Ashfield Retirement Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Ashfield Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all employees of Ashfield Healthcare LLC (the "Company") who are age 21 or older. Effective January 1, 2016, the Plan was amended to change the six-month service requirement for participant elective deferrals to one month. Employees must complete six months of service to become eligible for Company matching contributions. Employees who are covered under a collective bargaining agreement are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective October 14, 2015, the Plan was amended and restated to bring the Plan into compliance with the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes, specifically the 6-year pre-approved plan restatement for Volume Submitter plans.

Contributions

Participants may elect to contribute up to 90% of their compensation to the Plan up to the maximum dollar amount permissible under the Internal Revenue Code. Participants can make pre-tax or Roth contributions to the plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan includes a discretionary matching contribution equal to 100% of the first 2% and 50% of the next 2% of eligible compensation. The Company, at its discretion and determined on a yearly basis, may choose to make a profit sharing contribution to the Plan. The employer did not make a discretionary profit sharing contribution for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of (a) the Company's profit sharing contribution, if applicable, (b) plan earnings (losses), and (c) administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on a graded schedule over five years of continuous service, as defined by the Plan document. Effective January 1, 2013, all former Ashfield Healthcare LLC employees who were merged into the Plan are immediately vested in their Company contribution portion of their accounts plus actual earnings thereon from the previous plan.

Note 1: Description of Plan (Continued)

Investment Options

Participant contributions and Company matching and profit sharing contributions are allocated among the available investment options as directed by each participant. Contributions may be directed into a range of mutual funds and common collective trust funds. Investment options may be changed daily at the direction of participants.

Forfeitures

Under the Plan, forfeited nonvested contributions may be used to reduce future Company contributions or pay plan administrative expenses. For the year ended December 31, 2016, Company matching contributions were reduced by $74,772 of forfeited nonvested contributions. At December 31, 2016 and 2015, the forfeited nonvested contributions available to offset future Company contributions or pay plan administrative expenses were $1,444 and $435, respectively.

Notes Receivable From Participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 6%, which are commensurate with local prevailing rates as determined by the plan administrator. Loans are to be paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual equal installments, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions, upon attaining age 59-1/2, of the participant's vested interest in his or her account in a lump-sum payment or partial withdrawals.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2017, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Stable value funds that are composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business matter.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,714,957	$ -	$ -	$ 8,714,957

Investment assets measured at NAV				1,105,545

Note 4: Information Prepared and Certified by the Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company, as of December 31, 2015 and for the period January 1, 2016 to June 30, 2016, and Reliance Trust Company, as of December 31, 2016 and for the period July 1, 2016 to December 31, 2016.

Effective July 1, 2016, State Street Bank and Trust Company resigned as Trustee of the Plan and Reliance Trust Company was appointed as the successor Trustee by ADP, the Plan's third-party administrator, in accordance with the terms of the trust agreement.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments were managed by State Street Bank and Trust Company, for the period January 1, 2016 to June 30, 2016, and by Reliance Trust Company as of December 31, 2016 and for the period July 1, 2016 to December 31, 2016. State Street Bank and Trust Company and Reliance Trust Company are the Trustees, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Wharton Hill Investment Advisors provide investment advisory services to the Plan. Fees incurred and paid by the Plan for these investment advisory services were $31,039 for the year ended December 31, 2016. ADP is the Plan's record keeper, as defined by the Plan. Fees incurred and paid by the Plan for record keeping services were $8,290 for the year ended December 31, 2016.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Note 8: Risks and Uncertainties and Concentration of Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2016 and 2015, one investment security represented 12% and 13% of Plan net assets, respectively.

Note 9: Reconciliation of Financial Statements to Form 5500
