NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

A. Description of Plan

The following description of the Karmak, Inc. ("Company") 401(k) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan covering all employees of the Company who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. **Contributions.** Each year, participants may contribute up to 100% annual compensation, subject to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. The Company makes a matching contribution to the Plan of 25% of participant elective contributions up to 8% of participant annual compensation or 2% of gross compensation if the participant elects to contribute more than 8%, subject to certain IRS limitations. Additional amounts may be contributed at the discretion of the Company's board of directors. All employer contributions are self directed by the participants and allocated according to their elections.

3. **Participant Accounts.** Each participant's account is credited with the participant's contributions, Company matching contributions and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting.** Participants are immediately vested in all of their accounts in the Plan.

5. **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate between 3.25% and 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

A. Description of the Plan (continued)

6. **Payment of Benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's account, installments over a period not more than the participant's assumed life expectancy, or partial withdrawals of any portion of the participant's vested balance. For termination of service due to other reasons, a participant may receive the value in his or her account in a lump sum distribution, rollover distribution, installment distributions or partial withdrawals of the participant balance.

B. Summary of Significant Accounting Policies

Newly Adopted Accounting Standards
In May 2015, the Financial Accounting Standards Board (FASB) issued an accounting standard update that removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Instead, the amounts measured using the net asset value per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits (Note C).

In July 2015, the FASB issued an accounting standard update that provides changes or simplifications to employee benefit plan accounting. The amendments in Part I clarify that common/collective trusts are not investment contracts and should not be measured as fully benefit-responsive investment contracts. The amendments in Part II require that all investments be disaggregated based only on general type, eliminating the need to disaggregate the investments in multiple ways. In addition, it eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. Part III is not applicable to the Plan.

The Plan adopted these accounting standard updates for the year ended December 31, 2015. The Plan adopted Part I and II on a retrospective basis during 2015.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Summary of Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and trust company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date. Interest income is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other day-to-day expenses of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

B. Summary of Significant Accounting Policies (continued)

Subsequent Events
The Plan has evaluated subsequent events through July 7, 2017, the date the financial statements were available to be issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

C. Fair Value Measurements (continued)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are traded on national securities exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: A stable value fund that invests in fully benefit-responsive investment contracts and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 24 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016 and 2015			
	Level 1	Level 2	Level 3	Total
2016				
Mutual Funds	$14,603,316	None	None	$14,603,316
Investments Measured at Net Asset Value Stable Value CCT[1]				975,736

Mutual Funds	$13,033,114	None	None	$13,033,114
Investments Measured at Net Asset Value Stable Value CCT[1]				274,168
Investments at Fair Value				13,307,282

C. Fair Value Measurements (continued)

[1]Certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. The redemption notice period is applicable only to the Plan; however, participant redemptions are restricted from being transferred to a competing investment option until they have been invested in a non-competing investment option for at least 90 days.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible	Redemption Notice Period
Stable Value Collective Trust Fund	$975,736	n/a	Daily	24 months

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible	Redemption Notice Period
Stable Value Collective Trust Fund	$274,168	n/a	Daily	24 months

D. Information Prepared and Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company for January 1, 2016 through December 31, 2016 (the trustee of the Plan). The certified information includes investments and notes receivable from participants held at December 31, 2016 and 2015 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016.

E. Party-in-Interest Transactions

The Plan invests in various mutual funds offered by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

F. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Changes in the Plan

Effective June 15, 2016, the Plan was amended to allow Roth 401(k) contributions and accept rollovers of designated Roth contributions.

I. Changes in the Plan (continued)

Effective October 10, 2016, the Plan was amended to include service with the predecessor employer, ABMC, Inc., DBA Adam Systems, for purposes of eligibility and vesting.

There were no amendments made to the Plan for the year ended December 31, 2015.

J. Change in Payroll Providers

Karmak changed its payroll provider from The Payroll Company to Paylocity in October 2015.

K. Excess Participant Contributions Payable

The Plan failed the Actual Deferral Percentage (ADP) Test for the 2016 and 2015 plan years. Excess contributions amounting to $6,689 and $4,305 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant contributions for the year. The Plan distributed the 2016 excess contributions to the applicable participants on March 24, 2017 and the 2015 excess contributions to the applicable participants on February 26, 2016.

L. Self-Correction Program

The Plan Sponsor intends to correct a limited number of isolated operational errors related to employee deferrals, as discussed below, under the IRS's Employee Plans Compliance Resolution System using the Self-Correction Program.

The Plan Sponsor discovered contributions were not calculated on floating holiday pay for hourly employees during 2016. The Plan calculated corrective deferral contributions due to these participants as $73 and corrective match contributions due to these participants as $72. It recorded these amounts as other employer contributions and a corresponding receivable. The Plan will correct the participants' contributions, including missed earnings, using the IRS Employee Plans Compliance Resolution System in 2017.

Additionally, the Plan Sponsor discovered contributions were not calculated on additional checks (bonus, travel, etc.) for participants who elected the Roth option in 2016. The Plan calculated corrective deferral contributions due to these participants as $686 and corrective match contributions due to these participants as $599. It recorded these amounts as other employer contributions and a corresponding receivable. The Plan will correct the participants' contributions, including missed earnings, using the IRS Employee Plans Compliance Resolution System in 2017.

L. Self-Correction Program (continued)

The Plan has also recognized a payable in the amount of $291 relating to one participant who was allowed to contribute certain compensation that did not meet the Plan's definition of *eligible compensation* due to a payroll processing error in 2016. The Plan will refund this contribution, plus earnings, in 2017.

In 2016, the Plan Sponsor discovered Paylocity did not calculate contributions on unused personal days at termination in 2015. The Plan calculated corrective deferral contributions due to these participants as $29 and corrective match contributions due to these participants as $14. It recorded these amounts as other employer contributions and a corresponding receivable. The Plan will correct the participants' contributions, including missed earnings, using the IRS Employee Plans Compliance Resolution System in 2017.

M. Untimely Participant Contribution Remittances

During 2016, the Plan Sponsor failed to remit participant contributions in a timely manner. It identified two instances, for a total of $69,611, including loans, in which participant contributions were remitted to the Plan in violation of the Department of Labor (DOL) regulations. During the year the Company changed its benefit plan process to increase its payroll provider's communication with its recordkeeper. Both instances occurred during this transition period and were corrected within days. The Plan Sponsor will calculate the amount of corrective lost earnings payments due to the Plan and fund it to the Plan in 2017.

There were no untimely contributions during 2015.
