Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Olney Bancshares, Inc. Employees 401(k) Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for our audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan at December 31, 2016, and Reliance Trust Company, the custodian of the Plan at December 31, 2015, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodians pursuant to 29 CFR 2520.103-5(c) is complete and accurate.

Notes to Financial Statements

December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of Olney Bancshares, Inc. Employees 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Olney Bancshares of Texas, Inc. (the Company) and its subsidiaries for the benefit of its employees who have completed at least six months of service and 1,000 hours of service and are 18 years of age. The entry dates to the Plan are January 1 and July 1 of the plan year. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Effective July 1, 2016, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, under the brand name Empower Retirement, serve as record keeper and custodian of the Plan. Through June 30, 2016, Massachusetts Mutual Life Insurance Company (MassMutual) and Reliance Trust Company served as record keeper and custodian, respectively.

Contribution

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to the maximum allowable contribution defined by the Internal Revenue Code (IRC). Employee rollovers are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Company contributions are discretionary as determined by the Company's Board of Directors. Employer contributions are based upon total compensation of all eligible participants that are employed at the end of the plan year. Contributions are subject to certain limitations. Forfeitures are used to reduce company contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. The vesting schedule is a graded six-year schedule, 20% after two years of vesting service and an additional 20% for each year thereafter. The nonvested balance is forfeited upon termination of service. Participants are 100% vested upon disability or death.

Payment of Benefits

Upon termination of service due to death, permanent disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or a joint and survivor annuity. Upon termination for any other reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions are allowed for participants reaching age 59½ or qualified hardship distributions.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $56,098 and $8,817, respectively. These accounts will be used to pay plan expenses and reduce future employer contributions to participants in the same manner as employer contributions. Also, in 2016 and 2015, employer contributions receivable were reduced by approximately $42,031 and $0, respectively, from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

The Plan's interest in the collective trust at December 31, 2015, is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date. There were no transfers between Level 1 and Level 2 investments for the years ended December 31, 2016 and 2015.

Note 3: Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan at December 31, 2016, and Reliance Trust Company, the custodian of the Plan at December 31, 2015, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits and related disclosures as of December 31, 2016 and 2015
- Investment income as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain plan investments are shares of mutual funds managed by subsidiaries of the Plan's record keepers. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Certain plan investments and investment contracts are managed by subsidiaries of the Plan's record keepers. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in interest and dividends in the accompanying statements of changes in net assets available for benefits.

Note 5: Plan Amendments

Effective July 1, 2016, the Plan was amended and restated and a new record keeper and custodian of the Plan was appointed. Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning June 28, 2016, and continued through July 21, 2016. During this period, funds could not be applied to the employee-selected funds with the Trustee or withdrawn from the Plan until the Trustee had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited and held in the equity fund until the completion of the black-out period. At the end of the black-out period, these funds were transferred to the new custodian and invested in funds as requested by each participant.

Effective September 8, 2015, the Plan was restated to include previous amendments which were not included in the previous restated plan document. This restatement was completed in connection with a Voluntary Correction Program and was considered to be retrospective.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2016				
Mutual funds	$ 17,261,436	$ 17,261,436	$ -	$ -
2015				
Mutual funds	$ 15,453,852	$ 15,453,852	$ -	$ -
Total assets in the fair value hierarchy	15,453,852	$ 15,453,852	$ -	$ -
Investments measured at NAV (A)	2,714,949			
Investments at fair value	$ 18,168,801			

(A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy, which included common collective trust funds. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2016 and 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. The Plan did not have any Level 2 or Level 3 investments for the years ended December 31, 2016 and 2015.

Investments Measured Using the NAV per Share Practical Expedient

Investments measured using the NAV per share practical expedient include the common collective trust fund with Invesco National Trust Company (Invesco). Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of December 31, 2016, there are no unfunded commitments.

NAV, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

There are no reserves against NAV for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a monthly or quarterly basis for resetting.

There are no limitations on redemptions; however, certain events limit the ability of the Plan to transact at NAV with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at NAV with participants, is probable.

The investment contract may be terminated by either party upon written notice.

Note 7: Investment Contract with Insurance Company

In 2016, the Plan entered into a fully benefit-responsive investment contract with Great-West Life & Insurance Company maintaining the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Great-West Life & Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 8: Rollover Contributions

During the year, the plan sponsor, through its bank subsidiary, engaged in multiple mergers and acquisitions. As a result of these acquisitions and mergers, plan participants were allowed the option to roll over their account balances; an aggregate of $2,223,511 was rolled into the Plan during the year ended December 31, 2015, and is included in rollovers on the accompanying statements of changes in net assets available for benefits.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10: Tax Status

The Plan operates under a nonstandardized profit-sharing plan sponsored by Great-West Life & Insurance Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes the Plan and related trust are currently designed and are being operated in compliance with the applicable requirements of the IRC.

Rounding	-	1
Net investment income per Form 5500	$ 1,052,704	$ 27,020

Note 12: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
