WESTFIELD EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of the Plan

The following description of the Westfield Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan, which covers substantially all full-time employees of Ohio Farmers Insurance Company, Westfield Management Company, Westfield Bank, F.S.B, and Westfield Services, Inc. (collectively referred to as the Company). The Company adopted the Plan, effective January 1, 2000. Eligible employees of the Company are able to participate in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Company's Benefit Administrative Committee (BAC). The BAC has overall responsibility for the operation and administration of the Plan. The BAC determines the appropriateness of the Plan's investment offerings and monitors investments performance.

(b) Contributions

Each year, participants may contribute up to 75 percent of their annual wages into the Plan on a pre-tax basis and 10 percent on an after-tax basis, not to exceed the maximum amount as allowed by law. Newly hired employees who are eligible to participate in the Plan are auto-enrolled into the Plan with a salary deferral election of 3 percent and their contributions are invested in the moderate conservative diversified portfolio until changed by the participant. Participants are permitted to change the default salary deferral election within a reasonable period after receiving notice informing them of the default election or at any time thereafter as permitted by the Plan. Participants may cease to contribute to the Plan by changing their election to 0 percent as permitted by the Plan and may request a refund of salary deferrals (and related earnings or losses) within 90 days of the first automatic contribution. Participants may elect to make Roth 401(k) contributions and catch-up contributions to the Plan, not to exceed the maximum contribution amounts under the law and as permitted by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans including Roth 401(k) rollover contributions.

The Company makes a safe harbor non-elective contribution of 3 percent of an employee's compensation to all employees who are eligible to participate in the Plan. Contributions received from participants in 2016 and 2015 are net of excess deferral amounts of \$0 and \$2,762, respectively, which were returned to certain active participants as required to satisfy the relevant nondiscrimination provisions of the Plan.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Company contributions made and (b) net earnings and gains or losses of the Plan. Allocations are based on the individual participant's account activity during such period. The

benefit to which a participant is entitled is the benefit which can be provided from the participant's account.

(d) Vesting

Each participant's interest in the Plan (including the Company's safe harbor non-elective contribution) is fully vested and nonforfeitable.

(e) Investment Options

Upon enrollment in the Plan, a participant may direct all contributions into any combination of the specific investment funds offered by the Plan.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms are five years or less. Loans are secured by the balance in the participant's account and bear interest at a fixed rate based on the U.S. Treasury rate plus 4 percent at the time of the borrowing. Interest rates on participant loans ranged from 4.25% to 4.50% at December 31, 2016 and 2015. Principal and interest payments are made through biweekly payroll deductions.

(g) Payment of Benefits

Upon termination of service, a participant will receive a lump-sum distribution if the value of his or her account is \$1,000 or less, which the participant may rollover to an eligible retirement plan. If the value is greater than \$1,000, the participant has the additional option to leave the account in the Plan as a terminated vested participant subject to a nominal monthly service fee. The Plan also provides for withdrawals to participants who have a qualifying financial hardship.

Upon retirement, a participant may choose to take the entire balance of their account or may leave the balance in the Plan, if that balance is greater than \$5,000, and have distributions made in accordance with minimum distribution rules.

(h) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(i) Plan Expenses

The Company pays certain administrative expenses of the Plan. Fees related to the administration of notes receivable from participants and other miscellaneous fees are charged directly to the participant's account and are included in administrative expense.

(2) Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements have been prepared on the accrual basis of accounting.

(b) *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. No allowance for credit losses has been recorded at December 31, 2016 and 2015

(d) *Use of Estimates*

Preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(e) *Payment of Benefits*

Benefits are recorded when paid.

(f) *Recently Adopted Accounting Standards*

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan adopted Part II in 2015. Parts I and III are not applicable to this Plan.

(3) Certified Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2016 and 2015 and investment income for the years ended December 31, 2016 and 2015 that is disclosed in the accompanying financial statements and

supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

(4) Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- *Level 2* – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- *Level 3* – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

An asset's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Where fair value is provided by independent pricing services, the Plan has obtained an understanding of the methods, models and inputs used in pricing, and has controls in place to validate that amounts provided represent current fair values.

The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- *Money market fund*: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.
- *Mutual funds*: Valued at the quoted market value of the fund, which represents the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy for determining when a transfer between levels is required is based upon changes in the inputs used to determine fair value measurements. If an input changes, the Plan evaluates the new input(s) and makes the determination whether or not a transfer between levels is appropriate. If

an asset or liability is transferred between levels, it is the Plan's policy to record the transfer as of the beginning of the reporting period in which the transfer occurs. In 2016 and 2015, there were no transfers into or out of Levels 1, 2 or 3 of the fair value hierarchy.

The following tables provide information as of December 31, 2016 and 2015 about the Plan's financial assets measured at fair value.

(5) Transactions with Parties-in-Interest

Certain Plan investments are managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee defined by the Plan, and therefore, transactions therewith qualify as party-in-interest transactions.

The Company provides to the Plan certain investment management services for which no fees are charged.

(6) Tax Status

The IRS (Internal Revenue Service) has determined and informed the Company by a letter dated March 24, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC (Internal Revenue Code). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial

statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect amounts reported in the statements of net assets available for benefits.

(8) Subsequent Events

The Plan has evaluated subsequent events through July 14, 2017 the date the financial statements were available to be issued.
