INDEPENDENT AUDITORS' REPORT

July 25, 2017

The Plan Trustees
The Maval Manufacturing Company 401(k) Plan
Twinsburg, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Maval Manufacturing Company 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by the Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the years ended December 31, 2016 and 2015 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at year-end) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

THE MAVAL MANUFACTURING COMPANY 401(k) PLAN

Notes To Financial Statements

December 31, 2016 and 2015

Note 1 - Plan Description

The following description of The Maval Manufacturing Company 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

The Plan covers substantially all eligible employees of RII Acquisition Company, formerly Maval Manufacturing, Inc. ("the Company") who are age 18 or older and have completed six months of service. The Company serves as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2015, the Plan was frozen as to new participants.

Contributions

Prior to the amendment to freeze the plan, each participant could contribute a portion of his / her earnings to a separate account. A participant was also permitted to contribute amounts representing distributions from other qualified plans. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions.

Effective December 31, 2015, the Plan was frozen to no longer allow participant contributions.

Participant Accounts

Each participant's account was credited with the participant's contributions, the company match, and Plan earnings based on the selected investments. Participant accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants directed the investment of contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, matching contributions, and the actual earnings thereon.

Note 1 - Plan Description (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their total vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at a reasonable rate commensurate with the prevailing interest rate charged on similar commercial loans under like circumstances. Loans are repaid over a reasonable period of time with the maximum loan term granted based on the amount borrowed. The repayment period may not exceed five years, unless the loan is secured to purchase the primary residence of the participant.

Payment of Benefits

Benefit payments to participants are made payable in the event of retirement, death, disability, or termination of employment. A withdrawal of all or part of a participant's vested account may be made after a participant attains age 59 ½, or experiences a financial hardship. Payments may be made in a joint and survivor annuity, or in another form, as specified in the Plan.

Other

In the event of termination, the net assets of the Plan would be allocated in accordance with the provisions of the Plan, and within the manner described by ERISA.

Amendments

Effective December 31, 2015, the Plan was amended to freeze the Plan so that no further employees may begin participating, and no deferrals may be made into the plan for compensation paid after December 31, 2015.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Certain administrative costs incurred maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan provides the various investment options in any combination of pooled separate accounts and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits, and the statements of changes in net assets available for benefits.

Note 3 - Related Party and Party in Interest Transactions

Principal Life Insurance Company (the custodian) has physical and administrative control of certain Plan assets, and is responsible for the safekeeping of the Plan's assets, investments of funds, and other transactions as directed by the plan administrator or participants. The Plan assets are invested in pooled separate accounts, a common / collective trust, and a guaranteed interest account offered by the Principal Life Insurance Company, as directed by plan participants. Administrative expenses paid by the Plan to the Principal Life Insurance Company totaled \$1,829.

Note 4 - Investments

The Plan's investments are held in trust by the Plan's trustee. The following tables present those investments.

	<u>2016</u>	<u>2015</u>
Investments at Fair Value		
Principal Life Insurance Company		
Insurance company general account:		
Guaranteed Interest	\$ 50,145	\$ 80,134
Pooled separate accounts:	3,377,694	3,564,648
Union Bond & Trust Company		
Common / collective trust:		
Stable Value Fund	896,620	596,950
Registered Investment Companies	<u>93,575</u>	<u>95,951</u>
Total investments	<u>\$ 4,418,034</u>	<u>\$ 4,337,683</u>

During 2016, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in value by \$242,075.

Note 5 - Tax Status

The Internal Revenue Service (IRS) has determined that the volume submitter profit sharing plan with CODA and the related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC), and therefore, is not subject to tax under present income tax law by a letter dated March 31, 2014. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for periods prior to 2013.

Note 6 - Certified Information

Principal Life Insurance Company, the custodian of the Plan, holds the Plan's investment assets and executes transactions thereon. Financial information relating to those assets, which comprise all of the Plan's assets, is included in the accompanying financial statements based on information provided by the custodian.

Note 6 - Certified Information (Continued)

Note 7 - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 7 - Fair Value Measurement (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Plan assets are represented by a unit of account and a per unit value whose value is the result of the accumulated values of the underlying investments. While each underlying asset is valued at the closing price reported on the active market on which the individual security is traded, the net asset value of the pooled separate account is not publicly traded.

Investment contract with insurance company: Fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination of employment, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

Stable value common / collective trusts: A stable value fund that is composed primarily of fully benefit-responsive investment contracts, and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification.

Registered investment companies: Valued at quoted market price available on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7 - Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
Description	(Level 1)	(Level 2)	(Level 3)	Total
