The Company made a profit-sharing contribution to the Plan of \$515,000 for the 2016 Plan year.

The Company can also match participants' voluntary contributions at the discretion of the Company's Board of Directors. For the year ended December 31, 2016 the Company contributed 50 percent of the first six percent of compensation (as defined) that a participant contributed to the Plan. All employer contributions (profit-sharing and contribution matching) are invested for each participant in the same ratio as the participant has directed his own investments. Contribution decisions may be changed at any time by participants and are subject to certain limitations under the Internal Revenue Code (“IRC”).

3. *Participant Accounts* – Each participant's account is credited with his or her contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting* – Participants are vested immediately in their contributions and the Company's matching contribution plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in the Company's profit sharing contribution portion after six years of credited service. (0% end of year one, 20% end of year two, 40% end of year three, 60% end of year four, etc). Upon death, disability or retirement, all Company contributions allocated to a participant account vest 100%.
5. *Investment Options* – Upon enrollment in the Plan, a participant may direct his or her contributions in any of eighteen mutual funds and one stable value fund offered by the Custodian, Unified Trust Company. Participants may change their investment options at any time by directly contacting the Plan Custodian via the internet or telephone.

NOTE A. DESCRIPTION OF PLAN *(continued)*

6. *Loans and Withdrawals* – The Plan does not permit participant loans but does permit hardship withdrawals (as defined) from participants' contributions and earnings thereon.
7. *Payment of Benefits* – On termination of service, including death, disability or retirement (normal or early), a participant or the participant's beneficiary, as the case may be, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or roll-over the value of the participant's interest in his or her account.
8. *Forfeiture* – Forfeited amounts are reallocated to eligible participant accounts in the form of an additional profit sharing contribution. Forfeited balances as of December 31, 2016 and 2015 totaled \$49,612 and \$28,547, respectively, and are included in receivables at both year ends.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting* – The financial statements of the Plan are prepared using the accrual method of accounting.
2. *Estimates* – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
3. *Investment Valuation and Income Recognition* – Investments in the Plan's mutual funds are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of share held by the Plan at year end. The UTC Stable Value Trust is a fully benefit-responsive investment whose value is stated contract value.

The Plan purchases and sells securities (i.e., shares of mutual funds and the stable value fund) through the Custodian. The Custodian records purchases and sales of investments in the Plan's investment accounts daily, based on information and/or contributions received from Plan participants and/or the Plan Sponsor.

4. *Payment of Benefits* – Benefits paid to participants of the Plan are recorded by the Third Party Administrator or Recordkeeper when paid.
5. *Administrative Expense* – Administrative expenses of the Plan are paid by the Plan or the Company as provided in the Plan document.
6. *Uncertain Tax Positions* – The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2015, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months.
7. *New Accounting Standards* – In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and to provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies disclosures of the level of disaggregation of investments that are measured at fair value. Plans are required to continue

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks for disclosure purposes. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively to all periods presented. Management elected to adopt Parts I and II for the year ended December 31, 2015.

NOTE C. RECORDKEEPING AND PARTICIPANT ACCOUNTS

The Plan Sponsor engaged Unified Trust Company, Inc. as and “Custodian” of the Plan and engaged National Retirement Services, Inc. as “Recordkeeper” of the Plan’s assets and transactions of the Plan. As such, the Recordkeeper maintains all financial information regarding the Plan and participant accounts. All Plan earnings, contributions and deductions are posted to the Plan’s records, including participant records, by the Recordkeeper.

The Recordkeeper provides information to the Plan participants regarding transactions and balances in their accounts quarterly. The information is in printed form but also is available at any time to the participants via internet or telephone. The Recordkeeper posts participant and Company contributions to a participant’s account based on information received from the Company. The allocation of the contributions to the appropriate investment options, or transfers of investment amounts is participant directed and can be initiated directly with the Custodian via internet or telephone access.

Plan withdrawals are initiated through the Plan Administrator, located at the Plan Sponsor, but benefit payments are made to the participants by the Custodian. The Plan Administrator also notifies the Custodian of deaths, disabilities, retirements or terminations of participants. The Custodian initiates any transactions with respect to these notifications directly with the participant or the participant’s beneficiary, as applicable.

NOTE E. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Unified Trust Company, N.A. Stable Value Group Trust, which is a collective investment trust holding a fully benefit-responsive group annuity contract with the Metropolitan Life Insurance Company (“MetLife”). MetLife maintains the contributions in a MetLife separate account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

MetLife is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will reflect the performance of the underlying portfolio.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by UTC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s (MetLife) ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE F. FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE F. FAIR VALUE MEASUREMENTS *(continued)*

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate, and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

<u>Investment Category</u>	<u>Fair Value</u>	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>
Interest bearing cash	\$ 515,000	\$ 515,000	\$ -	\$ -
Mutual funds	<u>12,839,832</u>	<u>12,839,832</u>	<u>-</u>	<u>-</u>
Total, at fair value	<u>\$ 13,354,832</u>	<u>\$ 13,354,832</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

<u>Investment Category</u>	<u>Fair Value</u>	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>

Total	<u>\$ 12,045,206</u>	<u>\$ 12,045,206</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions credited to their accounts.

NOTE H. RELATED PARTY TRANSACTIONS

The Company provides certain administrative support to the Plan, including the funding of audit services for the Plan. The Company does not believe the costs of such services are significant.

NOTE I. TAX STATUS

The Plan is based on a standardized, prototype plan offered by the Custodian. The prototype plan obtained its determination letter from the Internal Revenue Service on March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC, based on reliance of the Custodian regarding the prototype plan.
