Notes to Financial Statements

December 31, 2016 and 2015

Plan Description

The following description of the Ohio Oncology & Hematology, LLC (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established effective January 1, 1989, for the benefit of all employees of the Company who have completed three months of service and are age 21 and older. The Plan was amended and restated effective January 1, 2015. See *Plan Amendment* footnote herein. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of eligible compensation, as defined in the plan agreement. Participants are also allowed to contribute a portion of annual compensation on an after tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan utilizes the safe-harbor method for employer matching contribution, contributing 3% of each eligible participant's eligible compensation during 2016 and 2015. The Plan also provides for discretionary profit sharing contributions by the Company. The Company made discretionary profit sharing contributions of \$881,420 and \$928,057 for the years ended December 31, 2016 and 2015, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's contribution and (ii) Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer safe-harbor matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portions of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2 or more	100%

Plan Description (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant's vested account balance shall be distributed as a lump sum amount or in periodic payments, subject to certain provisions.

Forfeitures

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$2,730 and \$1,026, respectively. These accounts will be used to pay for administrative expenses of the Plan or to offset employer contributions. In 2016 and 2015, forfeitures of \$4,220 and \$76,661 were used to reduce employer contributions, respectively.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by State Street Bank and Trust, the trustee of the Plan.

	2016	2015
Cash	\$ 4,354	\$ 5,301
Mutual Funds	<u>32,426,433</u>	<u>28,775,797</u>
Total	<u>\$ 32,430,787</u>	<u>\$ 28,781,098</u>

The trustee also certified to the completeness and accuracy of \$2,365,374 and \$ (447,455) of net appreciation (depreciation) in fair value of investments and \$463,669 and \$482,503 of dividend and interest income related to the aforementioned investments for the years ended December 31, 2016 and 2015, respectively.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets or liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds are considered Level 1 investments as of December 31, 2016 and 2015.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the trustee. State Street Bank and Trust is the trustee and Transamerica is the recordkeeper as defined by the plan agreement and, therefore, these transactions qualify as party-in-interest. During 2016 and 2015, the Plan paid \$39,149 and \$15,043, respectively, in recordkeeping fees to the Plan's recordkeeper.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Tax Status

The Company adopted a volume submitter profit sharing plan with Cash or Deferred Arrangements (CODA), which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The opinion letter stated that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax exempt. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe the Plan is still designed and being operated in compliance with the applicable requirements of IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Non-Exempt Prohibited Transactions

During 2016, the Company did not remit \$7,754 of participant contributions to the Plan in a timely manner, as defined by ERISA. During 2016, the Company self-corrected the late remittances and remitted lost earnings to the Plan. The late participant contributions are considered non-exempt and prohibited party-in-interest transactions.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2016 statement of net assets available for benefits.

Plan Amendment

Effective January 1, 2015, the Company amended and restated the plan document and a related plan, Mid-Ohio Oncology & Hematology, Inc. 401(k) Profit Sharing Plan and Trust, was merged into the Plan. Approximately \$20,414,000 was transferred in to the Plan during 2015 related to the plan merger.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
