PLAN ADMINISTRATOR
JAMES MOORE & CO., P.L.
401(k) RETIREMENT PLAN
Gainesville, Florida

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of James Moore & Co., P.L. 401 (k) Retirement Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of October 31, 2016 and 2015, and the related statements of changes in net assets available for benefits (modified cash basis) for the year ended October 31, 2016, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Personal Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended October 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

BASIS OF ACCOUNTING

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

OTHER MATTER

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan:

The following description of James Moore & Co., P.L. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a volume submitter, cross-tested, defined contribution prototype plan and trust covering substantially all employees of James Moore & Co., P.L. The Company sponsors a single-employer plan. Participants who are not excluded and have attained the age of 21 are eligible for salary deferral contributions. Excluded employees include collective bargaining employees, non-resident aliens, part-time/temporary/seasonal employees, defined as employees whose regularly scheduled service is less than 1,000 hours in the relevant eligibility computation period and interns. Participants actively employed at Plan year-end are eligible to share in the allocations of the Plan's employer profit sharing discretionary contribution. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute up to 100% of pretax and post-tax annual compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Company may contribute discretionary profit sharing contributions to the Plan. For the year ended October 31, 2016, the Company elected to make discretionary profit sharing contributions to the Plan in the amount of $809,160. Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Contributions are subject to certain limitations.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The Company currently offers 17 mutual funds, one common/collective trust fund, and a self-directed brokerage account as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's matching and discretionary profit sharing contribution portion of their accounts based on years of service. A participant is fully vested after six years of credited service. Participants become immediately 100% vested in the Company's contribution portion of their accounts upon death or disability.

(e) **Notes receivable from participants**—Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the excess, if any, of their highest outstanding loan balance from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding loan balance as of the date of the new loan, or 50% of their vested account balances. The loans are secured by the balances in the participant's account and bear interest rates ranging from 4.25% to 4.50% with a term not to exceed five years, unless permitted otherwise by the plan administrator. Principal and interest is paid ratably through payroll deductions.

(f) **Payment of benefits**—Upon termination of service, retirement, disability or death, participants may receive a distribution equal to their vested account balance. Distributions may be paid in the form of a lump-sum payment. The participant's contributions may also be withdrawn for certain hardship situations.

(g) **Forfeited accounts**—At October 31, 2016 and 2015, forfeited non-vested accounts totaled $3,948 and $31,480, respectively. These accounts will be used to reduce future employer contributions. In 2016, employer contributions were reduced by $31,480 of forfeited non-vested accounts.

(h) **Administrative expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Company. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e.: loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation of fair value of investments.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The financial statements of the Plan are presented under the modified cash basis method of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this method of accounting, investments are adjusted to fair or contract value, revenues are recognized when cash is received rather than when earned and expenses are recognized when cash is disbursed rather than when the obligation is incurred.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when paid. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Use of estimates**—The preparation of financial statements in conformity with the modified cost basis of accounting requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(f) **Subsequent events**—The plan has evaluated events and transactions for potential recognition of disclosure in the financial statements through August 8, 2017, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(3) **Information Certified by the Custodian:**

All investment information related to mutual funds, common/collective trusts and self-directed brokerage accounts disclosed in the accompanying financial statements and schedules, including investments held at October 31, 2016 and 2015, and the net depreciation in fair value of these investments and interest and dividend income for the year ended October 31, 2016, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Personal Trust Company, the custodian of the plan.

(4) **Investments and Fair Value Measurements:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2016 and 2015.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Common stock held in the self-directed brokerage accounts are valued at closing price reported on the active market on which the individual securities are traded.

Mutual funds held in the self-directed brokerage accounts are valued using methodology consistent with mutual funds held by the Plan, as stated above.

Common/collective trust – Composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments. (See Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the assets and liabilities of the Plan for which fair values are determined on a recurring basis:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
October 31, 2016:				
Mutual Funds	$ 17,877,110	$ -	$ -	$ 17,877,110
Self-directed brokerage accounts	166,316	-	-	166,316
Common/collective trust measured at Net Asset Value*	-	-	-	639,380
Total investments at fair value	$ 18,043,426	$ -	$ -	$ 18,682,806

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
October 31, 2015:				
Mutual Funds	$ 17,388,586	$ -	$ -	$ 17,388,586
Self-directed brokerage accounts	146,798	-	-	146,798
Common/collective trust measured at Net Asset Value*	-	-	-	447,032
Total investments at fair value	$ 17,535,384	$ -	$ -	$ 17,982,416

*In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) **Fully Benefit-Responsive Investment Contract:**

The Plan's investment in the Federated Capital Preservation Fund common/collective trust is a fully benefit-responsive contract and is comprised of a traditional investment contract and a portfolio of synthetic investment contracts. The fund is reported at fair value (see Note 4), which approximates contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events may differ under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or failure of the trust to be tax-exempt under Section 501(a) of the IRC, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or

(5) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at the contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan 's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

(6) **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) **Income Tax Status:**

The plan adopted a volume submitter plan that obtained a favorable determination letter from the Internal Revenue Service dated April 2, 2012. A favorable determination letter qualifies the Plan under section 401(a) of the Internal Revenue Code (IRC), and the Plan is therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income.

(8) **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) **Parties-in-Interest:**

Plan investments are held with Fidelity Investments, custodian of the Plan. Plan investments are managed by Honkamp Krueger Financial Services ("HKFS"), fiduciary of the Plan. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment. HKFS also provides third party administrative services to the Plan. Fees incurred by the Plan for third party administrative services are included in administrative expenses.

Certain participants of the Plan have outstanding loans with the Plan at December 31, 2016 and 2015. These loans are considered party-in-interest transactions according to the Department of Labor guidelines. Total outstanding loans as of December 31, 2016 and 2015 were $141,590 and $222,918, respectively.

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of James Moore & Co., P.L. 401 (k) Retirement Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of October 31, 2016 and 2015, and the related statements of changes in net assets available for benefits (modified cash basis) for the year ended October 31, 2016, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Personal Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended October 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

BASIS OF ACCOUNTING

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

OTHER MATTER

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan:

The following description of James Moore & Co., P.L. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a volume submitter, cross-tested, defined contribution prototype plan and trust covering substantially all employees of James Moore & Co., P.L. The Company sponsors a single-employer plan. Participants who are not excluded and have attained the age of 21 are eligible for salary deferral contributions. Excluded employees include collective bargaining employees, non-resident aliens, part-time/temporary/seasonal employees, defined as employees whose regularly scheduled service is less than 1,000 hours in the relevant eligibility computation period and interns. Participants actively employed at Plan year-end are eligible to share in the allocations of the Plan's employer profit sharing discretionary contribution. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute up to 100% of pretax and post-tax annual compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Company may contribute discretionary profit sharing contributions to the Plan. For the year ended October 31, 2016, the Company elected to make discretionary profit sharing contributions to the Plan in the amount of $809,160. Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Contributions are subject to certain limitations.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The Company currently offers 17 mutual funds, one common/collective trust fund, and a self-directed brokerage account as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's matching and discretionary profit sharing contribution portion of their accounts based on years of service. A participant is fully vested after six years of credited service. Participants become immediately 100% vested in the Company's contribution portion of their accounts upon death or disability.

(e) **Notes receivable from participants**—Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the excess, if any, of their highest outstanding loan balance from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding loan balance as of the date of the new loan, or 50% of their vested account balances. The loans are secured by the balances in the participant's account and bear interest rates ranging from 4.25% to 4.50% with a term not to exceed five years, unless permitted otherwise by the plan administrator. Principal and interest is paid ratably through payroll deductions.

(f) **Payment of benefits**—Upon termination of service, retirement, disability or death, participants may receive a distribution equal to their vested account balance. Distributions may be paid in the form of a lump-sum payment. The participant's contributions may also be withdrawn for certain hardship situations.

(g) **Forfeited accounts**—At October 31, 2016 and 2015, forfeited non-vested accounts totaled $3,948 and $31,480, respectively. These accounts will be used to reduce future employer contributions. In 2016, employer contributions were reduced by $31,480 of forfeited non-vested accounts.

(h) **Administrative expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Company. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e.: loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation of fair value of investments.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The financial statements of the Plan are presented under the modified cash basis method of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under this method of accounting, investments are adjusted to fair or contract value, revenues are recognized when cash is received rather than when earned and expenses are recognized when cash is disbursed rather than when the obligation is incurred.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when paid. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Use of estimates**—The preparation of financial statements in conformity with the modified cost basis of accounting requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(f) **Subsequent events**—The plan has evaluated events and transactions for potential recognition of disclosure in the financial statements through August 8, 2017, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(3) **Information Certified by the Custodian:**

All investment information related to mutual funds, common/collective trusts and self-directed brokerage accounts disclosed in the accompanying financial statements and schedules, including investments held at October 31, 2016 and 2015, and the net depreciation in fair value of these investments and interest and dividend income for the year ended October 31, 2016, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Personal Trust Company, the custodian of the plan.

(4) **Investments and Fair Value Measurements:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2016 and 2015.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Common stock held in the self-directed brokerage accounts are valued at closing price reported on the active market on which the individual securities are traded.

Mutual funds held in the self-directed brokerage accounts are valued using methodology consistent with mutual funds held by the Plan, as stated above.

Common/collective trust – Composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments. (See Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the assets and liabilities of the Plan for which fair values are determined on a recurring basis:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
October 31, 2016:				
Mutual Funds	$ 17,877,110	$ -	$ -	$ 17,877,110

*In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) **Fully Benefit-Responsive Investment Contract:**

The Plan's investment in the Federated Capital Preservation Fund common/collective trust is a fully benefit-responsive contract and is comprised of a traditional investment contract and a portfolio of synthetic investment contracts. The fund is reported at fair value (see Note 4), which approximates contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events may differ under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or failure of the trust to be tax-exempt under Section 501(a) of the IRC, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or

(5) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at the contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan 's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

(6) **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) **Income Tax Status:**

The plan adopted a volume submitter plan that obtained a favorable determination letter from the Internal Revenue Service dated April 2, 2012. A favorable determination letter qualifies the Plan under section 401(a) of the Internal Revenue Code (IRC), and the Plan is therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income.

(8) **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) **Parties-in-Interest:**

Plan investments are held with Fidelity Investments, custodian of the Plan. Plan investments are managed by Honkamp Krueger Financial Services ("HKFS"), fiduciary of the Plan. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment. HKFS also provides third party administrative services to the Plan. Fees incurred by the Plan for third party administrative services are included in administrative expenses.

Certain participants of the Plan have outstanding loans with the Plan at December 31, 2016 and 2015. These loans are considered party-in-interest transactions according to the Department of Labor guidelines. Total outstanding loans as of December 31, 2016 and 2015 were $141,590 and $222,918, respectively.
