NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan:

The following description of the Synapse Product Development, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Synapse Product Development, Inc. (the Company), except for employees covered by a collective bargaining agreement, nonresident aliens, temporary, seasonal, intern, or part-time. Generally, employees of the Company are eligible to participate in the Plan upon the Plan entry date immediately following the later of the date on which they are hired and attain age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The 401(k) Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. During 2016, Synapse Product Development, Inc. purchased substantially all of the assets of Synapse Product Development, LLC and the name of the Plan Sponsor was changed to Synapse Product Development, Inc. The name of the Plan was changed from Synapse Product Development 401(k) Plan and Trust to the Synapse Product Development, Inc. 401(k) Plan and Trust.

Each year, participants may elect to defer up to 95% of their annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollovers).

The Company provides a safe harbor matching contribution equal to 100% of the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation. Additional profit sharing amounts may be contributed at the option of the Company. During the year ended December 31, 2016, the Company did not make any discretionary profit sharing contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocations of the Company's discretionary contributions, Plan earnings, and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting:

Participants are immediately 100% vested in all contributions plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and the loan term cannot exceed a term of five years unless the proceeds were used for the purchase of a principal residence, where the period may be up to ten years. Principal and interest are paid ratably through payroll deductions. The loan interest rate is 3.25% on all loans.

Payment of benefits:

On termination of service due to termination of employment, death, disability, or retirement, participants or beneficiaries are to receive payment in the form of a lump sum amount equal to the value of the participant's vested interest in his or her account. Account balances under \$5,000 will be paid in a lump sum payment.

Hardship withdrawals are available only to the extent that the participant has no other financial resources to meet the financial need as defined in the Plan, and the amount of the withdrawal cannot exceed the amount needed.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued):

Forfeited accounts:

Forfeitures may be used to pay the Plan's administrative expenses and to reduce employer matching contributions. There were no forfeitures held in the forfeiture account as of December 31, 2016 and 2015.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (GAAP).

Use of estimates:

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's advisers. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through June 7, 2017, the date the financial statements were available to be issued.

3. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair value measurements (continued):

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015. The fair values of the Plan investments were all valued using Level 1 inputs within the fair value hierarchy at December 31, 2016 and 2015.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

**SYNAPSE PRODUCT DEVELOPMENT, INC.
401(k) PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Related party transactions and party-in-interest transactions:

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees are included in the net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

6. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their employer contributions.

7. Tax status:

The Plan adopted a prototype non-standardized profit sharing plan with Fidelity. Fidelity's prototype plan received a favorable determination letter from the IRS, dated March 31, 2014, that stated the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
