1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are fully vested in their employee contributions and qualified matching contributions at all times. Participants are vested in the Company's profit sharing and discretionary matching contribution based on the following table:

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement, or severance of employment, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participant's may elect to receive their portion of their profit sharing account that has accumulated in the Plan for at least two years, provided they are fully vested in the profit sharing account. Under certain conditions participants may receive a hardship distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Distribution fees are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation of fair value of investments.

Forfeited Accounts

As of December 31, 2016, there were unused forfeitures of $6,099, which will be used to reduce future employer matching contributions. As of December 31, 2015, $10,138, was available to be reallocated to eligible plan participants as profit sharing contributions. For the years ended December 31, 2016 and 2015, $10,138 and $9,429, respectively, were reallocated to eligible plan participants as profit sharing contributions.

1. DESCRIPTION OF PLAN (Continued)

Change in Fund Platform

Effective January 1, 2016, the Plan changed fund platforms. As a result of the change, assets held in mutual funds were liquidated on December 31, 2015 and transferred to the new mutual funds on January 4, 2016 with a trade date of December 31, 2015. This transfer is reported by the trustee in their certified plan records. These assets are shown as non-interest-bearing cash on the statement of net assets available for benefits as of December 31, 2015 due to the liquidation of the funds on December 31, 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements is in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through July 27, 2017, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability,

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016. As of December 31, 2015, there were no Plan assets at fair value required to be disclosed.

	Assets at Fair Value as of December 31, 2016			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,719,534	$ -	$ -	$6,719,534
TOTAL	$ 6,719,534	$ -	$ -	6,719,534
Investments measured at net asset value [(a)]				931,234
TOTAL INVESTMENTS AT FAIR VALUE				$7,650,768

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2016 and 2015, there were no such transfers.

3. FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016:

	Fair Value		Unfunded Commitment		Redemption	Redemption Notice
Investment	2016	2015	2016	2015	Frequency	Period
MetLife Stable Value Fund	$ 931,234	$ -	$ -	$ -	Daily	None

4. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedules as of and for the years ended December 31, 2016 and 2015 has been certified as complete and accurate by Capital Bank & Trust Company, the trustee of plan assets, and has not been audited by the independent auditors for the Plan: non-interest-bearing cash, investments at fair value, interest and dividend income, and net appreciation (depreciation) in fair value of investments.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. TAX STATUS

The Plan adopted a prototype plan from HPL&S, Inc. The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code. The plan administrator timely adopted the restated prototype plan. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed, and is being operated, in compliance with the applicable requirements of the Code.

6. TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax authority examinations for years prior to 2013.

7. RELATED PARTY TRANSACTIONS

Certain plan investments are managed by American Funds, the custodian and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

During 2016 and 2015, the Company failed to remit to the Plan's trustee certain employee contributions totaling $18,911 and $10,097, respectively, within the period prescribed by Department of Labor's regulations. Delays in remitting contributions to the trustee were due to a black out period, and the Company has made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.
