Independent Auditor's Report

To The Administrative Committee
ERICO Retirement Savings Plan
Solon, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ERICO Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 30, 2016 (liquidation basis) and December 31, 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 30, 2016 and December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matters – Plan Merger and Use of Liquidation Basis of Accounting

As discussed in Note 1 and 2 to the financial statements, on December 30, 2016 the Plan merged all assets and liabilities into the Pentair, Inc. Retirement Savings and Stock Incentive Plan as a result of the acquisition of ERICO by Pentair plc in September 2015. As a result, in accordance with accounting principles generally accepted in the United States of America, the ERICO Retirement Savings Plan has changed its basis of accounting from the accrual basis of accounting used in presenting the 2015 financial statements to the liquidation basis of accounting used in presenting the 2016 financial statements. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ERICO Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the ERICO Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was a defined contribution plan covering all full-time employees of ERICO International Corporation (“ERICO”) who have completed three months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. If the Plan was to terminate at some future time, each participant had a non-forfeitable right to their entire account balance.

Plan Merger

In September 2015, ERICO was acquired by Pentair plc. As a result of the acquisition, on January 1, 2016, all active legacy ERICO employees were enrolled in the Pentair, Inc. Retirement Savings and Stock Incentive Plan (Pentair “RSIP”). Employee contributions made after January 1, 2016 were deposited into the Pentair “RSIP”. On December 30, 2016, all assets and liabilities of the Plan merged into the Pentair “RSIP”.

Contributions

Participants in the Plan could elect to contribute from 1% to 25% of their pretax earnings through payroll deductions. Newly eligible employees who did not make an active election to participate or to not participate in the Plan were automatically enrolled in the Plan with a contribution amount of 3%. During 2015, ERICO matched participant contributions at the rate of 50% of the first 3% of an eligible participant’s salary reduction contribution. During 2016 and 2015, ERICO made discretionary profit sharing contributions of \$600,000, respectively. Plan participants had the option to direct their current account balances and future contributions into any combination of investment fund options offered by the Plan.

Participant Accounts

Each participant’s account was credited with the participant’s contribution, ERICO’s matching contribution and profit sharing contribution, if any, and investment income earned on the account balance. The benefit to which a participant was entitled was that which could be provided from the participant’s vested account balance. Participants were immediately vested with respect to their employee contribution and their ERICO matching contribution. Participants became vested in the profit sharing portion of their account balance after three years of service from their date of hire.

Notes Receivable - Participant Loans

Loans were permitted to be made to active participants. The notes receivable documenting the loans were secured by the participant’s vested interest in the Plan and were for a minimum of \$1,000 up to the lesser of one half of the participant’s account balance or \$50,000. The loan repayment period was not less than one year and could not exceed five years unless the loan was used to purchase a participant’s principal residence for which the period may not exceed ten years. Interest was charged at a reasonable rate determined by the administrative committee.

Notes to Financial Statements

Participants who proved financial hardship could only withdraw the portion of their account balance representing participant contributions and the investment income thereon. The portion contributed by ERICO and investment income thereon remained in their account until termination of employment or retirement and continued to earn investment income until distribution.

Payment of Benefits

Upon termination of employment prior to normal retirement age, participants with account balances greater than or equal to \$1,000 could elect to receive either a partial or full distribution of their account balance or maintain the account balance in the Plan until retirement. At retirement, participants with account balances greater than or equal to \$1,000 could elect to receive either a partial or full distribution of their account balance or receive installments over a period not exceeding ten years. Both terminated and retired participants with account balances less than \$1,000 were required to take full distributions of their account balance. Benefit payments upon the death of a participant were paid directly to the beneficiary. The beneficiary could elect to receive a partial or full distribution.

Forfeitures

Forfeitures were reallocated each year to participants who were eligible to receive the profit sharing contribution. Forfeitures were reallocated in July 2016 and 2015, at the same time the profit sharing contribution was made. At December 30, 2016 and December 31, 2015, forfeited and non-vested accounts totaled \$0 and \$412, respectively. Forfeitures were allocated among eligible participants as an additional discretionary contribution.

Plan Expenses

During 2016 and 2015, ERICO paid administrative fees of \$17,302 and \$17,106, respectively, on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Certain prior period disclosures have been revised to conform to current year's presentation. Effective January 1, 2016 all active legacy ERICO employees were enrolled in the Pentair "RSIP". As a result, the Plan's financial statements as of and for the year ended December 30, 2016 have been prepared on the liquidation basis, in accordance with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimate net realized cash value and liabilities are stated at their anticipated settlement amounts. There were no material changes to the 2016 financial statements as a result of the change under the liquidation basis of accounting.

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Net appreciation and depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable – Participant Loans

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits were recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Events Occurring After Reporting Date

The Company has evaluated events and transactions that occurred between December 30, 2016 and July 26, 2017, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2015. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted, and retrospectively applied, the account guidance related to the presentation of the Plan's investments.

Notes to Financial Statements

In July 2015, the FASB issued ASU No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensus of the Emerging Issues Task Force. The amendments in this update (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defines Benefit Obligation and Plan Assets. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted ASU No. 2015-12 for the plan year ending December 30, 2016 and has applied the applicable amendments retrospectively. As a result the footnote disclosing investments as of/or greater than 5% as of December 31, 2015 was removed. Additionally, the disaggregation of investments as of December 31, 2015 was removed.

3. Investments/Notes Receivable From Participants (unaudited)

All investments and notes receivable - participant loans disclosed in the accompanying financial statements, including investments held at December 30, 2016 and December 31, 2015, net depreciation in fair value of investments, and interest and dividend income for the years ended December 30, 2016 and December 31, 2015, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. As elected by the plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

4. Risks and Uncertainties

The Plan invested in various investment securities which were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investment securities, it was at least reasonably possible that changes in the values of the investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

5. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 22, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation.

As of December 30, 2016 and December 31, 2015, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

6. Transactions with Parties-in-Interest

Certain plan investments in mutual funds were managed by Fidelity Management Trust Company, the trustee. Therefore, transactions therewith qualify as party-in-interest transactions.

7. Fair Value Measurements

Accounting Standard Codification (“ASC”) 820, “Fair Value Measurements”, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 30, 2016 and December 31, 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of the collective trust held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The common/collective trust fund seeks to preserve principal investment while earning a level of interest income over time that is consistent with the preservation of capital through typical investment in benefit responsive investment contracts issued by insurance companies, fixed-income securities and money market funds. Withdrawals made in order to accommodate participant-directed exchange to another investment option may be made on any business day, provided that the exchange is not directed into a competing fund. Amounts to be transferred into a competing fund are held for 90 days in a non-competing investment option before transfer is completed. As of December 30, 2016 and December 31, 2015, the Plan has no unfunded commitments related to this investment.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2015

		Level 1		Level 2		Total
Mutual funds	\$	59,573,895	\$	-	\$	59,573,895
Common/collective trust fund		-		11,529,089		11,529,089
Total assets at fair value	\$	59,573,895	\$	11,529,089	\$	71,102,984

8. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

<i>Years ended</i>	December 30, 2016	December 31, 2015
