PROFIT SHARING PLAN OF FAIRFIELD HOMES, INC.
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1. Description of Plan

The following description of the Profit Sharing Plan ("Plan") of Fairfield Homes, Inc. ("Company") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company who have one year of service, are age twenty-one or older, and work over 1,000 hours a year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustee is responsible for oversight of the Plan. The Trustee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions. Each year, participants may contribute up to 75% of their pretax annual compensation plus up to 100% of any employer paid cash bonus, as defined in the Plan not to exceed the maximum annual contribution allowed by IRS regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans(rollovers). The Company can voluntarily contribute a discretionary percentage of a participant's contribution or a discretionary dollar amount, the percentage or dollar amount to be determined by the employer on a uniform basis to all participants. All employer contributions are invested in the same percent as the employee contribution.

Participant Accounts. Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2014, the plan was amended to be a Safe Harbor Plan. Accordingly, all employees are fully vested immediately on these company match contributions.

Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, prior to the adoption of the Safe Harbor Plan on January 1, 2014, is based on years of continuous service. A participant is 100% vested on these match contributions after six years of credited services as shown in the following:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participant Loans. The Plan does not permit loans.

Payment of Benefits. On termination of service due to death, total and permanent disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly, quarterly, or annual installments over a period no longer than the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the executed dividend date. Net appreciation(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of the fair value of investments. Fees related to the administration of the Participants accounts are included in administrative expenses. The forfeited non-vested account is used to reduce employer administrative expenses and is included in administrative expenses. Employer administrative expenses of \$-0- and \$466 were included in the financial statements from forfeited non-vested accounts for the years ended December 31, 2016 and 2015, respectively.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including June 23, 2017, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) the the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- ✓ quoted prices for similar assets or liabilities in active markets;
- ✓ quoted prices for identical or similar assets or liabilities in inactive markets;
- ✓ inputs other than quoted prices that are observable for the asset or liability;
- ✓ inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

4. Related Party Transactions

Certain plan investments are shares of mutual funds and cash holdings managed by Park National Bank. Park National Bank is the Trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment services amounted to \$19,670 for the year ended December 31, 2016. The Plan Sponsor pays directly any other fees related to the plan's operations.

5. Information Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
