A. General

The Plan is a defined contribution plan covering all employees of Diversified Distribution Systems, LLC (the Company) who have completed three consecutive months of service and are age eighteen (18) or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's inception date of the Plan was May 31, 1981. The Plan is periodically amended/restated to stay in compliance with laws and regulations.

The Company is the Plan sponsor. Ascensus Trust Company has been appointed trustee of the Plan. Ascensus, Inc. is the Plan administrator and provides recordkeeping and reporting services for the Plan.

B. Contributions

Each year, participants may contribute up to 80 percent of eligible earnings, as defined in the Plan, limited to the provisions of Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributions to the Plan equal to 100 percent of the aggregate salary reduction contribution up to 2 percent. At the discretion of the Board of Directors, additional non-elective profit sharing contributions can be made.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and may be charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary and/or non-discretionary contribution(s) of their accounts plus actual earnings thereon is based on years of service. Participants are fully vested after completion of four years of service, or if they have reached normal retirement age of 65, die, or become disabled. Note 1: DESCRIPTION OF PLAN - CONTINUED

E. Notes Receivable from Participants

Participants may borrow from their fund accounts, except the Roth deferral account, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. Loans are made on a pro rata basis from all investment funds in which an account is invested. The loans are secured by the balance in the participant's account and bear interest a rate ranging from 4.25% to 4.50% which, are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

F. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or, as applicable, in Plan specified annual installments. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

G. Forfeited Accounts

Forfeited non-vested accounts are used to pay employer contributions and/or administrative expenses. Forfeited non-vested accounts as of December 31, 2016 and 2015, totaled 4,919 $and $4,688, respectively. For 2016 and 2015, $14,308 and $12,525 of forfeitures were used to reduce employer contributions. No forfeitures were used to reduce administrative expenses for 2016 and 2015.

H. Investment Options

A participant may direct his/her contributions in one percent increments in any one or more of the Plan Sponsor's pre-determined investment options. Participants may change their investment options daily.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment Committee determines the Plan’s valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as held during the year.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

E. Payment of Benefits

Benefits are recorded when paid.

F. Administrative Expenses

Certain expenses of maintaining the Plan are paid for directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

G. New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12 (Parts I, II, and III), Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans, which modifies FASB Accounting Standards Codification (ASC) Topics 960, 962, and 965, respectively. The amendments make the following changes:

Part I

- Fully benefit responsive contracts - contract value will be the only relevant measure. No longer will there be a requirement to include an adjustment to fair value.

Part II

- Eliminates specific disclosures for participant vs. nonparticipant directed investments
- Net appreciation/depreciation is no longer required by investment type
- Investments only need to be grouped by general type rather than being disaggregated
- Disclosure for investments that comprise 5% or more of net assets available for benefits is no longer required
- For investments that use net asset value (NAV) as a practical expedient for fair value that file as a direct filing entity with the Department of Labor on a Form 5500 there is no longer a requirement to disclose the investment strategy

The amendments in this update are effective for fiscal years beginning after December 15, 2015 with early application permitted. Management elected to apply these amendments early in the year ended December 31, 2015.

H. Subsequent Events

Subsequent events were evaluated through June 28, 2017, which is the date the financial statements were available to be issued.

Note 3: INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Ascensus Trust Company, the trustee of the plan:

	2016	2015
Investments	$ 9,507,167	$ 8,504,643
Notes receivable from participants	85,124	30,248
Interest and dividend income	94,419	N/A
Net appreciation	484,403	N/A

Note 4: FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Note 4: FAIR VALUE MEASUREMENT - CONTINUED

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified as a Level 1 investment.

Common Collective Trust - Stable Value Fund: Value based on the contractual terms of the underlying guaranteed investment contracts and provides a daily mil-rate for income accretion. The Fund uses its best efforts to maintain a stable net asset value (NAV) of $1 per unit; although there is no guarantee that the Fund would maintain this value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015 :

December 31, 2016	Fair Value	Qupted Prices in Active Markets for Identical Assets Level 1	Other Observable Inputs Level 2	Unobservable Inputs Level 3
Mutual funds	$ 9,155,789	$ 9,155,789	$ -	$ -
Common collective trusts	351,378	-	351,378	-
Total assets at fair value	$ 9,507,167	$ 9,155,789	$ 351,378	$ -
December 31, 2015				
Mutual funds	$ 8,150,822	$ 8,150,822	$ -	$ -
Common collective trusts	353,821	-	353,821	-
Total assets at fair value	$ 8,504,643	$ 8,150,822	$ 353,821	$ -

Gains and losses (realized and unrealized) included in changes in net assets for 2016 are reported in investment gain (loss) on the Statement of Changes in Net Assets Available for Benefits.

Note 7: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2013.

Note 8: PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9: PARTY-IN-INTEREST TRANSACTIONS

Certain transactions occurred within or for the Plan that qualify as party-in-interest transactions. As defined by the US Department of Labor, a party-in-interest includes any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others.

Note 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11: SUBSEQUENT EVENTS

The Plan Sponsor, Diversify Distribution System, LLC, was acquired by Bunzl PLC, a multinational distribution and outsourcing company headquartered in London, United Kingdom, on May 22, 2017. As a result of the acquisition, management has decided to terminate the Plan effective December 31, 2017 at which time all participants will be become 100 percent vested in their account balances.
