Pike, Pike LTD, SSNY and LCS made a discretionary profit-sharing contribution of $541,231 for the year ended December 31, 2016. Pike, Pike LTD and SSNY made a discretionary profit-sharing contribution of $370,379 for the year ended December 31, 2015. 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, employer matching contributions and actual earnings/losses thereon. Profit-sharing contributions, investment income and losses and plan expenses are allocated to each participant's account based on compensation or account balances.

Vesting
Participants are immediately vested in their contributions, employer matching contributions and actual earnings thereon. Discretionary profit-sharing contributions and earnings/losses thereon vest 20% per year commencing with the second year of service.

Benefit Payments
Upon termination due to retirement, death, resignation or permanent and total disability, the value of the participant's account may be paid in a lump sum or rolled over to another qualified plan. The normal retirement date for participants is age 65, although the Plan allows early retirement for participants who have attained age 55. In-service distributions of fully vested accounts may be made to participants who have not separated from service provided the participant has attained age 59 ½. Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. Loan terms range from one to five years, but are extended if the proceeds are used for the purchase of a principal residence. The loans are secured by the participant's account and bear interest at the prime rate plus 2% per annum.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from fully-vested accounts.

Forfeitures
At December 31, 2016 and 2015, forfeited non-vested accounts totaled $7,416 and $1,438, respectively. Forfeitures of non-vested account balances are to be used to first pay Plan administrative expenses and then reduce any employer contributions. Forfeitures generated during 2016 and 2015 totaled $27,477 and $21,600, respectively.

Plan Termination
Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Change in Accounting Principle

In July 2015, the FASB issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient." Part I eliminates the requirements to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general investment type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will disaggregate investments that are measured using fair value by general investment type; however, plans are no longer required to disaggregate investments by nature, characteristics, and risks. Part III is not applicable to the Plan. The ASU is effective for years beginning after December 15, 2015. In 2016, Management implemented Parts I and II, with retrospective application to 2015 reported amounts.

In May 2015, the FASB issued ASU 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)," which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. In 2016, Management has implemented ASU 2015-07, with retrospective application to 2015 reported amounts.

Investments and Income Recognition

The Plan's investments are stated at fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Fair Value Measurement - Definition and Hierarchy

Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of the Plan's investments within the hierarchy is provided in Note 4.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by the trustee of the Plan's assets:

	2016	2015
Investments, at fair value	$ 37,226,345	$ 34,573,363
Investment income (loss)	$ 3,026,627	$ (123,725)
Schedule of assets (held at year end)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31:

	Level 1	Level 2	Level 3	Total
2016:				
Mutual funds	$ 31,192,333	$ -	$ -	$ 31,192,333
Investments, at net asset value				6,034,012
Total investments				$ 37,226,345
2015:				
Mutual funds	$ 28,855,413	$ -	$ -	$ 28,855,413
Investments, at net asset value				5,717,950
Total investments				$ 34,573,363

In 2016, the Plan adopted Accounting Standards Update (ASU) 2015-07, which removed the requirements to categorize investments stated at net asset value (NAV) within the fair value hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at fair value based on quoted market prices when active markets are available.

Common trust funds: Valued at fair value using the NAV per share practical expedient based on the value of underlying investments using a market approach.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Investment in Entities that Calculate Net Asset Value
The Plan is invested in a common collective trust that calculates net asset value on a daily basis. Units are issued and redeemed as of the end of each day at the daily net asset value.

The trust's primary investment objectives are to seek income while preserving principal and provide daily liquidity at contract value for participant withdrawals and transfers. Redemptions are generally restricted to processing on a valuation date at the daily net asset value per unit computed on that date. There are no currently no redemption restrictions on this investment. The trust does not have any unfunded commitments.

5. INCOME TAX STATUS

In December 2013, the Plan was amended and restated to remain compliant with the Pension Protection Act of 2006. Following the amendment and restatement, the Plan began using a prototype plan document sponsored by Unified Trust Company, N.A. Unified Trust Company, NA received an opinion letter from the Internal Revenue Service (IRS) dated March, 31, 2014, which states that the prototype plan document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Unified Trust Company, N.A. Because Unified Trust Company, N.A. is the custodian of the Plan's assets and the trustee of the Plan, these transactions qualify as party-in-interest transactions. In addition, transactions involving notes receivable from participants also qualify as party-in-interest transactions.

7. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

The following is a reconciliation of changes in net assets available for benefits per the financial statements to changes in net assets available for benefits per Form 5500 for the years ended December 31:
