COLLISION CARE OF KINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN

The following description of Collision Care of Kings, Inc. (the "Company") 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older and have completed one year of eligible service. Employees are eligible to receive employer matching contributions upon completion of one year of eligible service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Directors and Plan Administrator oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Contributions

Each year, participants may contribute up to the maximum amount allowable by the Internal Revenue Code of their compensation through a before-tax elective deferral (salary deferral contribution), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Company may make a discretionary matching contribution equal to a uniform percentage of the participant's salary deferral contributions. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a guaranteed investment contract and a number of variable investment options through pooled separate accounts.

Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. There were no profit sharing contributions to the Plan for the years ended December 31, 2016 and 2015. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and an allocation of the Company's contributions and plan earnings (losses). Participant accounts are charged with an allocation of any administrative expense paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

COLLISION CARE OF KINGS

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS **DECEMBER 31, 2016 AND 2015**

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions, including earnings thereon, vest fully at the end of six years or upon earlier termination of employment due to death or permanent disability, with partial vesting as follows:

Years of Service

Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more	100%

Upon termination of employment and distribution of participant's entire vested account balance for any reason other than death or permanent disability, the Company's discretionary contributions on their behalf, not then vested, are transferred to a forfeiture account. A forfeiture occurs in a plan year which a one-year "break in service" occurs. If the participant is reemployed within a five-year period, or before five consecutive "break in service" years, all or part of their forfeited nonvested account is restored through current year forfeitures and an employer discretionary contribution, if necessary.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% - 4.50%. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant receives a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Forfeited Amounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$8,520 and \$7,274, respectively. These accounts will be used first to reduce future administrative expenses and any excess is applied to future employer contributions. In 2016 and 2015, \$51 and \$43, respectively, of forfeitures were used to reduce administrative expenses.

COLLISION CARE OF KINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan were required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considered the participant loan to be in default, the loan balance are reduced, and the delinquent participant note receivable are recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determined the Plan's investment policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

COLLISION CARE OF KINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

As provided in the Plan document, administrative expenses were paid by both the Plan and by the Company. Expenses paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the Statements of Changes in Net Assets Available for Benefits.

Subsequent Events

Subsequent events have been evaluated through July 3, 2017, which is the date the financial statements were available for issuance.

3. CERTIFICATION OF PLAN TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln National Life Insurance Company ("Lincoln"), the trustee of the Plan, certified the following information included in the financial statements and accompanying supplemental schedules is complete and accurate:

- Investment value as reported in the Statements of Net Assets Available for Benefits and related disclosures as of December 31, 2016 and 2015;
- Investment income (loss) as reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2016 and 2015; and
- Investment information included in the accompanying Schedule of Assets (Held at Year End) as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820 ("ASC 820"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2

Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3

Unobservable inputs reflecting the entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value as of December 31, 2016 and 2015. There has been no change in methodology used at December 31, 2016 and 2015.

Pooled Separate Accounts: The Plan's pooled separate accounts include mutual funds held by Lincoln and are reported as investments at fair value on the Statements of Net Assets Available for Benefits. The funds are valued at their net asset value (NAV) based on the number of units held by the Plan at year end. Pooled separate accounts do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

COLLISION CARE OF KINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

The Plan's pooled separate accounts of \$3,643,414 and \$3,544,143 as of December 31, 2016 and 2015, respectively, are measured at fair value by Level 2 input criteria on a recurring basis.

Gains and losses on investments at fair value are included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2016 and 2015 reported as net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1, 2, and 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

5. GUARANTEED INVESTMENT CONTRACT WITH AN INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Lincoln. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earning, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk or the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 and 2015, was \$204,619 and \$236,085, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but it may not be less than 3.11%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (e) premature termination of the contract. The plan administrator believes that no events are probable of occurring that would limit the Plan's ability to transact at contract value with participants except those related to plan termination (Note 7).

COLLISION CARE OF KINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. PARTIES IN INTEREST TRANSACTIONS

Party in interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee associations, or relatives of such persons.

Certain plan investments are shares of separate pooled accounts managed by Lincoln. Lincoln is the trustee, as defined by the plan, and qualifies as a party in interest.

Fees for advisory services performed by Lincoln are included in the Plan's administrative expenses in the amount of \$25,387 and \$22,210 for the years ended December 31, 2016 and 2015, respectively. Alerding CPA Group is the Plan's independent auditor and receives payment from the employer for those services. The Company provided certain accounting, record keeping, and administrative services to the Plan for which it receives no compensation.

Notes receivable from participants are managed by Lincoln, the trustee, and therefore, these transactions qualify as party in interest transactions. Total notes receivable from participants were \$54,568 and \$41,780 as of December 31, 2016 and 2015, respectively.

7. PLAN TERMINATION

Effective September 30, 2016, the Plan Trustees voted to terminate the Plan due to the sale of the Company. Affected participants who were actively employed by the Company at the time of termination were fully vested for amounts credited to their accounts on the termination date. As of the issuance of this report, the net assets of the trust are in the process of being allocated among the participants and beneficiaries of the Plan in the order provided for in the Plan text and regulations.

8. TAX STATUS

The Plan is based on a prototype plan which has received a favorable opinion letter from the Internal Revenue Service that the prototype plan is designed to qualify as being exempt from Federal income taxes. The plan administrator has not separately applied for a determination letter from the Internal Revenue Service. However, the plan administrator believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

COLLISION CARE OF KINGS

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and had concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. NONEXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$13,685 and \$37,395 were not remitted within the required time period for the years ended December 31, 2016 and 2015, respectively. These contributions were remitted in subsequent periods during the respective plan years.
