We were engaged to audit the accompanying financial statements of the Summit Industrial Construction, LLC Profit Sharing 401(k) Plan, which comprise the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

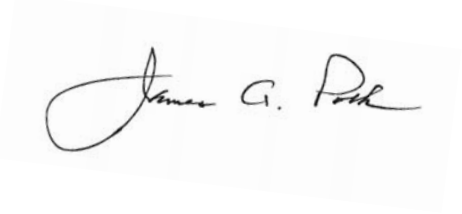

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Summit Industrial Construction, LLC Profit Sharing 401(k) Plan

Notes to Financial Statements
December 31, 2016

Note 1: Description of Plan

The following description of Summit Industrial Construction, LLC Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all qualified employees of Summit Industrial Construction, LLC (the Plan Sponsor or the Company), except for employees subject to a collective bargaining agreement. The Plan became effective on January 1, 2012. Employees are eligible to participate in the Plan and receive annual employer discretionary matching contributions upon employment and after attaining the age of twenty-one. Employees who do not meet the minimum age requirement on the date of employment may enroll in the Plan on the first day of the month coinciding with or next following their attainment of age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit pretax contributions to the Plan. Under the salary deferral provisions of the Plan participants may elect to contribute from 1% to 100% of pretax annual compensation, as defined in the Plan Document and subject to aggregate limits imposed by the Internal Revenue Service (IRS) regulations. Aggregate limits as prescribed by the IRS are $18,000 for participants under the age of fifty. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions totaling no more than $6,000, for a total aggregate limit of $24,000. If a contribution election is not made by the participant they are then subject to the Plan's automatic deferral requirements. Per the Plan Document the initial automatic deferral percentage is 2%. Participants direct the investment of their contribution into various investment options offered by the Plan.

The Plan Sponsor may elect to make an annual discretionary matching contribution, subject to limitation under the IRC, of participants' pretax contributions. The amount of the discretionary matching contributions, if any, is determined by the Plan Sponsor. In order to be eligible for the discretionary matching contribution a participant must complete one year of service, defined as 1,000 hours of service during the Plan year, and be employed on the last day of the plan year. For the plan year ended December 31, 2016, the Plan Sponsor elected to provide a discretionary matching contribution of 50% of the first 8% of eligible compensation deferred by each participant. Plan Sponsor discretionary matching contributions totaled $117,754 for the year ended December 31, 2016.

At the discretion of the Plan Sponsor, employees may deposit rollover contributions from another qualified plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the Plan Sponsor.

Administration

The Company and certain officers of the Company serve as the Plan Administrators and Trustees of the Plan. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

The Plan Administrator engaged Transamerica Financial Life Insurance Company (Transamerica) as a third-party administrator and recordkeeper. As the recordkeeper, Transamerica maintains all records for the Plan to include, but not limited to participant data, balances, contributions, distributions, and plan balances (See Note 3 and 6).

State Street Bank and Trust Company (State Street) serves as custodian of the Plan, pursuant to the Plan Document. The custodian serves as the intermediary for all asset purchases and redemptions, manages investment options of the Plan, receives all contributions made under the Plan, pays benefits to participants and executes other transactions as directed by the Plan Sponsor (Note 6).

Expenses

Certain administrative expenses of the Plan are paid by the Plan Sponsor and may not be included in the Statement of Changes in Net Assets Available for Benefits. Expenses include, but are not limited to, voluntary payment of audit, legal, accounting, recordkeeping fees, and investment advisory and administrative fees. A proportionate share of fees and expenses paid by the Plan are charged to each participant's account. Investment expenses paid by the Plan totaled $16,445 for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with pretax contributions and/or rollovers made by the participant and the participant's portion of the Plan Sponsor's matching contribution, profit sharing contribution, and plan earnings. Earnings, expenses, and gains and losses on investments are allocated to the participants' accounts annually based on participant account balances, as defined in the Plan Agreement.

Vesting

Participant vesting in the Plan Sponsor's discretionary matching and/or profit sharing contributions and income earned thereon is based on years of service during which an employee completes at least 1,000 hours of service with the Plan Sponsor. All participants become 100% vested after six years of service. The vesting percentages are as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested upon termination of the Plan or upon reaching normal retirement age of sixty-five, disability, or death while an employee of the Plan Sponsor.

Any portion of a participant's account balance attributable to pretax employee contributions and rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments of 1% (totaling 100%) among various investment options, including certain options for which the custodian or its affiliates serve as investment advisors selected by the Plan Administrator (see Notes 3 and 6).

Withdrawals

A participant may withdraw up to 100% of the participant's elective deferrals, Roth elective deferrals, rollover contributions, and vested employer matching contributions, plus any earnings on the aforementioned contributions, in the event of an immediate financial hardship, as defined in the Plan Agreement. Hardship distributions may not exceed the amount of the participant's financial hardship or be repaid by the participant. If a participant receives a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age fifty-nine and one-half.

Upon normal retirement, termination of employment, disability, or death a participant or beneficiary may elect to receive the value of their vested account by transfer to another qualified plan, individual retirement account, through installment payments, or partial withdrawal. The Plan may, upon termination of service of a participant for any reason, automatically pay the benefits owed in a lump sum if the account balance is $1,000 or less.

Distributions from the Plan may be subject to income taxes and in certain circumstances may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Notes Receivable from Participants

In the event of a financial hardship, as outlined in the Plan Document, participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the date on which the loan was made or 50% of their vested account balance. Notes receivable from participants have terms ranging from one to five years, are secured by the vested balance in the participant's account, and bear interest at the prime rate (3.75% as of December 31, 2016) plus 1%. Notes are not authorized for financing the purchase of a participant's principal residence. Notes receivable from participants are immediately due and payable if a participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the agreement.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Forfeitures

Nonvested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account or after five consecutive one-year breaks in service, as defined in the Plan Agreement, subject to the possibility of reinstatement before the end of five consecutive one year breaks in service. Forfeitures of terminated employees' nonvested accounts may be used to restore participant forfeitures, offset plan expenses, or reduce the Plan Sponsor's matching contributions. For the years ended December 31, 2016 and 2015, forfeitures totaled $132,663 and $60,356, respectively, and are included in interest bearing cash on the Statement of Net Assets Available for Benefits. For the year ended December 31, 2016, $2,063 in forfeitures were used to offset plan expenses.

Note 2: Summary of Accounting Policies

Basis of Accounting

The accompanying Statements of Net Assets Available for Benefits and Changes in Net Assets Available for Benefits have been prepared on the accrual basis of accounting.

New Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* (ASU 2015-12). ASU 2015-12 simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits; and (iii) the net appreciation or depreciation for investments to be presented in the aggregate rather than disaggregated and disclosed by general type. The standard also eliminates the requirement to disclose the significant investment strategy for certain investments that are measured using the net asset value per share practical expedient. Further, ASU 2015-12 provides a practical expedient to permit benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. Parts I and II of this standard are effective for fiscal years beginning after December 15, 2015 with retrospective application. Part III of this standard is effective for fiscal years beginning after December 15, 2015 with prospective application. Early adoption is permitted.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which, among other things, amends Accounting Standards Codification 820, Fair Value Measurements, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The new guidance is effective for fiscal years beginning after December 15, 2016, and early adoption is permitted.

The Plan Sponsor has applied ASU 2015-12 to the financial statements and related disclosures as of and for the years ended December 31, 2016 and 2015. The Plan Sponsor elected to apply ASU 2015-07 to the financial statements and related disclosures, as of and for the year ended December 31, 2016. As required by the standards, all changes were applied retroactively to all periods presented in the accompanying financial statements upon adoption.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payments of Benefits

Benefits paid include direct payments by the Plan to participants or their beneficiaries. Benefit payments are expensed when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Subsequent Events

In accordance with Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*, the Company has evaluated for subsequent events between December 31, 2016, the date of the Statement of Net Assets Available for Benefits, and July 26, 2017, the issuance date of the financial statements, and has concluded that no recognized or non-recognized subsequent events have occurred.

Risks and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2016	2015
Statements of net assets available for benefits:		
Investments:		
Cash	$ 132,663	$ 60,356
Mutual funds	1,391,344	1,327,116
Common collective trust	55,993	28,837
Statement of changes in net assets available for benefits:		
Investment income:		
Net appreciation in value of investments	$ 93,476	
Interest and dividends on investments	15,200	
Interest on interest bearing cash	632	

Note 4: Fair Value Measurements

ASC 820-10, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 -Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Investments in mutual funds are valued at quoted market prices as provided by the Plan trustee.

The common collective trust is a stable value fund comprised primarily of fully benefit responsive guaranteed investment contracts that are valued at net asset value (NAV). The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions; however, the issuer reserves the right to require the Plan to provide written notice from the Plan's authorized representative to liquidate its entire share in the fund. There are currently no unfunded commitments on this investment.

Net appreciation in the fair value of the mutual funds represents the change in fair value during the year including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Cash	$ 132,663	$ -	$ -	$ 132,663
Mutual funds	1,391,344	-	-	1,391,344
Total assets at fair value	$ 1,524,007	$ -	$ -	$ 1,524,007
Investment measured using net asset value per share practical expedient				55,993
Total investments				$ 1,580,000

Investments as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Cash	$ 60,356	$ -	$ -	$ 60,356
Mutual funds	1,327,116	-	-	1,327,116
Total assets at fair value	$ 1,387,472	$ -	$ -	$ 1,387,472
Investment measured using net asset value per share practical expedient				28,837
Total investments				$ 1,416,309

Note 5: Income Tax Status

Effective January 1, 2012, the Plan Sponsor entered into a nonstandardized adoption agreement of the Transamerica *Volume Submitter Profit Sharing Plan with CODA* (the prototype plan). The prototype plan received a favorable opinion letter from the IRS on March 31, 2014, which stated that the prototype plan and related trust were designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions and the Plan years ended December 31, 2016 and 2015 remain subject to audit; however, there are currently no audits for any tax periods in progress. Plan years 2016 and 2015 remain subject to examination until the statute of limitations expires.

The Plan has not obtained an individual IRS determination letter. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2016.

Note 6: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements follows:

	2016	2015
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	$ 1,711,085	$ 1,597,339
Adjustment to accrue current year participant contributions receivable	9,254	13,492
Adjustment to accrue current year employer contributions payable	(15,984)	(466)
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	-	(143)
Net assets, as reported in the accompanying financial statements	$ 1,704,355	$ 1,610,222
Changes in Net Assets Available for Benefits		
Increase in net assets, as reported on Form 5500	$ 113,746	
Adjustment to accrue current year participant contributions receivable	9,254	
Adjustment to reverse prior year participant contributions receivable	(13,492)	
Adjustment to accrue current year employer contributions payable	(15,984)	
Adjustment to reverse prior year employer contributions payable	466	
Adjustment from fair value to contract value for fully benefit-responsive investment contracts for 2015	143	
Increase in net assets, as reported in the accompanying financial statements	$ 94,133	

Note 7: Party-in-Interest Transactions

Transamerica and State Street (see Note 1) perform services for, sell products to, and/or manage and maintain certain investments of the Plan for which fees are charged to the Plan. All expenses incurred are paid by the Plan or the participants. Direct expenses incurred by the Plan from Transamerica for third-party administration services totaled $16,445 for the year ended December 31, 2016. A proportionate share of fees and expenses paid by the Plan are charged to each participant's account (Note 1). Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants' accounts would become fully vested and distributed in accordance with Plan provisions until all assets have been distributed by the trustee.

Note 9: Excess Contributions Payable

Due to excess employer matching contributions made to certain participants during 2016 and 2015, the Plan was not in compliance with IRC Section 401(k). As a result, excess employer matching contributions totaling $15,984 and $466 were payable to certain participants at December 31, 2016 and 2015, respectively; such amounts are deducted from contributions in the accompanying Statement of Changes in Net Assets Available for Benefits.
