Under this policy, if an employee does not submit an automatic enrollment waiver within 30 days of becoming eligible, he or she will be automatically enrolled in the Plan at a 6% deferral rate. An employee has the option to cease enrollment, withdraw all contributions, and forfeit all Company matching contributions within 90 days of becoming eligible.

Contributions: Participants may contribute pre-tax or after-tax, a portion of their compensation from 1% up to a maximum allowable by the Plan document and in accordance with other limiting provisions of the IRC and other applicable legal limits.

In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limited to \$6,000 in 2016) may be made. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

During 2016, the Company contributed a matching contribution according to the following schedule:

CFC, ECF, EMP	75% match up to 6% contributed 15% match from 7-10% contributed
EGI	50% match up to 6% contributed
ESS, WM	100% match up to 6% contributed 50% match from 7-8% contributed 25% match from 9-10% contributed
UNI	100% of the first 6% contributed
NAF	50% match up to 10% contributed

The Company may also make discretionary basic and supplemental contributions based on a formula which varies for each participating company. The Company made discretionary basic and supplemental contributions of approximately \$1,971,000 in 2016, which is included in employers contributions on the statement of changes in net assets available for benefits.

Participant accounts: The Trustee maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary and rollover contributions, net earnings on account investments, Company matching contributions, with an allocation of the Company's discretionary contributions, and charged with miscellaneous administrative fees when applicable. Allocations of the Company's discretionary contributions are based on a per capita basis. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants: Participants may request a loan from the Plan. Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of 50% of their vested balance or \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. Loan terms generally range from 12 to 60 months, unless the loan is made for the purchase of a participant's principal residence. The loans are secured by the balance of the participant's account and bear interest at a reasonable rate, as defined by the Plan agreement.

Vesting: Participants are immediately vested in their contributions, any Company contributions, and earnings thereon.

Payment of benefits: Upon termination of service, death, disability, or attainment of age 59½, participants may receive a lump-sum amount equal to the vested value of the participant's account. Unless a lump-sum distribution is required by the Plan, participants may elect to receive alternate forms of distributions as defined by the Plan document. Participants are also entitled to receive all or a portion of their before-tax savings contributions in the form of a hardship withdrawal, if they have met Plan provisions for such a withdrawal.

As of December 31, 2016 and 2015, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Investment options: Participants may direct their contributions and any Company contributions made on their behalf to a variety of investment options provided by the Plan.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting, and the general practices within the employee benefit plan industry.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrued basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Investment management fees and operating expense: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

NOTES TO FINANCIAL STATEMENTS

Administrative fees and expenses: Administrative fees and expenses are paid by the Company or the Plan, as provided by the Plan document.

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through July 21, 2017, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3. Information Certified by T. Rowe Price Trust Company, the Trustee

The following is a summary of the investment information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following investments as of December 31:

	2016	2015
Investments at fair value:		
Mutual funds	\$ 100,226,704	\$ 98,629,225
Common collective trust	22,025,744	21,708,566
	<u>\$ 122,252,448</u>	<u>\$ 120,337,791</u>

The Trustee also certified to the completeness and accuracy of \$4,774,216 of net appreciation in fair value of investments, \$1,657,103 of dividend income earned on investments, \$12,023 of other income, and \$105,965 of interest related to notes receivable from participants for the year ended December 31, 2016. Notes receivable from participants that were certified as of December 31, 2016 and 2015, amounted to \$2,356,570 and \$2,274,409.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level II input must be observable for substantially the full term of the asset or liability.

RETIREMENT INCOME PLAN FOR EMPLOYEES OF ELLWOOD CITY FORGE

NOTES TO FINANCIAL STATEMENTS

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are the descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 or 2015:

Mutual funds: Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market.

Common collective trust: The T. Rowe Price Stable Value Common Trust Fund N (Fund) is a collective trust fund which holds interests in fully benefit-responsive contracts. The Fund is valued using net asset value (NAV), as provided by the Trustee on the last day of the Plan's year end, as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of these methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2016		
	Level I	Total
Investments in the fair value hierarchy:		
Mutual funds	\$ 100,226,704	\$ 100,226,704
Investments measured at net asset value (a):		
Common collective trust	-	22,025,744
Total assets at fair value	\$ 100,226,704	\$ 122,252,448
Assets at Fair Value as of December 31, 2015		
	Level I	Total
Investments in the fair value hierarchy:		
Mutual funds	\$ 98,629,225	\$ 98,629,225
Investments measured at net asset value (a):		
Common collective trust	-	21,708,566
Total assets at fair value	\$ 98,629,225	\$ 120,337,791

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Transfers Between Levels

For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels I and II and no transfers in or out of Level III.

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	2016	2015		2016 and 2015	
Common collective trust: Stable Value Common Trust Fund N	<u>\$ 22,025,744</u>	<u>\$ 21,708,566</u>	N/A	Daily	Daily

Note 5. Related Party Transactions

Certain Plan investments in mutual funds and the common collective trust are managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for Trustee and recordkeeping services were not significant for the year ended December 31, 2016.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. Certain other administrative expenses are paid directly by the Company for which they are not reimbursed.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

Note 7. Tax Status

The Plan obtained its latest determination letter dated May 15, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended. The Plan Administrator, the Trustee, and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for years ended December 31, 2013, and thereafter remain subject to examination by the appropriate taxing authorities.

NOTES TO FINANCIAL STATEMENTS

Note 8. Plan Transfers

Funds transferred into the Plan reflect amounts being transferred from affiliated plans as employees periodically transfer between companies for employment.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the financial statements to the Form 5500:

	2016	2015
Net assets available for Plan benefits per the financial statements	\$ 125,140,918	\$ 123,115,732
Adjustment for interest in common collective trust relating to fully benefit-responsive investment contract	-	17,258
Net assets available for Plan benefits per Schedule H of Form 5500	\$ 125,140,918	\$ 123,132,990
Net increase in assets available for Plan benefits per the financial statements	\$ 2,025,186	
Net adjustment for interest in common collective trust relating to fully benefit-responsive investment contract	(17,258)	
Net income per Form 5500	\$ 2,007,928	

Note 11. Plan Amendment

Effective July 26, 2016, the Plan was amended to (a) permit an in-service withdrawal of all or a portion of a participant's vested interest after the participant has attained age 65, and (b) eliminate any limits on the frequency of non-hardship in-service withdrawals and to eliminate any minimum withdrawal requirements for non-hardship in-service withdrawals.

Note 12. Subsequent Event

Effective April 1, 2017, the Plan was amended and restated to adopt the PDS Premier Volume Submitter 401(k) Savings/PS Plan document, available through T. Rowe Price Retirement Plan Services, Inc. The adoption of this volume submitter plan document did not have a significant impact on the operations of the Plan.
