1. Description of the Plan

The following brief description of the Solo Printing 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan commenced on July 1, 2007 and is a defined contribution plan covering all employees of Solo Printing, Inc. (the Employer) who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees eligible to participate may contribute up to 100% of their pretax annual compensation as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (IRC). In addition to the safe harbor matching contribution, the Employer may make a discretionary contribution. The safe harbor matching contribution is equal to a uniform percentage or dollar amount of the employees' elective deferrals each year up to 4% of Plan compensation. For the year ended December 31, 2016, the amount of the employer safe harbor matching contribution was $237,760. The Employer did not make any discretionary contributions in 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer's matching contribution (if any), and an allocation of (1) Employer's discretionary contribution (if any) and (2) the Plan's earnings or losses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, both reduced by any outstanding loan balance on the date the new loan is made. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participants' accounts and bear interest at a fixed interest rate to be determined by the Plan administrator which is based on the rates available for similar loans from commercial lending institutions at the time of the issuance of the loans. At December 31, 2016, the interest rate on these loans range from 4.25% to 5.75%. Principal and interest are paid ratably through bi-weekly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2016.

Vesting

Participants are vested immediately in their contributions and the Employer's safe harbor matching contribution plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 20% vested after each year and 100% vested after five years of credited service.

Forfeited Accounts

If so directed by the Employer, forfeitures may first be used to pay Plan administrative expenses and then they shall be applied to reduce the Employer contribution. For the year ended December 31, 2016 and 2015, there were no forfeited non-vested accounts in the Plan.

Subsequent Events

Plan's management has evaluated subsequent events through July 31, 2017, the date which the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (cont.)

Administrative Expenses

Fees related to the administration of the Plan may be paid by the Plan or by the Employer. If the Employer does not pay Plan-related expenses, such fees or expenses will generally be allocated to the accounts of the participants either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company (MassMutual), has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2016 and 2015 and for the year ended December 31, 2016 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2016, and for the year then ended is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America (GAAP) are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

4. Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Account - The fair value of the pooled separate account is based on the net asset value (NAV) of each account calculated by MassMutual and is based on the NAV of the underlying investments. The NAV is used as a practical expedient to estimate fair value.

The Plan's investments at fair value as of December 31, 2016 and 2015 are made up entirely of a pooled separate account, which is measured at the NAV as a practical expedient. In accordance with accounting standards, certain investments that were measured as such are not classified in the fair value hierarchy. The Plan has no assets at December 31, 2016 and 2015 that are classified in the fair value hierarchy.

5. Investment Measured Using the NAV per Share Practical Expedient

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2016 and 2015:

Investment	**Fair Value 2016**	Fair Value 2015	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate account					
Asset allocation/balanced	**$ 1,951,312**	$ 1,291,864	n/a	Daily	n/a
Specialty	**7,927**	3,755	n/a	Daily	n/a
Large cap	**14,034**	3,574	n/a	Daily	n/a
International	**3,828**	1,923	n/a	Daily	n/a
Mid cap	**2,096**	845	n/a	Daily	n/a
Small cap	**785**	351	n/a	Daily	n/a
Bond	**8,532**	-			
Investment measured at NAV	**$ 1,988,514**	$ 1,302,312			

6. Tax Status

The Plan has adopted a volume submitter profit sharing plan sponsored by the Pension Studio. The Internal Revenue Service (IRS) has opined and informed the Pension Studio by a letter dated March 31, 2014, that the volume submitter profit-sharing plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust tax-exempt.

6. Tax Status (cont.)

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the rights of participants in their accounts will become 100% vested.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Party-In-Interest

All Plan investments are managed by MassMutual and, therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2016 and 2015, the fees paid by the Plan for the recordkeeping service amounted to $1,724 and $1,030, respectively. The notes receivable from participants are also defined by ERISA as party-in-interest transactions.
