FORI AUTOMATION, INC. PROFIT SHARING TRUST & 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Fori Automation, Inc. Profit Sharing Trust & 401(k) Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan that provides for employee contributions under Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all employees of Fori Automation, Inc. and Global Engineering, Inc. (Company). Its provisions are governed by the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: With respect to employee elective deferrals and profit sharing contributions, employees who have attained 3 months of service are eligible for plan entry if they have reached 21 years of age. With respect to employer matching contributions, employees are eligible when they have completed one year of service of at least 1,000 hours and reached 21 years of age.

Contributions: A participant can make voluntary salary or wage deferral contributions up to 60% of his or her pretax compensation, as defined by the Plan. In addition, the Company may make discretionary contributions based on a percentage, to be determined annually by the Company's Board of Directors, of the employees' deferral contributions to the Plan. Employer matching contributions for the year ended December 31, 2016 were \$259,008. The Plan also allows for a discretionary profit-sharing contribution. For the year ended December 31, 2016, there was no discretionary profit sharing contribution.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the applicable Company's contribution, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. The Company's contributions are allocated based on deferral amounts and compensation as computed according to the Plan document. Plan earnings or losses are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant automatically becomes 100% vested in his or her respective Company contributed account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting on discretionary employer contributions are vested according to the following schedule:

<u>Years of Service</u>	<u>Vest %</u>
Less than 2 years	0%
2	20
3	40
4	60
5	80
6	100

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions or administrative expenses of the Plan.

FORI AUTOMATION, INC. PROFIT SHARING TRUST & 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$1,000 are automatically distributed to participants. Participants may elect to receive their vested account balances as a single lump sum payment or installment payments. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

Administrative and Investment Management Expenses: Administrative expenses consist of loan initiation and maintenance fees, short-term redemption fees applicable to certain funds, audit fees and certain fees related to the overall operation of the Plan. Fees are either charged to the specific accounts of the participants who incurred these charges or deducted from the Plan's forfeiture account.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their account balances.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through July 25, 2017, which is the date financial statements were available to be issued and has determined that there are no subsequent events to disclose.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value (See Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are included in benefits paid to participants in the Plan year in which the excess deferrals were made to the Plan.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS – UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2016, Using				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 16,616,274	\$ 16,616,274	\$ -	\$ -
Total	\$ 16,616,274	\$ 16,616,274	\$ -	\$ -

NOTE 5 - PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the plan, the employer, and certain others. Investment management fees are paid for by the Plan to investment managers who qualify as parties-in-interest. These investment management fees are reflected in the financial statements as a reduction of the return on the Plan's investments. Certain investments in mutual funds are party-in-interest investments. These investments are issued or managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company, trustee of the Plan. Notes receivable from participants also reflect party-in-interest transactions. As of December 31, 2016 and 2015, \$15,532,279 and \$14,652,019, respectively, of Plan mutual funds and \$236,433 and \$214,320, respectively of notes receivable from participants were managed by Fidelity Management Trust Company or Fidelity Investments. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the plan.

NOTE 6 - TAX STATUS

The Company has adopted a prototype plan document sponsored by Fidelity Management & Research Company. The Internal Revenue Service has informed the prototype sponsor with an opinion letter dated March 31, 2014, that the prototype plan satisfies the applicable provisions of the Internal Revenue Code to be tax-exempt. Although the Plan has since been amended from the original prototype document, plan management believes that the Plan is being operated in accordance with the Internal Revenue Code.
