Participants may also contribute amounts representing distributions from other qualified deferred compensation plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 4% of compensation that a participant contributes to the Plan, no more than 1% of the base salary. The matching contribution is invested in the same manner as the employee's elective contributions. Additional discretionary amounts may be contributed by the Company at the option of the Company's board of directors.

Participant Accounts – Each participant's account is credited with the participant's contribution and the Company's matching contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with (a) any withdrawals or payments from the participant's account and (b) the participant's proportionate share of any decrease in the fair market value of the Fund since the last valuation date. Allocations of the Company's discretionary contribution are based on participants' compensation and allocations of plan earnings are directed by the participants according to their investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Benefits vest on a graded scale of 20% after two years and 20% after each of years three through six, so that a participant is 100% vested after six years of credited service.

Participant Loans – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested interest in the plan. For participants with vested account balances of $20,000 or less, the maximum loan shall not exceed the lesser of $10,000 or 100% of the vested balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range up to five years except in the case of a loan used for purchasing a principal residence for the participant, in which case the loan term is set by the Employer and is based on maturity dates quoted by local commercial banks for similar loans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rate for loans funded in the current year was 5%. Principal and interest are paid ratably through payroll deductions.

## NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, the participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments permitted only for participants or beneficiaries who must receive a required minimum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Hardship distributions are permitted in amounts up to the lesser of 100% of the participant's vested interest or the amount necessary to satisfy the participant's heavy financial need. In-service distributions are permitted for participants who have reached either age 59½ or normal retirement age.

Forfeited Amounts – As of December 31, 2016 and 2015, forfeited nonvested accounts totaled $3,945 and $1,929, respectively. Forfeitures related to the Company's matching and discretionary contributions are added to any Company discretionary matching contribution and allocated as an additional matching contribution.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Nature of Investments – Investments consist of assets held by American United Life Insurance Company (AUL). American United Life Insurance Company has been appointed to provide all administrative services necessary to support the insurance contract issued.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold during the year and on investments held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

## NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FACS ASC 820 are described as follows.

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market date by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan is funded with a group annuity contract issued by American United Life Insurance Company. All financial information related to the contract is reported at contract value.

The contract offers a fixed interest investment option (the Fixed Option) and a number of variable investment options through an AUL pooled separate account. Thus, participants and/or the trustee can select the option(s) that reflect their investment style and risk tolerance.

The Fixed Option is backed by AUL's general account which consists of a diversified portfolio comprised of fixed-income investments (bonds, mortgages) with the objective of maximizing long-term, risk adjusted returns.

## NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Amounts allocated to a variable investment account within an AUL separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder and/or the participant.

The contract's value consists entirely of Level 2 inputs with the observable inputs for the portion of the contract held in the AUL separate account being the accumulation units in the investment account, and for the portion of the contract held in the Fixed Option, the inputs being the amounts contributed or transferred to the Fixed Option less any withdrawals or transfers out, plus all accrued interest.

## NOTE 4 – GROUP ANNUITY CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY

The Plan's group annuity contract with AUL is a fully benefit-responsive contract. Under the terms of the contract, participant-initiated transactions for the purpose of receiving benefits allowed under the plan, such as retirement, death, disability, hardship, loan, required minimum distribution, allowable in-service withdrawal, are completed at contract value without conditions, limits, or restrictions. Benefits related to termination of employment receive the same treatment unless a termination is associated with a full or partial plan termination, the insolvency of the plan sponsor, or aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of that contract year. Under those unlikely events, a surrender charge may apply depending on the terms of the particular contract.

Also, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and contract provisions. Participants have access to their accounts to execute transfers between the available investment options once per business day without limitation, except that depending on the provisions of the applicable contract, restrictions on transfers from the Fixed Option may apply.

Average yield earned by the group annuity contract are as follows:

| | 2016 | 2015 |
|---|---|---|
| Fixed option - based on interest rate credited to participants | 4.00% | 4.00% |
| Pooled separate units - based on actual earnings | 6.78% | -2.85% |

## NOTE 5 - INVESTMENTS

| T. Rowe Price Equity Income, 101,713.99 and 90,320.01 units, respectively | 515,282 | 388,028 |

## NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the accounts of participants are vested and become non-forfeitable.

## NOTE 7 – TAX STATUS

The Plan is a prototype plan of American United Life Insurance Company. In its latest determination letter dated March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan had taken an uncertain

## NOTE 7 – TAX STATUS (Continued)

position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan's annual returns for 2015, 2014, and 2013 are subject to examination by the Internal Revenue Service, generally for three years after they were filed.

## NOTE 8 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information was obtained from data that has been prepared and certified as complete and accurate by the trustee.

| | 2016 | 2015 |
|---|---|---|
| Investments, at fair value | $ 3,904,517 | $ 3,303,429 |
| Participant notes receivable | 143,429 | 151,919 |
| Investment income (loss) | 242,151 | (45,040) |
| Interest on participant notes receivable | 7,234 | 6,649 |
| Forfeitures | 3,945 | 1,929 |
| Administrative fees | 1,326 | 1,914 |

## NOTE 9 – RISKS AND UNCERTAINTIES

The Plan's investments represent units of participation in funds which, in turn, represent underlying shares in various registered investment companies. Such underlying shares are exposed to a number of risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 10 – SUBSEQUENT EVENTS/DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through July 21, 2017, which is the date the financial statements were available to be issued.
