NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition -

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for the Plan's investment classes are presented below.

Pooled separate accounts: The Plan has investments in the FutureFunds Series Account II, which is a pooled separate account (PSA) that holds underlying mutual funds. Units held in the PSA are valued based on the estimated net asset value.

Group annuity contract with insurance company: The Plan holds an insurance contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West valued the contract at contract value, which is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The contract is fully benefit-responsive and does not have any liquidity or redemption restrictions.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Accounting Pronouncements - In May 2015, FASB issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The ASU removes the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The Plan adopted the provisions of ASU 2015-07 for the year ended December 31, 2016.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

In July 2015, FASB issued Accounting Standards Update (ASU 2015-12), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce complexity in employee benefit plan accounting. The Plan adopted the provisions of ASU 2015-12 Parts I and II for the year ended December 31, 2016. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015.

The primary provisions of Part I that are applicable to the Plan are: (1) Contract value is the only required measure for fully benefit-responsive investment contracts. The fair value and changes from fair value to contract value are no longer presented; (2) The methodology for calculating the interest crediting rate, the average yield earned by the Plan, and the average yield credited to participants are no longer disclosed; and (3) The total contract value for each type of investment contract is now disclosed.

The primary provisions of Part II that are applicable to the Plan are: (1) Disclosure of individual investments that represent five percent or more of net assets available for benefits is no longer required; (2) The net appreciation or depreciation in investments is presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type; (3) Investments will be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics and risk; and (4) If an investment is measured at net asset value (or its equivalent) and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

With the adoption of the provisions of ASU 2015-07 and ASU 2015-12 for the year ended December 31, 2016, the Plan's financial statements are presented retrospectively for the year ended December 31, 2015.

Notes Receivable from Participants - Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Contributions Receivable - Participant and employer contributions receivable are based on participant and employer contributions due and not paid prior to year-end. Allowance for uncollectible accounts is considered unnecessary and is not provided.

Benefit Payments - Participant withdrawals and termination payments are recorded when paid.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Administrative Expenses - Substantially all expenses incurred for administering the Plan are paid by APCT, Inc. (the Company), except for loan fees, distribution fees, investment consulting fees and certain Plan asset-related fees. The Company also provides administrative services to the Plan at no charge.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Such investments are exposed to various risks, such as interest rate, market fluctuations and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 2. DESCRIPTION OF THE PLAN

The following description of APCT, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of the Company. Employees become eligible to participate on the first day of the month after completion of three months of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2016, the Company acquired Tech Circuits, Inc. which now operates as a Connecticut division of the Company under the name, APCT-Wallingford. Effective September 27, 2016, Tech Circuits, Inc. Amended and Restated 401(k) Profit Sharing Plan, with $2,687,050 of assets, merged into the Plan. At this date, employees of APCT-Wallingford, became eligible to participate in the Plan.

Participant Contributions - The Plan allows participants to contribute up to 100% of pre-tax annual compensation, as defined in the Plan, not to exceed the limit established by law. The limit for Plan year 2016 was $18,000. A participant who attains age 50 or older by the end of the Plan year can elect to defer additional amounts, called "catch-up contributions," to the Plan. The catch-up contribution limit for 2016 was $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

NOTE 2. DESCRIPTION OF THE PLAN (CONT'D)

Employer Contributions - The Company will contribute for each participant a discretionary matching contribution equal to 100% of the first 10% of the participant's eligible contributions. In addition, the Company may, at its discretion, make a nonelective contribution, which participants will proportionally share. No discretionary nonelective contributions were made for the year ended December 31, 2016.

Participant Accounts - Each participant's account is credited with the participant's contribution, rollover, the Company's contribution and earnings, and is charged with an allocation of administrative expenses based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary nonelective contribution portions of their accounts plus actual earnings is based on years of continuous service. A participant who vests at 20% per year is 100% vested after five years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participant notes are secured by the participant's account balance. Participant note terms range from 12–60 months, and only one outstanding borrowing is allowed at any time. Borrowings bear interest at the prime interest rate, at the date the participant note is effective, plus one percentage point. Interest rates ranged from 4.25% to 4.50% at December 31, 2016 and 2015. Principal and interest is paid ratably though payroll deductions.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions and employer contributions to any of the investment options offered by the Plan. Participants may change their investment options daily. Participants may also reallocate contributions among investment funds at any time.

Benefits - On retirement, disability, death or termination of service, a participant will receive either a lump sum or a rollover amount equal to the value of the vested portion of his or her account. Distributions are subject to the applicable provisions of the Plan Document. The Plan allows in-service withdrawals under certain conditions.

Forfeited Accounts - At December 31, 2016 and 2015, forfeited non-vested accounts totaled $2,163 and $156, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses. In 2016, no forfeitures were used to reduce employer contributions or to pay Plan expenses.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will be fully vested in all benefits earned to date.

NOTE 4. TAX STATUS

The Company has adopted a non-standardized prototype plan document that received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, indicating that the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code (the IRC). Although the Plan has been amended, the Company and the Plan's administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examination for years prior to 2013.

NOTE 5. INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE

Following is a summary of the Plan's investments in certain entities that calculate net asset value, as of December 31, 2016 and 2015:

	Fair Value at December 31,			Redemption	Redemption
Investment Type/Name	2016	2015		Frequency	Notice Period
Pooled separate acccount	$ 3,738,204	$ 1,270,681	{a}	Daily	None

There were no unfunded commitments as of December 31, 2016 and 2015.

{a} The pooled separate account (PSA) is composed of numerous mutual funds, which are traded daily in an active market and are either valued by a pricing service or directly by the relevant mutual fund company trading partner. The fair value of each mutual fund is used as an input in determining the net asset value of the PSA. This investment is a direct filing entity with the Department of Labor; therefore, information regarding the investment's strategy is not disclosed.

NOTE 6. FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan's administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Great-West Life & Annuity

Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, as complete and accurate, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule, as follows:

	December 31, 2016	December 31, 2015
Investments	$ 4,980,318	$ 1,460,600
Notes receivable from participants	$ 82,068	$ 88,523
Net appreciation in fair value of investments	$ 136,558	
Interest and dividends	6,517	
Other income	6,330	
Net investment income, as certified by the custodians	$ 149,405	
Interest on notes receivable from participants, as certified by the custodians	$ 3,537	

The information included in Note 5 and the supplemental schedule was derived from information certified by the custodians.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in pooled separate accounts and a guaranteed interest fund, which are managed by Great-West Trust Company, LLC, a wholly owned subsidiary of Great-West Life & Annuity Insurance Company. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 8. CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a group annuity contract with Great-West Life & Annuity Insurance Company (Great-West) in which participant deferrals are invested into Great-West's general assets. The contract is fully benefit responsive. Accordingly, the contract value is the relevant measurement attribute for the portion of the net assets available for the benefits attributable to the contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and any applicable fees. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value, regardless of market conditions. Contract value is guaranteed by the full faith and credit of Great-West. Contract value of the group annuity contract totaled $1,242,114 and $189,919 as of December 31, 2016 and 2015, respectively.

Certain events may potentially limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and liberalization of Plan withdrawal or transfer rates. In addition, Great-West may terminate the contract with a 60-day advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, Plan disqualification, and failure to adopt the Plan in a reasonable period of time. The Plan's administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at the contract value with participants, is probable.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events were evaluated through the date on which the financial statements were available to be issued. This date is approximately the same as the independent auditors' report date.
