed on December 30, 1991, by Roush Equipment, Inc. (the “Plan Sponsor”). In December, 2016, the Plan Sponsor changed to Roush Holdings, Inc. and the Plan changed its name to Roush Holdings Employee Stock Ownership Plan. Information concerning benefits, allocations, forfeitures, and other provisions under the Plan is included in the Roush Holdings Employee Stock Ownership Plan Agreement which is available for review by participants. Participants should refer to this document for more complete information.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan includes accounts transferred to the Plan by certain participants from the terminated Roush Hardware Money Purchase Pension Plan (the “MPP”).

Contributions

The Plan provides for discretionary employer contributions subject to limitations based on total participants’ compensation and net income of the Company. Contributions are subject to certain limitations pursuant to Section 401(k) of the Internal Revenue Code.

Participant Accounts

Individual account balances are maintained for each participant. Account balances are adjusted annually at the end of each Plan year as follows:

Employer contributions and forfeitures are allocated to participants in the same proportion that each participant’s compensation for the year bears to the total compensation of all such participants for the year.

A pro rata share of income, expenses, and realized (unrealized) gains (losses) is allocated to participants based on the percentage which each participant’s account balance at the beginning of the year bears to the total of all participants’ account balances at that date.

Eligibility

The Plan is a defined contribution benefit plan covering all full-time employees of Roush Holdings, Inc. (the “Company”) who have one year of service and are age 21 or older.

Vesting

The Plan’s vesting provisions are as follows:

<u>Year</u>	<u>Percent</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The years of vesting are calculated based on the number of hours of service. A minimum of 1,000 hours of services must be provided to complete a year of vesting service.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Benefits are recorded when paid as set forth in the Plan document.

Forfeitures

Forfeitures of non-vested accounts were \$62,350 and \$67,041 for the years ended December 31, 2016 and 2015, respectively. Forfeitures are allocated among eligible participants at the end of the Plan year in which the forfeiture occurs.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accounting records of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. Any allocated Company stock with respect to which voting instructions are not given shall be voted in the manner determined by the Plan Administrator.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradable on an established market, nor is it subject to trading limitations including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may transfer cash to another Company qualified plan, be paid in cash, or, if otherwise eligible, receive a direct rollover out of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. The Plan relies significantly on the use of estimates in determining the value of Roush Holdings, Inc. Common Stock, which is the primary investment.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for the Plan for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Part II was adopted for 2016 and applied retrospectively, as required, to the 2015 plan year.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Trustee and administrative expenses are paid by the Plan Sponsor, which also provides other accounting and administrative support services to the Plan without compensation.

Subsequent Events

Subsequent events have been evaluated through July 24, 2017, which is the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS

The following is a summary of stock activity for the year ended December 31:

	2016	2015
Shares owned by the Plan at year end	12,265	12,964
Carrying value of shares at year end	\$ 4,848	\$ 4,468
Net appreciation of stock value	\$ 4,660,735	\$ 4,018,848

Since Roush Holdings, Inc. is a closely held entity, there is no established market price for the shares. Valuation of common shares was determined by an independent appraiser using a weighted average formula based on adjusted net assets and historical earnings.

The following is a summary of the allocated and unallocated stock amounts for the year ended December 31:

	2016	2015
Total shares	12,265	12,964

Pursuant to Section 6.4 of the Plan Document and the contribution limits imposed by IRC Section 404(a), the amounts over the limit can be classified as unallocated and used to offset future contributions or be held by the Plan Sponsor. As of December 31, 2016 and 2015, all shares held by the Plan are allocated. All remaining issued shares are held by the Plan Sponsor as treasury stock.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Common stock: Valued by an annual independent appraisal.

Money Market and Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,499	\$ -	\$ -	\$ 8,499
Common Stock	-	-	59,461,149	59,461,149
Total assets at fair value	<u>\$ 8,499</u>	<u>\$ -</u>	<u>\$ 59,461,149</u>	<u>\$ 59,469,648</u>

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,775	\$ -	\$ -	\$ 17,775
Common Stock	-	-	57,923,152	57,923,152
Total assets at fair value	<u>\$ 17,775</u>	<u>\$ -</u>	<u>\$ 57,923,152</u>	<u>\$ 57,940,927</u>

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Level 3.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets:

	Level 3 Assets	
	<u>December 31, 2016</u>	<u>December 31, 2015</u>
Balance, beginning of year	\$ 57,923,152	\$ 55,081,018
Net appreciation in fair value of common stock	4,660,735	4,018,848
Sales, net	(3,122,738)	(1,176,714)
Balance, end of year	<u>\$ 59,461,149</u>	<u>\$ 57,923,152</u>

Gains and losses (realized and unrealized) included in the changes in net assets for the period above are reported in the net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

ROUSH HOLDINGS EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

The fair value of the Sponsor Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves plan management's selection of an independent appraiser under contract. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary.

NOTE 5: RELATED PARTY OF PARTY IN INTEREST TRANSACTIONS

Certain Plan investments include shares of the Plan Sponsor. Roush Holdings, Inc. is the Plan Sponsor; therefore, these transactions qualify as party-in-interest.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant's account automatically becomes 100% vested. The net assets of the trust would be distributed in a form of payment as determined by the Administrative Committee.

NOTE 7: TAX STATUS

The Plan obtained its latest determination letter on November 12, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
