INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Bell Supply 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bell Supply 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i, as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Bell Supply 401(k) Plan

Notes to Financial Statements

December 31, 2016

Note 1 - Description of Plan

The following description of the Bell Supply 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

Synergy Energy Holdings, LLC, the Parent Company of BSC Administration LLC, entered into a share purchase agreement on April 1, 2016, with Multi Products Company ("the Multi Products"), and an asset purchase agreement on August 1, 2016 with Endurance Lift Solutions, LLC, ("Endurance"). The employees of Endurance became eligible to participate in the Plan immediately upon acquisition. The 401(k) Plan of Multi Products will be merged into the Plan in 2017. The employees of Multi Products continued to contribute to their own plan in 2016.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Trustee

Fidelity Management Trust Company (the "Trustee" or "Fidelity") is the Trustee of the Plan and holds all Plan assets in a trust account. The duties of the Trustee are to receive contributions and to invest and reinvest the trust assets of the Plan.

Eligibility and service

The Plan's eligibility requirement allows participation upon three months of service and employees attaining 21 years of age.

Contributions

The Plan provides for voluntary pre-tax and after-tax participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to 75% of a participant's compensation. The contributions are not to exceed the limits set by the Internal Revenue Code ("IRC"). Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the Plan.

The Plan provides for mandatory safe harbor matching contributions to all participants for each payroll period in an amount equal to 100% of the participant's elective deferrals up to a maximum of 4% of the participant's compensation for the Plan Year.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, rollover contribution, Plan earnings or losses, and administrative expenses.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment funds.

Bell Supply 401(k) Plan

Notes to Financial Statements

December 31, 2016

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and the Company's safe harbor contributions made to the Plan and actual earnings thereon.

Benefit payments

Benefits are payable from participant account balances, subject to certain restrictions, upon termination of employment, retirement, reaching the age of 59½ or by incurring a disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary.

Distributions may be made in a lump-sum payment or in a single sum distribution of a portion of the vested balance. If the value of the participant's account balance is less than $1,000, the payment will be made in cash in a single lump-sum. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Notes receivable from participants

Participants are permitted to borrow funds from the Plan subject to a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. Note terms range from one to five years, unless such note is for the purchase of the participant's primary residence, in which case the loan repayment period may not extend beyond 10 years from the date of the loan. Principal and interest are paid ratably through payroll deductions and not less frequently than quarterly. A participant may have up to two notes outstanding at any time, provided that only one note with an initial term greater than five years may be outstanding at any time. Participant notes bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP"). Benefit payments are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The common/collective trust fund is stated at net asset value as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair values of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in mutual funds and a common/collective trust. Investments are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Administrative expenses

The Company pays certain administrative expenses of the Plan. Any expenses not paid by the Company are paid by the Plan through the reduction of assets.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are recorded as distributions, based upon terms of the Plan Document, upon liquidation of their account balances.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds - These investments are valued daily at the net asset value of shares or units held by the Plan based on the quoted market prices of the underlying assets.
- Common/collective trust - The investment, which is a stable value fund, is valued using the net asset value ("NAV") practical expedient, an estimate of fair value. This NAV practical expedient would not be used if it was determined to be probable that the Plan would sell the investment for an amount different from the reported net asset value. Participant transactions may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner. Participants cannot transfer their balances to competing fixed income funds such as money market funds, short-term bond funds or brokerage withdrawals for 90 days.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments measured at fair value are as follows as of December 31, 2016:

	Level 1	Total
Mutual funds	$ 4,574,209	$ 4,574,209
Investment measured at net asset value [(a)]		244,496
Investments at fair value	$ 4,574,209	$ 4,818,705

Note 3 - Fair Value Measurements (Continued)

The Plan's investments measured at fair value are as follows as of December 31, 2015:

	Level 1	Total
Mutual funds	$ 3,134,607	$ 3,134,607
Investment measured at net asset value [(a)]		315,431
Investments at fair value	$ 3,134,607	$ 3,450,038

[(a)] In accordance with Subtopic 820-10, the common/collective trust is measured at net asset value per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 - Income Tax Status

The prototype plan adopted by the Company received its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has not been amended since receiving the opinion letter. The Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2016 and 2015. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by the Trustee (Unaudited)

For the 2016 and 2015 Plan years, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for contributions receivable, contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 6 - Party-In-Interest Transactions

Certain Plan investments are units in investment funds offered and managed by Fidelity, thus these transactions qualify as party-in-interest transactions.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 5,032,748	$ 3,639,534
Employer contributions receivable	(19,131)	-
Participant contributions receivable	(33,862)	-
	$ 4,979,755	$ 3,639,534

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the years ended December 31:

	2016	2015
Net increase in net assets available for benefits per the financial statements	$ 1,393,214	$ 40,009

Participant contributions receivable	(33,862)	-
Other	1	-
Net income per Form 5500	$ 1,340,222	$ 43,390

Note 8 - Subsequent Events

During March 2017, the Company approved the merger of the Plan and the Multi Products Plan into a new plan sponsored by the Company.

Management has evaluated subsequent events as of July 31, 2017, which was the date the financial statements were available to be issued, and has determined that there are no additional subsequent events to be disclosed.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Bell Supply 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bell Supply 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i, as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Bell Supply 401(k) Plan

Notes to Financial Statements

December 31, 2016

Note 1 - Description of Plan

The following description of the Bell Supply 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

Synergy Energy Holdings, LLC, the Parent Company of BSC Administration LLC, entered into a share purchase agreement on April 1, 2016, with Multi Products Company ("the Multi Products"), and an asset purchase agreement on August 1, 2016 with Endurance Lift Solutions, LLC, ("Endurance"). The employees of Endurance became eligible to participate in the Plan immediately upon acquisition. The 401(k) Plan of Multi Products will be merged into the Plan in 2017. The employees of Multi Products continued to contribute to their own plan in 2016.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Trustee

Fidelity Management Trust Company (the "Trustee" or "Fidelity") is the Trustee of the Plan and holds all Plan assets in a trust account. The duties of the Trustee are to receive contributions and to invest and reinvest the trust assets of the Plan.

Eligibility and service

The Plan's eligibility requirement allows participation upon three months of service and employees attaining 21 years of age.

Contributions

The Plan provides for voluntary pre-tax and after-tax participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to 75% of a participant's compensation. The contributions are not to exceed the limits set by the Internal Revenue Code ("IRC"). Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the Plan.

The Plan provides for mandatory safe harbor matching contributions to all participants for each payroll period in an amount equal to 100% of the participant's elective deferrals up to a maximum of 4% of the participant's compensation for the Plan Year.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, rollover contribution, Plan earnings or losses, and administrative expenses.

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment funds.

Bell Supply 401(k) Plan

Notes to Financial Statements

December 31, 2016

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and the Company's safe harbor contributions made to the Plan and actual earnings thereon.

Benefit payments

Benefits are payable from participant account balances, subject to certain restrictions, upon termination of employment, retirement, reaching the age of 59½ or by incurring a disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary.

Distributions may be made in a lump-sum payment or in a single sum distribution of a portion of the vested balance. If the value of the participant's account balance is less than $1,000, the payment will be made in cash in a single lump-sum. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Notes receivable from participants

Participants are permitted to borrow funds from the Plan subject to a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. Note terms range from one to five years, unless such note is for the purchase of the participant's primary residence, in which case the loan repayment period may not extend beyond 10 years from the date of the loan. Principal and interest are paid ratably through payroll deductions and not less frequently than quarterly. A participant may have up to two notes outstanding at any time, provided that only one note with an initial term greater than five years may be outstanding at any time. Participant notes bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP"). Benefit payments are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The common/collective trust fund is stated at net asset value as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair values of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in mutual funds and a common/collective trust. Investments are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Administrative expenses

The Company pays certain administrative expenses of the Plan. Any expenses not paid by the Company are paid by the Plan through the reduction of assets.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are recorded as distributions, based upon terms of the Plan Document, upon liquidation of their account balances.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds - These investments are valued daily at the net asset value of shares or units held by the Plan based on the quoted market prices of the underlying assets.
- Common/collective trust - The investment, which is a stable value fund, is valued using the net asset value ("NAV") practical expedient, an estimate of fair value. This NAV practical expedient would not be used if it was determined to be probable that the Plan would sell the investment for an amount different from the reported net asset value. Participant transactions may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner. Participants cannot transfer their balances to competing fixed income funds such as money market funds, short-term bond funds or brokerage withdrawals for 90 days.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments measured at fair value are as follows as of December 31, 2016:

	Level 1	Total
Mutual funds	$ 4,574,209	$ 4,574,209
Investment measured at net asset value [(a)]		244,496
Investments at fair value	$ 4,574,209	$ 4,818,705

Note 3 - Fair Value Measurements (Continued)

The Plan's investments measured at fair value are as follows as of December 31, 2015:

	Level 1	Total
Mutual funds	$ 3,134,607	$ 3,134,607
Investment measured at net asset value [(a)]		315,431
Investments at fair value	$ 3,134,607	$ 3,450,038

[(a)] In accordance with Subtopic 820-10, the common/collective trust is measured at net asset value per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 - Income Tax Status

The prototype plan adopted by the Company received its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has not been amended since receiving the opinion letter. The Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2016 and 2015. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by the Trustee (Unaudited)

For the 2016 and 2015 Plan years, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for contributions receivable, contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 6 - Party-In-Interest Transactions

Certain Plan investments are units in investment funds offered and managed by Fidelity, thus these transactions qualify as party-in-interest transactions.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 5,032,748	$ 3,639,534

Net income per Form 5500	$ 1,340,222	$ 43,390

Note 8 - Subsequent Events

During March 2017, the Company approved the merger of the Plan and the Multi Products Plan into a new plan sponsored by the Company.

Management has evaluated subsequent events as of July 31, 2017, which was the date the financial statements were available to be issued, and has determined that there are no additional subsequent events to be disclosed.
