INDEPENDENT AUDITORS' REPORT

To the Plan Trustees and Plan Administrator of
AKF Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AKF Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016, and 2015, the related statement of changes in net assets available for benefits for the year then ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the Trustee, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2016, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the December 31, 2016 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan:

The following description of the AKF Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), covering all full time employees of the Company. The Plan is sponsored by AKF Group, LLC (the "Company").

Plan Administration - The administration of the Plan ("Plan Administration") is performed by the Investment Committee. The Company and Trustees serve as fiduciaries of the Plan. The Investment Committee has responsibility for reviewing the performance of the Plan investments.

Automatic Enrollment - All eligible employees are automatically enrolled in the Plan upon meeting the eligibility requirements unless they elect to opt out of participation. Automatic enrollment sets pre-tax deferral contribution rate at 3% of an employee's compensation in the absence of other employee elections. All eligible employees who are automatically enrolled in the Plan will receive an automatic increase in their deferral contribution rate of 1% of Plan Compensation, to a maximum of 10%, every year on the first day of the Plan year, unless the participant selects otherwise.

Contributions - Full time employees are eligible to participate on the first day of the month which coincides with or following having reached age 21. Temporary employees and interns that work less than 1,000 hours in a year become eligible to participate after completing one year of service and have reached age 21. Eligible participants may elect to contribute pre-tax and Roth deferrals up to $18,000 of annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions during that year. Participants direct the investment of their contributions into various investment options offered by the Plan. There were no employer contributions for the year ended December 31, 2016.

Vesting - Participants are vested immediately in their own contributions and actual earnings thereon. A participant hired before January 1, 2016 is 100% vested in the Company's contributions after one year of credited service.

Participants hired on or after January 1, 2016 shall vest in any employer matching and nonelective contributions in accordance with the following vesting schedule:

Completed Years of Service	Percent Vested
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Participant Accounts - Individual accounts are established for each plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings/losses, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant or in the case of death the designated beneficiary, may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum, or in annual installments over a period of not more than their assumed life expectancy or the assumed life expectancy of their beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If death occurs prior to retirement, the participant's account is paid to the designated beneficiary.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of nonvested terminated participants' accounts are used to restore participant accounts, offset Plan administrative expenses, and finally reduce the Company's future contributions. At December 31, 2016 and 2015, there were no forfeited nonvested amounts. There were no forfeitures utilized during the year ended December 31, 2016.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions in the Statement of Changes in Net Assets Available for Benefits during the reporting period. Accordingly, actual results as determined at a later date, may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may invest in a trust that holds securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Concentration of Investment Risk - The Plan's investment in one fund comprises approximately 10% and 11% of total investments at December 31, 2016 and 2015, respectively

Cash and Equivalent - Cash and equivalent includes a money market fund and other highly liquid short-term investments purchased with maturities of three months or less.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded which is classified as a deemed distribution in the year recorded.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses inclusive of management fees are included in net appreciation of fair value of investments.

Payment of Benefits - Benefits are recorded when paid.

Hardship Withdrawals - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service rules and regulations. All contributions to the Plan will be suspended for six months following a hardship withdrawal.

Change in Accounting Principles - In May 2015, the FASB issued ASU 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early adoption is permitted. The Plan has elected to early adopt ASU 2015-07 for the year ended December 31, 2016.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans and Health and Welfare Benefit Plans; (Part I), Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient. ASU 2015-12 was issued to simplify certain aspects of employee benefit plan reporting. Part I of this ASU eliminates the requirement to adjust fully benefit-responsive investment contracts ("FBRICs") from fair value to contract value on the Statements of Net Assets Available for Plan Benefits and eliminates the requirement to provide the related fair value disclosures in the notes to the financial statements. Under the new guidance, FBRICs are measured, presented, and disclosed only at contract value. The ASU clarifies that contract value is the relevant measure for FBRICs because that is the amount participants would receive in a transaction. Part II of this ASU eliminates the requirements to disclose (1) individual investments that represent 5 percent of more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. In addition, Part II of this ASU also requires that investments (both participant directed and non-participant directed) of employee benefit plans be grouped by general type and eliminates the need to disaggregate investments by class or other ways. The amendments in Part III of this ASU provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for entities for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented for Parts I and II. Part III may only be applied prospectively. The Plan adopted ASU 2015-12 for the year ended December 31, 2016.

The effect of applying these changes in accounting principles to the Plan in 2016 and 2015 had no impact on the Plan's net assets available for benefits and no change to the net increase or decrease to its net assets in either year.

Subsequent Events - The Plan Administrator has evaluated subsequent events through July 31, 2017, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

Note 3 - Information Certified by the Trustee:

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015.

b) Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

c) Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements:

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These assets are not included in the following tables. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- *Common collective trust - Stable pooled fund*: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All collective trusts utilize NAV as the practical expedient to valuing the investment upon sale.
- *Mutual funds*: Valued at the closing price in the active market in which the fund is traded.
- *Cash and equivalent*: Valued at the closing price in a similar market in which the fund is traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by the level, within the value hierarchy, the Plan's investments at fair value are as follows:

Investments at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 36,093,083	$ -	$ -	$ 36,093,083
Cash and equivalent	-	47,499	-	47,499
Total investments in the fair value hierarchy	36,093,083	47,499	-	36,140,582
Investments measured at net asset value (a):				2,939,238
Total investments at fair value				$ 39,079,820

Investments at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 32,485,634	$ -	$ -	$ 32,485,634
Cash and equivalent	-	46,947	-	46,947
Total investments in the fair value hierarchy	32,485,634	46,947	-	32,532,581
Investments measured at net asset value (a):				3,093,703
Total investments at fair value				$ 35,626,284

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in the economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2016, there were no significant transfers in or out of Levels 1, 2, 3. For the year ended December 31, 2015, the cash and equivalent was transferred from Level 1 to Level 2 as it was determined the fair value did make use of observable inputs in an active market for similar assets.

Note 5 - Common Collective Trust:

The Plan invests in investment contracts through its common collective trust ("CCT"). The CCT's fair value is the relevant measure attribute. The CCT held by the Plan is a stable value investment which has an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective the fund invests in another fund which primarily invests in investment contracts and security-backed contracts. Redemptions are allowed for participants daily, however in the event of a complete redemption the Plan is subject to a one year redemption notice period. In addition, there are no unfunded commitments at December 31, 2016.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of the Internal Revenue Code (IRC). In the event of Plan termination, participants' contributions remain fully vested and Company contributions become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 7 - Notes Receivable from Participants:

Participants may obtain loans from the Plan up to 50% of their vested account balance or a maximum of $50,000, whichever is less. Loans bear a reasonable interest rate at prime rate and are collateralized by a participant's account balance. Loans are generally payable through payroll deductions within five years, from the date granted unless it is for the purchase of a principal residence.

Note 8 - Tax Status:

The Plan was written on an IRS pre-approved Volume Submitter Document, which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the trust is exempt from Federal income taxes under Section 501(a) of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date, thus, no provision for Federal income taxes has been made in the accompanying financial statements.

Note 9 - Party-in-Interest:

Certain plan investments are managed by Transamerica Retirement Solutions, LLC ("Transamerica"). Transamerica provides investment, recordkeeping, and administrative services to the Plan and, therefore, these transactions qualify as party-in-interest. The fees paid by the Plan for the year ended December 31, 2016 was $111,846.
