NOTE 1 - DESCRIPTION OF PLAN

The following description of the AP Emissions Technologies, LLC 401(k) Pension Plan (formerly AP Exhaust Technologies, Inc. 401(k) Pension Plan) ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which is available from the plan administrator.

On February 4, 2016, the Eastern Manufacturing, Inc. 401K Plan was merged into the Plan. On June 1, 2015, the Group Leasing, LLC 401(k) Plan was merged into the Plan. As a result of these mergers, $1,926,255 and $5,364,537 were transferred into the Plan, respectively. See Note 9 for additional information.

General: The Plan is a defined contribution plan covering all employees of AP Emissions Technologies, LLC, AirTek, LLC, Aristo, LLC and Eastern Manufacturing, Inc. (collectively "the Company") who have completed one month of service for salary deferrals and 1,000 hours of service within a plan year for employer contributions, are not covered by a collective bargaining agreement, are not a nonresident alien, are not a leased employee, and have reached 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is trustee of the Plan.

Effective January 1, 2012, the Plan was amended to make the Company's fixed matching contributions non-discretionary. This change was made in order to convert the Plan to a safe harbor plan, which eliminated the need for annual discrimination testing.

Contributions: Participation in the Plan is optional. Participants may make pre-tax contributions up to the lesser of the federal statutory limit or 100% of eligible compensation as defined by the Plan. Additionally, participants who are age 50 by the end of the Plan year may make "catch-up" contributions of $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches 100% of participant contributions up to 4% of their eligible compensation per pay period. Employees must complete one year and 1,000 hours of service to be eligible to receive an employer matching contribution. The Company may also make a discretionary profit sharing contribution. No such profit sharing contribution was made in 2016 and 2015. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) the Company's discretionary contribution, if any, (b) the Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. The Company's non-discretionary fixed matching, plus actual earnings or losses thereon, are fully vested immediately

Investment Options: Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered by the Plan. Participants may change their investment options daily using the internet.

Participant Loans: The Plan agreement includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow up to 50% of their vested account balance up to a maximum of $50,000 subject to rules under the Internal Revenue Code. No loan will be made for less than $1,000, nor will a loan be made if a prior participant loan is currently outstanding. Loan terms range from 1-5 years for all loans except those that are for the purchase of a primary residence, which may be up to 10 years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid ratably through payroll withholdings.

Payment of Benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum or periodic payments equal to the value of the participant's vested account balance. Hardship withdrawals are also permitted by the Plan if certain criteria are met.

Earnings: Earnings include net asset appreciation (depreciation) and interest and dividends earned during the year.

Administrative Expenses: Processing fees and expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. All direct administrative expenses of the Plan, such as legal, accounting, and certain administrative costs, have been paid or reimbursed by the Company. All other expenses directly relating to participant transactions are deducted from those participant accounts as transactions occur.

Forfeited Accounts: At December 31, 2016 and 2015, forfeited, non-vested accounts total $2,706 and $1,355, respectively. These accounts may be used to offset future employer contributions or administrative expenses paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable: Notes receivable from participants are valued at their unpaid principle balance plus any accrued but unpaid interest.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Benefits paid to participants: Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The financial statements have been prepared using values and information currently available to the Plan. Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to present investments for which the practical expedient is used to measure fair value at net asset value ("NAV") within the fair value hierarchy table. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. The Plan elected to early adopt ASU 2015-07 as of December 31, 2015, as permitted. The adoption has been reflected in Note 4. The adoption had no impact on the Statements of Net Assets Available for Benefits or the Statements of Changes in Net Assets Available for Benefits as of December 31, 2016 and 2015.

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. Part II eliminates the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics, and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The Plan elected to early adopt ASU 2015-12 Parts I and II as of December 31, 2015, and are reflected in the Statements of Net Assets Available for Benefits and in the Notes to Financial Statements. Part III of the ASU is not applicable to the Plan.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFS 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2016	2015	
Investments			
Mutual funds	$ 14,165,883	$ 11,245,104	
Common collective trust fund	3,312,615	3,520,350	^

Notes receivable from participants	$ 737,126	$ 682,326	
Investment income (loss)			
Net appreciation (depreciation) in fair value investments	$ 563,782	$ (808,325)	^

	$ 1,312,804	$ (60,020)	
Interest income on notes receivable from participants	$ 38,337	$ 25,831	

^ - does not include adjustment from fair value to contract value for fully benefit-responsive investment contracts

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value and expands disclosures about fair value investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Common Collective Trust Fund: The Putnam Stable Value Fund is a common collective trust that primarily holds investments in fully benefit-responsive insurance contracts. The Plan's investments in the Putnam Stable Value Fund are considered indirect investments in fully benefit-responsive investment contracts, and therefore are valued at NAV, which is used as a practical expedient to estimate fair value. The stable value fund generally permits redemptions daily at the current NAV. If the fund experiences periods of insufficient liquidity than the stable value fund may defer honoring any payment request until liquidity is sufficient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,165,883	$ -	$ -	$ 14,165,883
Common collective trust fund measured at NAV*				3,312,615

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its operations at any time, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6 - INCOME TAX STATUS

The Plan is a prototype non-standardized profit sharing plan that is covered under an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - INCOME TAX STATUS (Continued)

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Indiana Department of Revenue. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are administrated by the Fidelity Management Trust Company. The Fidelity Management Trust Company is also the trustee/custodian of the Plan and, therefore, these transactions are party-in-interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.
