NOTE 1. DESCRIPTION OF PLAN

The following description of the Darvin Furniture Employees' 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Darvin Furniture & Appliances of Orland Park, Inc. ("Company") who have completed 90 days of service, except for union employees and seasonal employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's fiduciaries oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Company may make a matching contribution on behalf of all active and terminated participants in an amount equal to a discretionary percentage of the deferral contributions made by each participant during a quarterly calculation period. The Company may also make discretionary profit sharing contributions on behalf of participants who have completed more than 1,000 hours of service and who are employed on the last day of the Plan year. For the year ended December 31, 2016, the Company made $85,474 in matching contributions and no profit sharing contributions.

The Plan currently offers various mutual funds and a common trust stable value fund as investment options for participants. The investment of participant, matching and profit sharing contributions into these investment options is determined by each participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing portions of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

As is more completely described in the Plan document, a participant also becomes 100% vested in the Company's matching and profit sharing portions of their account through attaining their normal retirement date, permanent disability or death.

Notes Receivable from Participants

Participant loans are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the Plan document. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan provides for hardship withdrawals from a participant's contribution account. The IRS safe harbor definition of hardship will apply.

The Plan also provides for in-service distributions from participant's accounts in which the participant is 100% vested. The participant must have attained the age of 60.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $4,378 and $2,490, respectively. These accounts are used first to reduce administrative expenses of the Plan and then to reduce future employer contributions. For the year ended December 31, 2016, administrative expenses of $3,517 were paid from forfeited nonvested accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

The Plan has evaluated subsequent events through July 21, 2017, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncements

In May, 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* The ASU exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The guidance is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. Management has elected to early adopt the new standard. Accordingly, the standard was retrospectively applied resulting in certain investments that are measured at NAV not being categorized in the fair value hierarchy. The prior period financial statements have been adjusted to retroactively reflect this change as of December 31, 2015.

In July, 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962).* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively.

Management has adopted Part I - *Fully Benefit-Responsive Investment Contracts* and Part II - *Plan Investment Disclosures.* Accordingly, the standards were retrospectively applied resulting in the elimination of the adjustment from fair value to contract value for fully benefit-responsive contracts, the disaggregation of investments only by general type, as well as the removal of certain investment disclosures that are no longer required under Part II. The prior period financial statements have been adjusted to retroactively reflect these changes as of December 31, 2015. Part III is not applicable to this Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's fiduciaries determine the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative expenses may be paid with funds from forfeited nonvested accounts.

NOTE 3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Assets measured at fair value for the Plan are as follows:

Mutual Funds

The fair value of mutual funds is based on quoted net asset values ("NAV") of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Common Trust Stable Value Fund

The fair value of the common trust stable value fund is valued using the NAV, as provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (including guaranteed investment contracts issued by insurance companies, synthetic wrap contracts, and cash and cash equivalents), less its liabilities. The common trust stable value fund had no unfunded commitments as of December 31, 2016, and can be redeemed daily with no redemption price notice period or other redemption restrictions.

The following table presents the Plan's investments at fair value at December 31, 2016 and 2015.

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2016:				
Mutual funds	$ 7,195,996	$ 7,195,996	$ -	$ -
Total assets in fair value hierarchy	7,195,996	$ 7,195,996	$ -	$ -
Common trust stable value fund (a)	2,996,048			
Investments at fair value	$ 10,192,044			
December 31, 2015:				
Mutual funds	$ 6,511,974	$ 6,511,974	$ -	$ -
Total assets in fair value hierarchy	6,511,974	$ 6,511,974	$ -	$ -
Common trust stable value fund (a)	2,882,353			
Investments at fair value	$ 9,394,327			

(a) The Reliance Trust Company Stable Value Fund - MetLife Series 25157 (Class 35) ("Reliance/MetLife Stable Value Fund"), a common trust stable value fund is measured at fair value using NAV and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to reconcile the fair value hierarchy table to the amounts presented in the statements of net assets available for benefits.

The Plan applied the practical expedient as of December 31, 2016 and 2015 to its investment in the Reliance/MetLife Stable Value Fund which has an objective of a reasonable level of income together with the stability of principal. The Reliance/MetLife Stable Value Fund invests entirely in the MetLife Group Annuity Contract 25157, which consists of separately managed investment portfolios directed by Reliance Trust Company.

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2016, are reported in net appreciation in fair value of investments.

NOTE 4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

Schedule H, Line 4i - Schedule of Assets (Held at End of Year)

NOTE 5. COMMON TRUST STABLE VALUE FUND

The Plan holds an investment in the Reliance/MetLife Stable Value Fund, a common trust stable value fund managed by Reliance Trust Company ("Reliance"). The investment in the Reliance/MetLife Stable Value Fund is presented at fair value, which reflects NAV of the fund. The NAV is based on the fair value of the underlying securities, plus the contract value of the fully benefit-responsive wrapper contract. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund.

The Reliance/MetLife Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and is not permitted to terminate the agreement prior to the scheduled maturity date.

The Reliance/MetLife Stable Value Fund's NAV represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

Certain events would limit the Plan's ability to transact at contract value with Reliance. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the common trust stable value fund issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in shares of mutual funds of American Funds, which is affiliated with Capital Bank and Trust Company ("CBTC"). CBTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company's matching and profit sharing portions of their account.

NOTE 8. TAX STATUS

The Plan as adopted is a volume submitter profit sharing plan sponsored by HPL&S Inc. The sponsoring organization has received a determination letter, dated March 31, 2014, covering the volume submitter plan. A separate determination letter providing that the Darvin Furniture Employees' 401(k) Profit Sharing Plan, as adopted, and the related trust are designed in accordance with applicable sections of the Internal Revenue Code has not been sought from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Form 5500.
