Independent Auditor's Report

To the Plan Administrator and Participants of the
CH Industries, Inc. 401(k) Savings Plan
Carrollton, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CH Industries, Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan administrator by the custodian is complete and accurate.

1. Plan Description

The following description of CH Industries, Inc. (the "Company" or "Employer") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective June 20, 2013, the Plan was amended and eliminated the Company matching contributions. At this time the Plan opted out of its safe harbor election.

Administration

The Company is the Plan administrator. The custodian of the Plan is Principal Life Insurance Company (the "Custodian").

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of eighteen and have completed at least three months of service. Upon enrollment in the Plan, a participant may direct Company and participant contributions to any combination of 28 investment options.

Contributions

Participants may contribute up to 50% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan.

The Company may make discretionary contributions to the Plan as determined by its Board of Directors. No discretionary contributions were made during the year ended December 31, 2016.

Participant Accounts

Each participant account is credited with the participant's and the Company's contributions and an allocation of net Plan earnings.

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Effective 2012, the Plan became safe harbor plan and amended the Plan to allow participants to vest 100% of their interest in the Employer contributions. As discussed above, effective June 20, 2013, the Company ceased making matching contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant or their surviving beneficiary, if applicable, may elect to receive their vested account balance in a lump-

sum distribution or direct rollover into another qualified plan, individual retirement account ("IRA"), or Roth IRA. In addition, a participant may elect to receive a partial payment.

Actively employed participants who have reached age 59 ½ may begin withdrawing retirement benefits from the vested interest in their account. The Plan also allows participants to make hardship withdrawals, subject to provisions of the Plan, of some or all of their pretax contributions made to the Plan.

Forfeitures

Forfeitures were used to reduce Company matching contributions through June 20, 2013, the date in which matching contributions ceased. There were no forfeited invested account balances at December 31, 2016 and 2015.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Loan transactions are treated as a transfer to (from) the respective investment fund from (to) the fund stated as a Participant Loan Fund. The maximum repayment period is 5 years unless the loan is used to purchase a principal residence. The repayment period for a loan used to buy a principal residence cannot be longer than the repayment period currently in effect for a commercial home loan. The loans are secured by the balance in the participant's account and bear interest at rates from 5.25% to 5.50% as of December 31, 2016. A participant may have up to five loans at any time. Loan balances due from terminated participants may be deemed distributed to the participant at the time their balance is liquidated or the participant fails to timely repay their loan before their balance is liquidated.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company and the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, with the exception of the Stable Value Fund which is reported at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market

participants at the measurement date (the exit price). See Note 6 for further discussion of fair value and fair value measurements. See Note 3 for further discussion of investments carried at contract value.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The net appreciation of investments includes realized and unrealized investment gains and losses as well as capital gain distributions. Realized gains or losses on the disposal of securities are determined on the basis of the average cost of securities sold, while unrealized gains or losses are determined on the basis of the cost of securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Contributions and Contribution Receivables

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates their fair value. Contribution receivable at December 31, 2016 and 2015 were $9,671 and $5,197, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2016 or 2015 as the loans are fully collateralized by the participants' accounts.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") No. 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent) which will amend Accounting Standards codification Topic 820, Fair Value Measurement. This amendment removes the requirement to categorize investments for which fair value is measured using the net asset value per share practical expedient within the fair value hierarchy. For non-public companies, this amendment is effective retrospectively for fiscal years beginning after December 15, 2016. Early application is permitted. The Plan expects no material impact on the Plan's financial statements when applied.

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient ("ASU 2015-12"). The FASB is issuing this update in response to a proposal developed by the Emerging Issues Task Force ("EITF") to reduce complexity in employee benefit plan accounting.

Part I of ASU 2015-12 requires fully benefit-responsive investment contracts to be measured, presented and disclosed at contract value. Contract value is the relevant measure for those contracts because that is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Part I also eliminates certain disclosures, including average yield earned by the Plan and the methodology used to calculate the interest crediting rate. Part I is to be applied retrospectively. The Company adopted Part I of ASU 2015-12 for the year ended December 31, 2016 via retrospective application.

Part II of ASU 2015-12 requires plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation and depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. Part II is to be applied retrospectively. The Company adopted Part II of ASU 2015-12 for the year ended December 31, 2016 via retrospective application.

Part III of ASU 2015-12 provides a practical expedient to permit plans to measure investments and investment related accounts (for example, a liability for a pending trade with a broker) as of a month-end that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month-end. If a plan applies the practical expedient and a contribution, distribution, and/or significant event occurs between the alternative measurement date and the plan's fiscal year end, the plan should disclose the amount of the contribution, distribution, and/or significant event. Part III is to be applied retrospectively. The Company adopted Part III of ASU 2015-12 for the year ended December 31, 2016 with no impact on the disclosures.

3. Investment Contract with Trust Company

The following table provides information as of December 31, 2016 and 2015 about the financial assets carried at contract value:

As of December 31,	2016	2015
Financial asset at contract value:		
Stable Value Fund	$ 1,539,494	$ 1,405,885

The Plan has invested in a benefit-responsive investment contract (the Principal Stable Value Fund) with Union Bond & Trust Company ("Union Bond"). Union Bond maintains these funds as part of as separate trust established solely for the participants of the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement amount for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Union Bond, represents contributions made under the contract, plus income, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

No reserves exist against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events may limit the Plan's ability to transact at contract value with the issuer. Such events could include the following: (1) amendments to plan documents (including complete or partial plan

termination or merger with another plan), (2) changes to plan's prohibition on competing investment options, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The average crediting interest rates were approximately 1.77% and 1.68%, respectively, for 2016 and 2015. The average crediting interest rate represents the average of the beginning of the year and end of the year crediting interest rates of the pooled separate account.

4. Investments

Net appreciation of the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, were as follows:

Year ended December 31,		2016
Stable value fund	$	16,904
Pooled separate accounts		212,843
Mutual funds		57,267
	$	287,014

5. Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2016 and 2015;
- Net total investment income, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2016 as follows:

Year ended December 31,		2016
Net appreciation of investments	$	287,014
Dividends	$	5,966
Interest on participant notes receivable	$	13,101

- Investment values disclosed in Note 6;
- Investment information disclosed in Note 4; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Fair Value Measurements

The accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits:

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the quoted net asset value as of December 31, 2016 and 2015.

Pooled Separate Accounts

The assets of each of the pooled separate accounts are invested in shares of designated underlying investment securities primarily consisting of mutual fund offerings of registered investment companies. The fair value of this asset is determined by reference to the fund's Net Asset Value ("NAV"). NAV per share is allowed to serve as a practical expedient to estimate the fair value of an investment as long as certain requirements are met. Where NAV is allowed to be used as an estimate of fair value, if the reporting entity has the ability to redeem its investment at NAV as of the measurement date that the investment shall be categorized as a Level 2 fair value measurement. If the investment cannot be redeemed at the measurement date but may be redeemable in the future, but at an uncertain date, the investment shall be categorized as a Level 3 fair value measurement. The Plan has the ability to redeem its investment at NAV as of the measurement date, and the asset is classified as a Level 2 asset accordingly.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value, as of December 31, 2016 and 2015.

7. Risks and Uncertainties

The Plan provides for various investment options of specified registered investment companies. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a plan termination, the assets of the Plan, less expenses and liquidation costs, shall be distributed to the Plan participants.

9. Income Tax Status

In an opinion letter dated March 31, 2008, the Internal Revenue Service stated that the prototype plan upon which the Plan is based qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Certain amendments have been made to the Plan since the letter was received, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

10. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by the custodian or affiliates of the custodian, as defined by the Plan. Investments managed by the custodian and their affiliates are considered party-in-interest transactions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

Add: Other adjustments	537	299
Net assets available for plan benefits per Form 5500	$ 5,388,033	$ 4,907,366

The following is a reconciliation of the net increase in net assets available for plan benefits per the financial statements to the Form 5500:

Year ended December 31,	2016
Net increase in net assets available for plan benefits per the financial statements	$ 492,030
Add: Adjustment to state stable value fund for contract value at December 31, 2016	495
Less: Adjustment to state stable value fund for contract value at December 31, 2015	(3,705)
Add: Participant excess contributions payable at December 31, 2016	16,503
Less: Participant excess contributions payable at December 31, 2015	(24,894)
Add: Other adjustments	238
Net increase in assets available for plan benefits per Form 5500	$ 480,667

12. Subsequent Events

Plan management evaluated subsequent events through July 31, 2017, the date the financial statements were available to be issued.
