NOTE 1: DESCRIPTION OF PLAN

The following description of the FMA Alliance, Ltd. 401(k) & Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is sponsored by FMA Alliance, Ltd. (the "Partnership").

General

The Plan was adopted effective June 1, 1997, and is a defined contribution plan covering substantially all employees of the Partnership. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of Plan Assets

Plan assets are held and managed by State Street Bank & Trust ("State Street") up to June 30, 2016 and by Reliance Trust Company thereafter, the trustee. The trustee invests contributions and Plan earnings and makes distributions to participants. Certain administrative functions are performed by employees of the Partnership. No compensation is remitted to the Partnership for these services.

Eligibility

Under the terms of the Plan, employees become eligible to make salary deferral contributions upon the completion of one year of service and having attained the age of 21. Employees may enroll the first of the month after completing the eligibility requirements.

Contributions

Participants may contribute from 1% to 80% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Partnership may make matching discretionary contributions to the Plan. For the year ended December 31, 2016, the Partnership elected to make discretionary contributions equal to 50% of the participant's deferrals up to 4% of the participant's eligible compensation. Additional profit sharing amounts may be contributed at the option of the Partnership’s board of directors. During the year ended December 31, 2016, the employer match contributions totaled $44,723.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and Partnership matching contributions, as well as Partnership's profit sharing, if any, and Plan earnings. Participant accounts are charged with allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, ad defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among various investment options provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The following schedule describes the participant's level of vesting after each year of service.

Years of completed service	Percentage of vested interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service due to retirement, death, or disability, a participant or their beneficiary will be 100% vested and will receive a lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan has mandatory distributions for terminated employees with account balances below $5,000, as follows: 1) account balances of $1,000 or less are distributed in the form of one lump-sum; and 2) account balance greater than $1,000 and up to $5,000 are automatically rolled over into individual retirement accounts.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Withdrawals

A hardship withdrawal, if approved, can be made on pretax contributions to satisfy certain immediate and heavy financial needs, as defined, under certain hardship conditions, up to the amount of the participant's vested balance, in which case, the participants' contributions to the Plan must be suspended for six months after receipt of the hardship withdrawal. A withdrawal can be made at the age of 59½ or upon normal retirement age of 65 on all or a portion of the participants' vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loan transactions are treated as transfers between investment funds and the loan fund. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal Prime Rate plus two percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

Forfeitures

Participants terminating employment prior to full vesting forfeit their right to the non-vested portion of employer contributions. Forfeitures are used to reduce employer contributions or pay Plan expenses. Forfeitures for the year ended December 31, 2016 totaled $1,604. In 2016, $1,604 of forfeitures was used to make employer contributions. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $10.

Plan Termination

Although it has not expressed any intention to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Tax Status

The Plan obtained its latest determination letter on July 08, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Adoption of New Accounting Standard

In July 2015 the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12 ("ASU 2012-12") *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans*, which included new reporting and disclosure requirements for employee benefit plans. Under ASU 2015-12, fully-benefit responsive investment contracts ("FBRICS") are reported at contract value only, with no adjustment for estimated fair value. The standard also clarifies that indirect investments in FBRICS should no longer be reflected as FBRICS and therefore should be reported at fair value. Additionally, the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

The Plan elected to early implement the provisions of this new accounting standard. Comparative financial statements and disclosures of prior years have been adjusted to apply the new requirements retrospectively. There was no effect on previously reported net assets available for benefits due to the adoption of this new accounting standard.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to net assets. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017. As of December 31, 2016 and 2015, excess contributions totaled $6,630 and $17,782.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses of $4,732 were incurred by the Plan for the year ending December 31, 2016.

Subsequent Events

Plan's management has evaluated subsequent events through July 28, 2017, the date which the financial statements were available to be issued. No matters were identified affecting the accompanying financial statements or related disclosures.

NOTE 3: INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by State Street and Reliance, in accordance with Section 2530.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

a) Total investments, at fair value (or with respect to the common collective trust at contract value), included in the statements of net assets available for benefits at December 31, 2016 and 2015;
b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31,2015;
c) All amounts included in Note 4, Fair Value Measurements (Unaudited);
d) All amounts included in Note 6, Related Party Transactions and Party-in-Interest Transactions (except for notes receivable from participants); and
e) The schedule of assets (held at end of year) as of December 31, 2016 included in the supplemental schedule.
f) Notes receivable included in the statements of net assets available for benefits at December 31, 2016 and 2015.

During the year ended December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $35,637.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan uses fair value to measure financial assets and liabilities and certain nonfinancial assets and liabilities. The fair value hierarchy established and prioritized fair value measurements into three levels based on the nature of the inputs. The hierarchy gives the highest priority to inputs based on active markets for identical assets or liabilities, observable inputs (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2016			
Mutual Funds	$ 1,332,745	$ -	$ -
December 31, 2015			
Mutual Funds	$ 1,181,894	$ -	$ -

NOTE 5: COMMON COLLECTIVE TRUST

The Plan has an investment in the Invesco Stable Asset ADP 85 Fund (the "Fund"), a common collective trust. Investments in the Fund were originated with the purchase of individual units; with each unit having a net asset value of $1. To mitigate the risk of market losses on the unit investments, the Fund enters into synthetic guaranteed investments contracts ("synthetic GICS"). Synthetic GICS are portfolios of securities (debt securities and units of collective trusts) owned by the Fund. The Fund may also invest in traditional guaranteed investment contracts ("traditional GICS") which are backed by the general account of the issuer. The assets underlying the guaranteed investment contracts are owned by the Fund with the Plan owning units of the Fund. Participant transactions (purchases and sales) may occur daily and are transacted at contract value.

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, taking of loans, and payments because of retirement, termination of employment, disability, death and in- service withdrawals as permitted by the Plan. Certain employer initiated events, such as bankruptcy or reorganization, mergers, or Plan termination may limit the ability of the Plan to transact at contract value. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Reliance Trust, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

State Street Bank & Trust provided the Plan with investment management services during 2015 and up to June 30, 2016, and Reliance Trust provided investment management services thereafter, the fees paid through revenue sharing, rather than a direct payment, or may be charged to the participants for certain transactions. The Partnership pays directly any other fees related to the Plan's operations. Fees paid by the Plan to the trustee for administrative services totaled $4,732 for the year ended December 31, 2016.

The Plan assets include notes receivable from participants. As a result, notes receivable from participants and all transactions relating to them are with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.
