WERRES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the **Werres Corporation** (Employer/Sponsor) **Savings Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a prototype non-standardized defined contribution and profit sharing plan covering all employees meeting certain eligibility requirements as outlined in the Plan document. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management is responsible for oversight of the Plan including determining the appropriateness of the investment offerings and monitoring investment performance. See Note 7 regarding termination and merger of Plan assets.

Contributions: Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 21 pooled separate accounts, 3 mutual funds, and 5 guaranteed interest accounts with various maturity dates. The Plan includes auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. The Plan Sponsor may make a discretionary matching contribution up to 50 percent of the first 5 percent of compensation that a participant contributes to the Plan. Additional discretionary profit sharing contributions may be contributed at the option of the Sponsor's board of directors. The Plan Sponsor's board of directors did not approve a discretionary matching or profit sharing contribution for the period ended December 31, 2016. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's elective deferrals and compensation, as defined. Allocations of Plan earnings and administrative expenses are based on participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Sponsor's discretionary matching contributions, plus actual earnings thereon. Vesting in the Sponsor's discretionary profit sharing contributions portion of their accounts, plus actual earnings thereon is based on years of continuous services. A participant is fully vested after 6 years of credited service.

In addition, participants become automatically fully vested when they (a) meet the age and service requirements for early retirement, (b) reach age 65 while employed, or (c) terminate employment due to total disability or death.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the vested balance in the participants' accounts and bear interest at a rate that is commensurate to that charged by commercial lenders for a similar loan, fixed at the inception of the loan. Principal and interest is paid ratably through payroll deductions, and outstanding loans are recognized as taxable distributions upon termination of the participant's employment.

WERRES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: When a participant terminates service to the Employer due to death, disability, or retirement, the Plan offers optional forms of benefits, including monthly annuity payments, a series of flexible income payments, or a lump sum payment equal to the value of the participant's vested account. For termination of service for other reasons, a participant may receive the value of the vested interest in the account as a lump-sum distribution or leave the account in the Plan and continue to participate in the Plan investments until death or retirement. If the vested account of a participant has never exceeded \$5,000, the entire vested account shall be payable in a single lump sum as of the earliest of death, retirement, or termination.

Forfeited accounts: All forfeited amounts will first be used to pay the administrative costs of the Plan then may be used to offset sponsor contributions, and any remaining forfeitures will be reallocated among participants. There were no forfeitures during the period ended December 31, 2016.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates include fair value determinations provided by the custodians.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of the period ending December 31, 2016 and the year ended June 30, 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

WERRES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and June 30, 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate funds: Valued at the NAV of units of pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchased and sales) may occur daily.

WERRES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Guaranteed interest account: Valued at fair value which represents the amount the Participant would receive if they terminated the contract at the reporting date which is book value less an early withdrawal charge. None of these investments are considered to be fully-benefit responsive.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2016	TOTAL	LEVEL 1	LEVEL 2	LEVEL 3
Investment contract	\$ -	\$ -	\$ -	\$ -
Pooled separate accounts	-	-	-	-

Level 3 gains and losses: The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets.

WERRES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Quantitative information about significant unobservable inputs used in level 3 fair value measurements: The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

INSTRUMENT	FAIR VALUE	PRINCIPAL VALUATION TECHNIQUE	UNOBSERVABLE INPUTS	RANGE OF SIGNIFICANT INPUT VALUES	WEIGHTED AVERAGE
Short term fixed income	\$ -	Discounted Cash Flow	Interest Rates Payout Date	.10% - 1.40% 6/30/15 - 6/30/19	.10% or 1.30%

5. ROLLOVER CONTRIBUTIONS

There were no participants' account rollovers into the Plan for the period ended December 31, 2016.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company or its affiliates who is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management and recordkeeping services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. PLAN TERMINATION

The Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Effective December 31, 2016, the Plan with Principal Life was terminated and merged with the existing plan of the new parent company of Werres Corporation, The Raymond Corporation. All Werres Corporation Savings Plan assets were rolled into the plan of The Raymond Corporation (Werres Corporation parent company). All qualified plan assets were transferred in cash for receipt by Fidelity Investments, the successor trustee and recordkeeper, on January 1, 2017 (trade date plus one).

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and the related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; and therefore, believe the Plan is qualified and the related trust is tax-exempt.

WERRES CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Code and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

9. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and June 30, 2016, and net appreciation in fair value of investments, interest and dividends for the period ended December 31, 2016, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan.

10. SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to December 31, 2016 through July 21, 2017, the date these financial statements were available to be issued. Based on the definitions and requirements of accounting principles generally accepted in the United States of America, management has not identified any events requiring disclosure.
