LABORATORY ALLIANCE OF
CENTRAL NEW YORK 401(k) PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of Plan

The following description of the Laboratory Alliance of Central New York (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of the Company who have one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the annual Internal Revenue Service (IRS) contribution limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 50 percent of participant contributions up to 6 percent of eligible compensation. Effective January 1, 2016, the Company may contribute a discretionary profit sharing contribution allocated based on the ratio of each participant's compensation to total compensation of all participants, as defined. There were no Company discretionary profit sharing contributions in 2016. Contributions are subject to certain IRS limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings (losses) thereon is based on years of continuous service and is as follows:

Years of service	Vesting percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate at the time the loan is originated. Principal and interest is paid ratably through biweekly payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

(g) Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totalled approximately $5,100 and $62,900, respectively. These accounts will be used to reduce Plan administrative expenses or future employer contributions. Also, in 2016, employer contributions were reduced by approximately $82,200 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 and should be applied retrospectively, with early application permitted. The Plan has adopted ASU 2015-07 as of and for the year ended December 31, 2016, with retrospective application to all periods presented, and has been reflected in note 3 - Fair Value Measurements.

ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the Net Asset Value (NAV) per share practical expedient. Although the investment is not categorized within the fair value hierarchy, the reporting entity shall provide the amount measured using the NAV per share (or its equivalent) practical expedient to permit reconciliation of the fair value of investments included in the fair value hierarchy to the fair value investment balance on the statement of net assets available for benefits.

(2) Summary of Significant Accounting Policies, Continued

(d) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability and a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants in 2017 and 2016, respectively.

(g) Payment of Benefits

Benefits are recorded when paid.

(h) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

(2) Summary of Significant Accounting Policies, Continued

(i) Concentrations

One investment held by the Plan represents approximately 22% and 21% of net assets available for benefits as of December 31, 2016 and 2015, respectively.

(j) Reclassifications

Certain amounts from the 2015 financial statements have been reclassified to conform to the 2016 presentation.

(k) Subsequent Events

Subsequent events have been evaluated through July 27, 2017, the date the financial statements were available to be issued.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

(3) Fair Value Measurements, Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust fund - stable value fund: Valued at the NAV of units of the stable value fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at fair value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy -				
Mutual funds	$ 13,792,089	-	-	13,792,089
Investment measured at NAV -				
Collective investment trust fund - stable value fund	-	-	-	3,192,452
	$ 13,792,089	-	-	16,984,541

(3) Fair Value Measurements, Continued

	Assets at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy -				
Mutual funds	$ 12,090,119	-	-	12,090,119
Investment measured at NAV -				
Collective investment trust fund - stable value fund	-	-	-	3,262,822
	$ 12,090,119	-	-	15,352,941

The following table summarizes investments whose NAV is used as a practical expedient to estimate fair value as of December 31:

	2016			
	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Collective investment trust fund - stable value fund	$ 3,192,452	None	Daily	None

	2015			
	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Collective investment trust fund - stable value fund	$ 3,262,822	None	Daily	None

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2016 and 2015, there were no transfers in or out of levels 1, 2 or 3.

(4) Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate, as of or for the year ended December 31:

	2016	2015
Investments, at fair value	$ 16,984,541	15,352,941
Cash	$ -	2,473
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	962,975	(92,385)
Interest and dividends	258,419	252,420
	$ 1,221,394	160,035

All information in the supplemental schedule, except for notes receivable from participants, is presented solely based upon the certification.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-Interest Transactions

Certain Plan investments are units of a collective investment trust fund - stable value fund, held by Unified Trust Company, N.A. Unified Trust Company, N.A. provides trustee services as defined by the Plan. Fees paid by the Plan for trustee services amounted to $51,377 and $54,433 for the years ended December 31, 2016 and 2015, respectively, and are included in administrative expenses in the statements of changes in net assets available for benefits.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(Continued)

(7) Tax Status

The Plan and trust have been established using a non-standardized prototype plan designed and maintained by the Plan's third-party administrator. The IRS has determined and informed the prototype sponsor by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2016 to Form 5500:

Benefits paid to participants per the financial statements	$ 1,282,242
Add: Current year excess contributions	7,952
