LANEHART ELECTRICAL CONTRACTORS, LLC
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Lanehart Electrical Contractors, LLC ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation. The Plan currently offers a number of mutual funds and a money market account as investment options for participants. The Company contributes 25 percent of the first 5 percent of base compensation that a participant contributes to the Plan. The Company's matching contribution is credited directly into each participant's account and is invested per the participant's direction. Contributions consist solely of cash. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. The Company did not make profit sharing contributions in 2016 or 2015. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.50% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits
On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts
At December 31, 2016 and 2015, forfeited nonvested accounts totaled $3,599 and $6,320, respectively. These accounts will be reallocated to participants and/or used to supplement Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared using contract value for the fully benefit-responsive investment contract. See Notes 3 and 6.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Certain accounting and auditing fees are paid by the Company. All other expenses of maintaining the Plan are paid by the Plan.

Subsequent Events
The Plan has evaluated subsequent events through August 2, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 3 Fair Value Measurements

The guaranteed investment contract (GIC) (Note 6) with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by the trustee as described in the Plan's group annuity contract or funding agreement. Generally, the fair market value (FMV) is equal to the book value less any Contingent Deferred Sales Charge (CDSC), if applicable, and market value adjustment (MVA).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)

Guaranteed investment contract with insurance company	26,280	-	26,280
Total assets at fair value	$ 4,752,562	$ 4,726,282	$ 26,280

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract with the insurance company for the years ended December 31, 2016 and 2015. See Note 6.

Ending balance	$ 26,280
The amount of total gains or losses for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets held at the end of the reporting period.	$ 396

NOTE 3 – FAIR VALUE MEASUREMENT (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments. Unrealized gains/(losses) from the guaranteed investment contract are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for the presentation in net assets available for benefits.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 at the end of the reporting period. For the years ended December 31, 2016 and 2015, there were no significant transfers between Level 1 and Level 2 or into or out of Level 3.

Quantitative information about Significant Unobservable Inputs used in Level 3 Fair Value Measurements.

The following table represents the significant unobservable inputs and the ranges of values for those inputs used to measure fair value of the Plan's level 3 financial instruments using the income approach.

NOTE 4 – SUMMARY OF SIGNIFICANT PLAN AMENDMENTS

Change in Employer Matching Eligibility Requirements

Effective January 1, 2016 the Plan Sponsor adopted the following change in eligibility requirements for participants to share in employer non-elective and matching contribution allocations:

1. Participant must complete 1,000 hours of service during the Plan year.
2. Participant must be employed on the last day of the Plan year

NOTE 4 – SUMMARY OF SIGNIFICANT PLAN AMENDMENTS (continued)

Change in Matching Contribution Funding Policy

Effective January 1, 2016 the Plan Sponsor adopted the following change in funding the employer matching contributions:

> Matching contributions will be allocated to each participant who made a salary deferral contribution to the Plan during the plan year based on eligibility to receive a matching contribution as stated in the Plan document. The matching contribution will be determined no later than January 31 of the year following the Plan year to assure proper ERISA testing and to allow for potential refunds that may be required as the result of Plan testing.
>
> Employer matching contributions will be accrued throughout the year and submitted as a one-time payment annually before the due date of the Plan sponsor's income tax return including extensions, coinciding with the Plan year.

NOTE 5 – INVESTMENTS

Except for its investment contract with an insurance company (Note 6), the Plan's investments are held in a financial services trust fund. Investments that represent 5% or more of the Plan's net assets are separately identified.

NOTE 5 – INVESTMENTS (contined)

During 2016, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $324,181 as follows:

Mutual funds	$ 324,162
Investment contract(s)	19
	$ 324,181

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a fully benefit-responsive guaranteed investment contract with Nationwide. Investment contract GAP-7P-FA6T has no restrictions to participants when exchanging in and out of the contract.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits.

Nationwide maintains contributions in their general account in the Guaranteed Fund. The amount of the Guaranteed Fund at any time will be equal to the total of the deposits credited in accordance with the contract, plus any amounts exchanged, plus interest as provided per the contract, less any withdrawals made from the fund. During each contract year, the Guaranteed Fund will be credited with daily interest at an effective annual rate. At the beginning of each calendar quarter, Nationwide will calculate an interest rate which will be credited to the fund during that quarter. The net rate, the crediting rate, and the average yield for GAP-7P-FA6T are the same. The guaranteed contract crediting rates ranged from 2.05% - 2.10% for 2016 and 2.05% - 2.05% for 2015 for GAP-7P-FA6T.

The guaranteed investment contract does not have a maturity date and does not provide for a distribution at book value at some specified future date. The contract holder may request a lump sum distribution with a MVA or an installment payout, at book value, over a period of years. GAP-7P-FA6T investment contract continues in force until all assets have been distributed, no further payments are due, or if twelve months following the issue date of the contract, no deposits have been made to this contract or to a companion contract. This contract currently does not have a contingent deferred sales charge.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2016 and 2015 was $28,045 and $26,280 respectively.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events limit the Plan's ability to transact at contract value with Nationwide. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

Nationwide reserves the right to terminate this contract with ninety days notice. Should Nationwide decide to terminate the contract, the contract owner will notify Nationwide that it wishes to take the following actions:

a) Purchase an annuity for each affected participant or
b) Transfer monies in installments to a funding successor as described in the contract or
c) Transfer monies in a lump sum to a funding successor as described in the contract

Should the contract owner fail to notify Nationwide within ninety days, Nationwide reserves the right to transfer monies in a lump sum out of this contract following the terms and conditions of the contract, and deposit the proceeds in a non-interest bearing account at Nationwide. Termination of this contract will not result in the loss of any benefits under an annuity purchased on behalf of a participant pursuant to this contract.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide. Nationwide is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the investment management services amounted to $55,202 for the year ended December 31, 2016.

In addition, the Plan incurs expenses related to certain accounting and auditing fees that are paid by the Company.

The Plan allows participants to borrow from their own accounts. These transactions are also considered party-in-interest transactions.

Related party transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons. The Plan has engaged

NOTE 7 – RELATED PARTY TRANSACTIONS (continued)

in these types of related party transactions. All transactions were consummated on terms that prevail in arm's length transactions, and were subject to the same terms, limitations and restrictions as all other participants.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – TAX STATUS

The Plan is operated under a standard prototype plan. In its opinion letter of March 31, 2014, the Internal Revenue Service stated that the prototype plan and related trust, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 10 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Financial Services, Inc. (the trustee of the Plan) as follows:

	2016	2015
Investments, at fair value	$ 5,502,019	$ 4,752,562
Loans to participants	179,636	189,968
Investment income/(loss)	324,181	(7,674)

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Schedule H of Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	$ 5,811,520	$ 4,943,913
Employer contribution receivable as of 12/31/16	(128,544)	-
Rounding	(1)	-
Net assets available for benefits per Schedule H of Form 5500	$ 5,682,975	$ 4,943,913

NOTE 12 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
