Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The Plan Administrator
NSS Enterprises, Inc.
UAW Local 12 Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the NSS Enterprises, Inc. UAW Local 12 Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of October 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years ended October 31, 2016 and 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fifth Third Bank, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of and for the years ended October 31, 2016 and 2015, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) and the supplemental Schedule H, line 4j-Schedule of Reportable Transactions as of and for the year ended October 31, 2016 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, are presented for the purpose of additional analysis, and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of the NSS Enterprises, Inc. UAW Local 12 Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined benefit plan established for the principal purpose of providing retirement, death, or disability benefits to employees of NSS Enterprises, Inc. (the Company and Plan Sponsor) who are represented by the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW) and its Local 12 and who are members of the bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On May 21, 2008, the UAW Local 12 ratified the labor agreement that was effective from August 1, 2008 through July 31, 2013. The labor agreement called for the freezing of the Plan as of January 1, 2009. Effective December 31, 2008, participants no longer accrue years of service, the benefit provision paid to qualifying retirees is frozen at \$26.00 per year of credited service, and all participants became fully vested. The subsequent labor agreement, effective from August 1, 2016 through July 31, 2020, did not change any Plan provisions.

Funding

Participants are not permitted to make contributions to the Plan. The Company contributes annually to meet the minimum funding requirements of ERISA and, at its discretion, may contribute more than the minimum funding requirement.

Benefits

Participants are entitled to benefits beginning at normal retirement age (the later of attaining age 65 or the completion of five years of creditable service as defined by the Plan). Retired employees eligible for the normal retirement benefits are entitled to a monthly benefit equal to multiplying a dollar amount, as specified by the date of retirement, by the years of credited service, both defined in the Plan document. Prior to January 1, 2009, accrued benefits were fully vested after completion of five years of credited service. Effective January 1, 2009, all participants became fully vested. Benefits are payable upon early, normal or late retirement.

Note 1 – Description of Plan (continued)

Benefits (continued)

Early retirement benefits, as defined by the Plan, are provided to employees who have attained age 60 and completed 10 years of credited service. Late retirement benefits are permitted, as defined by the Plan. Benefits are paid as a lump sum if less than \$5,000 or monthly in the form of joint and survivor or single life annuity, subject to the limitations set forth in the Plan document.

If an active participant, prior to attaining age 65 and with a vested interest in the Plan, becomes totally and permanently disabled, a disability pension, calculated in a manner similar to a normal retirement pension based on credited service as of the disability date, is paid to the participant.

Supplemental benefits shall also be paid to certain participants, as further discussed in the Plan document.

Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Administrative Expenses

Plan administrative expenses, provided by parties-in-interest, are typically paid by the Plan Sponsor and not charged to the Plan although the Plan document does not prohibit the payment of expenses.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Benefit payments to participants are recorded upon distribution.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's investments are held at Fifth Third Bank, the Plan's Trustee.

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value.

Exchange traded funds are valued at fair value based on closing prices on the last business day of each period presented.

Money market funds are valued using the amortized cost method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Most significantly, estimates are used in determining the actuarial present value of accumulated plan benefits. Actual results could differ from those estimates.

Note 2 – Significant Accounting Policies (continued)

New Accounting Pronouncement

In July 2015, FASB issued ASU 2015-12, *Amendments to Plan Accounting*, under Topics 960, 962, and 965. The ASU affects fully benefit-responsive investment contracts and plan investment disclosures. The ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Contract value is considered relevant because that is the amount at which plan participants would transact. The ASU eliminates the measurement and presentation of fair value disclosures for fully benefit-responsive investment contracts. The ASU also eliminates the requirement for an entity to disclose: individual investments that represent 5% or more of net assets available for benefits; the net appreciation or depreciation for investments by general type; and disaggregated investment information based on nature, characteristics and risks under Topic 820. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. The Plan has elected to early adopt part (ii) of ASU 2015-12. Parts (i) and (iii) are not applicable to this Plan.

Reclassifications

Certain 2015 amounts have been reclassified to conform to the 2016 presentation.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and schedules, including investments held at October 31, 2016 and 2015, net appreciation (depreciation) of investments, interest and dividends for the years then ended, were obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by the Trustee.

Note 4 – Fair Value Measurement

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Years Ended October 31, 2016 and 2015

Note 4 – Fair Value Measurement (continued)

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy the Plan's investments at fair value, as of October 31, 2016 and 2015. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Level 1 Investments at Fair Value as of October 31,	
	2016	2015
Mutual Funds	\$ 4,346,637	\$ 4,476,857
Money Market Fund	84,498	116,624
Exchange Traded Funds	605,368	459,936
Total Investments at Fair Value	<u>\$ 5,036,503</u>	<u>\$ 5,053,417</u>

Note 5 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are future periodic payments, including lump sum, that are attributable, under the Plan's provisions to services rendered by the participants to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits under the Plan are determined by considering the retirement date and the years of credited service. The accumulated plan benefit for active employees was determined using each employee's years of credited service and the benefit provision (based on a maximum of \$26.00) at October 31, 2015 and 2014. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The Plan's actuary estimated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of benefit payments (by means of decrements for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Note 5 – Actuarial Present Value of Accumulated Plan Benefits (continued)

The actuarial present value of accumulated plan benefit information as of October 31, 2015 (the latest available date) and 2014 are as follows:

	2015	2014
Actuarial Present Value of Accumulated Plan Benefits		
Vested benefits		
Participants currently receiving payments	\$ 2,341,738	\$ 2,119,348
Other participants	2,027,926	2,101,161
	4,369,664	4,220,509
Nonvested benefits	282,900	298,702
Total Actuarial Present Value of Accumulated Plan Benefits	<u>\$ 4,652,564</u>	<u>\$ 4,519,211</u>

Changes in the actuarial present value of accumulated plan benefits are as follows:

	2015
Actuarial Present Value of Accumulated Plan Benefits as of Beginning of Year	\$ 4,519,211
Increase (decrease) attributable to	
Additional benefits accumulated	62,466
Decrease in discount period	329,421
Benefits paid	(258,534)
Net increase (decrease)	133,353
Actuarial Present Value of Accumulated Plan Benefits as of End of Year	<u>\$ 4,652,564</u>

Significant assumptions underlying the actuarial computations are:

Mortality Basis	RP-2000 static, non-generational Mortality Table (2015 and 2014)
Retirement	At Normal Retirement (65) (2015 and 2014)
Interest Rate	7.5% (2015 and 2014)

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 6 – Income Taxes

The Internal Revenue Service has determined and informed the Company by a letter dated October 15, 2015 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Note 8 – Subsequent Events

Management has evaluated subsequent events through August 4, 2017, the date the financial statements were available to be issued, and determined that no events have occurred that require recognition or disclosure.

Statement of Actuarial Assumptions and Methods

Interest Rates

Funding: 24-month segment rates averaged through the end of June 2015, published in July 2015:

	Pre MAP-21/ HATFA	Reflecting MAP-21/ HATFA
a. First Rate, Years 1-5	1.31%	4.72%
b. Second Rate, Years 5-20	4.07%	6.11%
c. Third Rate, Years 20+	5.10%	6.81%
d. Effective Interest Rate using the above rates	4.35%	6.27%
e. Interest rate for developing expected value of assets, (limited by statute)		7.50%

Mortality

RP-2000 static, non-generational Mortality Table as described in Regulation 1.430(h)(3) projected by Scale AA, to between 7 and 15 years beyond the year of the obligation, male and female, with combined rates for annuitants and nonannuitants.

Rates of Retirement

64	2	25
65	70	70
66-69	50	50
70	100	100

Weighted Average Retirement Age is 65. This is the average retirement age for someone eligible to retire at all ages using the assumed retirement rates and no other decrements.

Appendix B (Continued)

Rates of Disability

None.

Rates of Turnover

Based on age and sex as follows:

<u>Age</u>	<u>Males</u>	<u>Females</u>
25	.099	.149
30	.069	.099
35	.049	.069
40	.028	.049
45	.017	.028
50	.004	.017
55	.000	.004

Assumptions Made In Valuing Spouse's Benefit

Eighty percent of the male and seventy percent of the female employees included in the valuation are assumed to be married. These percentages are used as the probabilities that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be three years younger than the husband.

Optional Form Election

All employees are assumed to elect the life annuity benefit.

Provision for Expenses

The expected administrative (i.e. non-investment) expenses that will be paid from plan assets, which were assumed to equal actual expenses during the prior year, were included in the Target Normal Cost for minimum contribution purposes.

Standing Elections

The client has signed an election that provides for the automatic use of the Carryover and/or Prefunding Balance if necessary at the end of the plan year to meet the minimum funding requirement.

Appendix B (Continued)

Asset Method

Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets.

Employees Valued

Only participants as of the valuation date were valued.

Changes in Assumptions and Methods since the Last Actuarial Valuation

The segmented interest rates used for determining the funding target were 4.99%, 6.32% and 6.99%. These rates were updated to the rates required for the current plan year.

The mortality table for the funding target was changed as required under PPA '06.

Justification for Changes in Actuarial Assumptions

The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."

 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
