NOTE A - DESCRIPTION OF PLAN

The following description of the NES 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Prior to November 1, 2015, the Plan covered all National Enterprise Systems, Inc. (the Company and Plan Sponsor) employees who had completed one year of service with the Company, had at least 1,000 hours of service per Plan year, and had attained the age of 18. Effective November 1, 2015, the Plan was restated to exclude key employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Company.

Contributions

Each year, participants may elect to defer up to the lesser of 100% of compensation as defined by the Plan or the maximum contribution allowable by law. The Plan provides for a discretionary employer matching contribution for each participant. The Plan also provides for discretionary profit sharing contributions. No matching or profit sharing contributions were made for the year ended October 31, 2016. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (IRC). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Notes receivable terms range from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at rates that range from 3.25% to 3.50% at October 31, 2016. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

A participant, upon early or normal retirement, termination, or disability, or a participant's beneficiary upon the participant's death, may receive a lump-sum amount equal to the value of his or her account. If the value of the vested benefits credited to a participant's account is \$1,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the amount will be paid in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Active participants may request hardship withdrawals from their account balance, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce administrative expenses and the Company's matching contributions to the Plan. Unallocated forfeiture balances as of October 31, 2016 and 2015 were \$32 and \$-0-, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued an Accounting Standards Update (ASU) which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The ASU is effective retrospectively for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to early adopt this ASU in these financial statements for the year ended October 31, 2016, and applied changes retrospectively to the statement of net assets available for benefits as of October 31, 2015.

In July 2015, the FASB issued an ASU which simplifies financial reporting for employee benefit plans. This ASU contains three parts. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II, among other things, eliminates the requirements to (i) disclose individual investments that represent five percent or more of net assets available for benefits, (ii) disclose the net appreciation or depreciation in fair value of investments by type, and (iii) disaggregate investments measured at fair value by nature, characteristics, and type, and instead disaggregate them by general type. Part III is not applicable to the Plan. This ASU is effective retrospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management has elected to early adopt this ASU in these financial statements for the year ended October 31, 2016, and applied the changes retrospectively to the statement of net assets available for benefits as of October 31, 2015.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of October 31, 2016 or 2015. If a participant ceases to make payments on a note receivable and the plan administrator deems the note receivable to be in default, the balance on the note receivable is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes to Financial Statements

October 31, 2016 and 2015 and Year Ended October 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Participant contributions are recorded and credited to each participant's account when received by the custodian from the Company. Any contributions attributable to the Plan year but not received by the trust by the last day of the Plan year are recorded as a receivable.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability and a corresponding reduction to contributions. The Plan distributed \$39,429 and \$17,867 in excess contributions payable at October 31, 2016 and 2015, respectively, to the applicable participants prior to January 15, 2017 and 2016, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income.

Income Taxes

The Company adopted a defined contribution prototype plan and trust which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 8, 2017, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at October 31, 2016 and 2015, and net depreciation in the fair value of investments, interest, and dividends for the year ended October 31, 2016 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

NES 401(K) RETIREMENT PLAN

Notes to Financial Statements

October 31, 2016 and 2015 and Year Ended October 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of October 31, 2016 are summarized below:

	<u>Level 1</u>
Money market fund	\$ 32
Mutual funds	<u>4,281,973</u>
Total	<u><u>\$ 4,282,005</u></u>

The Plan's investments accounted for at fair value as of October 31, 2015 are summarized below:

	<u>Level 1</u>
Mutual funds	<u><u>\$ 4,070,543</u></u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of October 31, 2016 and 2015.

Money market funds and mutual funds are valued at the net asset value of shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NES 401(K) RETIREMENT PLAN

Notes to Financial Statements

October 31, 2016 and 2015 and Year Ended October 31, 2016

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a traditional fully benefit-responsive guaranteed investment contract with CUNA Mutual Financial Group Life Insurance Company (CUNA) totaling \$84,070 and \$291,875 at October 31, 2016 and 2015, respectively. Contributions from the Plan are maintained in Cuna's general account. The account is credited with earnings on a net daily basis at quarterly guaranteed rates and charged for participant withdrawals and administrative expenses. CUNA is contractually obligated to repay the principal and interest accumulated at the rate guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the Plan and termination of the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total participant account balances.

Notes to Financial Statements

October 31, 2016 and 2015 and Year Ended October 31, 2016

NOTE G - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of Central Bank and Trust Co., and the related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE I - DELINQUENT CONTRIBUTIONS

ERISA Section 2510.3-102, requires the Plan Sponsor to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. The Company remitted employee contributions to the custodian between eight and thirteen days after the payroll date, which were deemed by the third party administrator to be late during 2016, totaling \$33,082. Lost earnings were remitted to the Plan in December 2016.
