Report on the Financial Statements

We were engaged to audit the accompanying financial statements of NSM Insurance Group 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance in 2016 related to the disclosure of investments and the presentation of fair value of certain investments. Prior disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Other Matter

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2016 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with the DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(1) Description of Plan

The following description of the NSM Insurance Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all eligible employees of NSM Insurance Group, LLC (the Company), who have completed 30 days of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustee and plan administrator are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the maximum allowable under Internal Revenue Code (IRC) guidelines. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary employer matching contribution each plan year. This discretionary matching contribution will be allocated based on the proportion of the participant's annual eligible compensation to the total annual eligible compensation of all participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance. The maximum loan term is five years, unless the loan is acquired for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.00%, which are commensurate with local prevailing rates determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant or survivor may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$195,267 and \$66,055, respectively. Forfeited accounts may first be used to pay administrative expenses and then used to reduce future Company contributions. During 2016 and 2015, forfeitures in the amount of \$8,310 and \$8,148, respectively, were used to pay administrative expenses. During 2015, forfeitures in the amount of \$26,515, were used to reduce Company contributions. There were no forfeitures used to reduce Company contributions during 2016.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize, within the fair value hierarchy (Notes 4 and 5), all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The Plan elected early adoption of ASU 2015-07 for the year ended December 31, 2016 and the update was retrospectively applied to December 31, 2015. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impacting of adopting this update is reflected in the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* (ASU 2015-12). ASU 2015-12 simplifies accounting and reporting for employee benefit plans, by among other matters:

- designating contract value as the only required measure for fully benefit-responsive investment contracts;
- requiring that participant-directed and nonparticipant-directed investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways;
- removing the requirement to disclose investments that represent 5 percent or more of net assets available for benefits;
- eliminating the requirement to disclose the investment strategy for investments measured using the NAV per share (or its equivalent) if that investment is in a fund that files a Form 5500, as a direct filing entity;

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(2) Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncements, Continued

- permitting the fair value measurement note to be presented by only general type.

ASU 2015-12 is effective for plans with years beginning after December 15, 2015. The amendments in Parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan adopted ASU 2015-12 in 2016, with the prior period retrospectively adjusted. The adoption of ASU 2015-12 had no effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee and plan administrator determine the Plan's valuation policies utilizing the information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the year end excess contributions to the applicable participants prior to the subsequent March 15.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements December 31, 2016 and 2015

(2) Summary of Significant Accounting Policies, Continued

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 19, 2017, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company (Principal), the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The custodian has certified the following as complete and accurate:

- The investments at fair value at December 31, 2016 and 2015.
- Net appreciation in fair value of investments for the years ended December 31, 2016 and 2015.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year), except for participants loans.

(4) Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(4) Fair Value Measurements, Continued

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. In determining the reasonableness of the methodology, the Plan's trustee and plan administrator evaluated a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain observable inputs are assessed through review of contract terms (for example, duration or payroll date) while others are substantiated utilizing available market data.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end based on the market value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Guaranteed investment accounts	\$ -	\$ -	\$ 239,046	\$ 239,046
Investments measured at NAV as a practical expedient (a)				14,390,678
Investments at fair value				<u>\$ 14,629,724</u>
	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Guaranteed investment accounts	\$ -	\$ -	\$ 219,254	\$ 219,254
Investments measured at NAV as a practical expedient (a)				11,715,780
Investments at fair value				<u>\$ 11,935,034</u>

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments.

Notes to Financial Statements December 31, 2016 and 2015

(4) Fair Value Measurements, Continued

There were no significant transfers among investment levels during the years ended December 31, 2016 and 2015.

The following table summarizes the Plan's investments with a reported value using NAV per unit at December 31:

	2016	2015	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Principal pooled separate accounts	\$ 14,390,678	\$ 11,715,780	N/A	Daily	30 Days

Level 3 Gains and Losses

The following table sets forth the summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31:

Level 3 Assets Guaranteed Interest Accounts		
	2016	2015
Balance, beginning of year	\$ 219,254	\$ 254,814
Unrealized gains relating to instruments still held at the reporting date	6,746	1,794
Purchases	98,163	66,414
Settlements	(85,117)	(103,768)
Balance, end of year	\$ 239,046	\$ 219,254

Gains are (realized and unrealized) included in the changes in net assets for the periods above are reported in net appreciation in the fair value of the investments in the statements of changes in net assets available for benefits.

(5) Investment Contract with Insurance Company

The Plan maintains group annuity contracts with Principal through the guaranteed interest accounts. The annual crediting interest rate and average yield for the guaranteed interest accounts for the years ended December 31, 2016 and 2015 ranged from 0.35% to 1.23% and 0.35% to 1.30%, respectively. Maturities of the guaranteed interest accounts at December 31, 2016 range from December 31, 2017 to December 31, 2020.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(6) Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of pooled separate accounts and guaranteed interest accounts managed by Principal. Principal is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investments. The plan sponsor pays directly certain other fees related to the Plan's operations.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

(8) Tax Status

The Plan adopted a non-standard form of a prototype plan document sponsored by Principal. The prototype plan has received a letter from the IRS dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting policies generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Prohibited Transactions

During 2014, the Company failed to remit to the Plan's custodian certain employee contributions aggregating \$72,059 within the period prescribed by the DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors, the plan administrator has remitted all delinquent participant contributions to the Plan. The lost earnings on these delinquent participant contributions were corrected and remitted to affected participants in 2016.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
