Jefferson National Financial Corp. Savings Plan
Notes to Financial Statements
December 31, 2016 and 2015

Note A - Description of Plan

The following description of the Jefferson National Financial Corp. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of Jefferson National Financial Corp. (the "Company" or "Employer"). Employees must be at least 21 years of age to be eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Contributions: Each year, participants may elect to make pre-tax and/or after-tax Roth contributions to the Plan up to 100% of their annual compensation, as defined in the Plan agreement. The Company may also make discretionary contributions to the Plan. For the 2016 Plan year, the Company made a discretionary matching contribution equal to 100% of employee contributions that do not exceed 1% of compensation plus 50% of employee contributions between 1% and 3% of compensation. No other discretionary contributions were made for the 2016 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.
3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after three years of credited service.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid ratably through payroll deductions.
7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

Note A - Description of Plan (Continued)

8. Forfeited Accounts: The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of future employer contributions. There are no forfeited balances at December 31, 2016 and 2015. During the Plan year ended December 31, 2016, forfeitures totaling \$4,230 and \$1,000 were used to reduce the amount of employer matching contributions and pay administrative expenses, respectively.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.
4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.
5. Payments of Benefits: Benefits are recorded when paid.
6. Corrective Distributions Payable: Corrective distributions payable represents amounts withheld from participants in excess of Internal Revenue Code ("IRC") limitations, and related earnings thereon, which are required to be refunded prior to December 31 of the subsequent year.
7. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.
8. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued. See Note J.

Note C - Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company ("Transamerica"), the custodian of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, the Schedule of Assets (Held at End of Year) at December 31, 2016, and the related investment income information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate account: Valued at the net asset value ("NAV") of units held by the Plan at year end as determined by the investment manager. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through a subaccount of an insurance company. The pooled separate account invests in units of a collective trust fund at December 31, 2016 and 2015, respectively. There are currently no redemption restrictions or unfunded commitments on this investment.

Jefferson National Financial Corp. Savings Plan
Notes to Financial Statements (Continued)
December 31, 2016 and 2015

Note D - Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,012,188	\$ -	\$ -	\$ 6,012,188
Total assets in the fair value hierarchy	<u>\$ 6,012,188</u>	<u>\$ -</u>	<u>\$ -</u>	6,012,188
Investments measured at NAV (a)				<u>348,527</u>
Investments at fair value				<u>\$ 6,360,715</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,116,887	\$ -	\$ -	\$ 5,116,887
Total assets in the fair value hierarchy	<u>\$ 5,116,887</u>	<u>\$ -</u>	<u>\$ -</u>	5,116,887
Investments measured at NAV (a)				<u>359,521</u>
Investments at fair value				<u>\$ 5,476,408</u>

(a) In accordance with FASB guidance, the investment measured at fair value using NAV as a practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements (Continued)
December 31, 2016 and 2015

Note E - Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

Plan investments include a pooled separate account managed by Transamerica. Transamerica is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest.

Note F - Income Tax Status

The Internal Revenue Service ("IRS") ruled on March 31, 2014, that the Volume Submitter Plan Document (the volume submitter of Transamerica Retirement Solutions Corporation, upon which the Plan is based), as then designed, was in compliance with the applicable sections of the IRC. The Plan administrator believes that the Plan is being operated in compliance with the applicable sections of the IRC and therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note I - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2015 (no reconciliation required at December 31, 2016):

Net Assets Available for Benefits per the Financial Statements	\$ 5,540,335
Corrective distributions payable	<u>29,584</u>
Net Assets Available for Benefits per the Form 5500	<u>\$ 5,569,919</u>

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the Plan year ended December 31, 2016:

Net Increase per the Financial Statements	\$ 931,195
Change in corrective distributions payable	<u>(29,584)</u>
Net Income per the Form 5500	<u>\$ 901,611</u>

Note J - Subsequent Event

On March 1, 2017, the Company was acquired by Nationwide Life Insurance Company. It is the intention of the Company to merge the Plan with a qualified defined contribution plan sponsored by Nationwide Life Insurance Company.
