Retirement and Profit Sharing Plan**

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the CompuNet Clinical Laboratories Retirement and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provision.

General: The Plan is a defined contribution plan covering substantially all salaried and hourly wage earning employees of CompuNet Clinical Laboratories, LLC (the Company, Employer or Plan sponsor) who have completed 1,000 hours of service per calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Contributions made to the Plan are comprised of participant and Employer contributions. Participants may direct that up to 60% of the pretax compensation be deducted and contributed to the Plan up to the annual dollar limit set by the Internal Revenue Service (IRS). Per an amendment to the Plan effective January 1, 2002, participants may also contribute amounts representing distributions from other qualified plans. The Company will match up to the first 6% of employee compensation contributed to the Plan at a 50% rate. In addition, the Company makes a 1% mandatory contribution and may make an additional discretionary contribution based upon total annual employee compensation, not to exceed 25% to all participants employed on the last day of the Plan year. The Company elected not to make an additional discretionary contribution during 2016.

There is a limit placed on the percent of compensation deferred by those participants who are defined by the Plan as Highly Compensated Employees. The Company compares the deferral percentage against several tests as prescribed by law. If the tests are not met, the Company reduces the contribution percentage of the group comprising the Highly Compensated Employees until the tests are met. If, at the end of the year, the tests are still not met, the Company returns the excess contribution to the participant so as to meet the tests. For the years ended December 31, 2016 and 2015, the Company recorded a liability of \$1,765 and \$1,265, respectively, related to the expected return of excess contributions.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's contributions, if any and actual earnings. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited accounts: Participants who terminate employment prior to being fully vested in Company's contributions forfeit nonvested amounts. At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$166 and \$2,275, respectively. These accounts are used to reduce future Employer contributions. In 2016, Employer contributions were reduced by \$13,300 from forfeited nonvested accounts.

Notes receivable from participants: Participants may borrow from their vested accounts. Loans must be a minimum of \$1,000 and may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance. Loan terms range from 1 - 5 years or up to 10 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined semiannually by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on participant loans ranged from 4.25% to 4.50% as of December 31, 2016 (4.25% as of December 31, 2015).

Retirement and Profit Sharing Plan**

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions plus actual earnings thereon become vested to the participant according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year but less than 2 years	25%
2 years but less than 3 years	50%
3 years but less than 4 years	75%
4 years or more	100%

Administrative expense: Unless paid by the Employer, all reasonable costs and expenses including legal, accounting and employee communication fees incurred administering the Plan and Trust may be paid from the forfeitures or from the remaining Trust Fund. All such costs and expenses paid from the Trust Fund, unless allocable to the accounts of particular participants, are charged against the accounts of all participants. However, the Company pays substantially all administrative expenses of the Plan. The Plan is not charged for administrative services performed by employees of the Plan sponsor.

Payment of benefits: The Plan generally provides that upon retirement, death, disability, or termination, participants are entitled to receive the vested value of their account in a lump sum payment. The benefit to which participants are entitled is the benefit that can be provided from the vested value of the participant's account.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Contributions: Participant contributions are recognized when withheld. Employer matching contributions are recognized concurrently with participant contributions. Employer discretionary contributions are recognized on an annual basis.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the Plan's administrative expenses are paid by the Company.

Investment valuation and income recognition: The Plan's participant directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The change in the difference between market value and cost of investments is reflected as net appreciation/depreciation in the fair value of investments in the periods in which such changes occur. Capital gain distributions are included in dividend income.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. There were no delinquent loans as of December 31, 2016.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through July 12, 2017 the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule, as of December 31, 2016 and 2015 and for the year ended December 31, 2016 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 8 and the supplemental schedule related to the Plan's assets.

Fidelity Management Trust Company also certified to the completeness and accuracy of \$850,861 of net appreciation in fair value of investments, \$1,207,553 of dividends related to investments and \$7,871 of interest income from notes receivable from participants for the year ended December 31, 2016.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5. Income Tax Status

The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2008, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2007-6 and 2005-16, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The Plan was organized as a nonstandardized prototype plan and received an opinion letter from the IRS dated October 9, 2003, stating that the form of the Plan was qualified under Section 401 of the Internal Revenue Code and therefore, the related trust was tax exempt. The Plan was amended during 2009 to comply with IRS regulations and submitted as a volume submitter by Fidelity Management Trust Company on behalf of the Plan. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**CompuNet Clinical Laboratories
Retirement and Profit Sharing Plan**

Notes to Financial Statements

Note 5. Income Tax Status (Continued)

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2013.

Note 6. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risk such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Transactions with Parties in Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Management Trust Company for recordkeeping services amounted to \$2,202 for the year ended December 31, 2016.

Note 8. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Retirement and Profit Sharing Plan**

Notes to Financial Statements

Note 8. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1, 2 or 3.

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's assets at fair value on a recurring basis at December 31, 2016 and 2015:

		2016			
		Total	Level 1	Level 2	Level 3
Mutual funds		\$ 31,049,408	\$ 31,049,408	\$ -	\$ -
Investments measured at fair value		31,049,408			
Investments measured at NAV ^(a)		2,418,203			
Total investments, at fair value		<u>\$ 33,467,611</u>			
		2015			
		Total	Level 1	Level 2	Level 3
Mutual funds		\$ 31,008,694	\$ 31,008,694	\$ -	\$ -
Investments measured at fair value		31,008,694			
Investments measured at NAV ^(a)		2,346,626			
Total investments, at fair value		<u>\$ 33,355,320</u>			

^(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 8. Fair Value Measurements (Continued)

Below is a summary of the Plan's investments at December 31, 2016 and 2015, where fair value is estimated based on the NAV:

Investment	2016 Fair Value ^(a)	2015 Fair Value ^(a)	Unfunded Commitment	Redemption Frequency	Redemption Restrictions	Redemption Notice Period
Common collective trust fund ^(b)	<u>\$ 2,418,203</u>	<u>\$ 2,346,626</u>	None	Same day	None	None

^(a) The fair values of the investments have been estimated using the net asset value of the investment.

^(b) Common collective trust fund strategy seeks to invest in fixed-income securities and/or bonds to maintain a net asset value of \$1 per unit.
