MILLENNIUM TRUST COMPANY, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF PLAN

The following summary description of Millennium Trust Company, LLC (Millennium) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering any employee of Millennium who has attained the age of 21 and has completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of their annual compensation as defined in the Plan up to the maximum limit which is set by law. The limit is $18,000 for 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers sixteen mutual funds and a self directed brokerage account as investment options for participants. At the discretion of Millennium's board of directors, Millennium may contribute matching and/or profit sharing contributions which are allocated to separate accounts maintained for each participant. Millennium's discretionary matching contribution is equal to 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Millennium's discretionary profit sharing contribution is allocated among participants based on the participant's compensation as a percentage of compensation of all eligible participants. Millennium's contributions allocated to each participant are invested in the same manner as the participants contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Millennium's contribution and Plan earnings and may be charged with an allocation of administration expenses. Allocations are based on participant account balances or as an equal dollar amount based on the number of participants in the Plan depending on the nature of the expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus any rollover amounts from another plan and actual earnings thereon. Vesting in Millennium's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate set by the 401(k) trustees. Principal and interest is paid ratably through regular payroll deductions on at least a quarterly basis.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with a vested balance not exceeding $5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, on the first administratively practical date. If the participant's vested balance exceeds $5,000, participants may elect to receive either a single lump sum payment or partial withdrawals or installments but only with respect to minimum required distributions.

Forfeited Accounts

Forfeited non-vested balances will be used to reduce future employer contributions. There was no reduction in the employer's contribution for 2016 related to forfeited non-vested accounts. There was a balance of $3,826 at December 31, 2016 in the accumulated forfeited non-vested account.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis which does not differ materially from the trade-date basis. Dividends and interest are recorded on the cash basis which does not differ materially from accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by Millennium and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

NOTE E: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Self directed brokerage account: Valued at the year end closing price reported on the active market on which the individual securities are traded.

NOTE E: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,098,356			$ 6,098,356
Self directed brokerage account	659,854			659,854
Total assets at fair value	$ 6,758,210	–	–	$ 6,758,210

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,973,387			$ 4,973,387
Self directed brokerage account	633,040			633,040
Total assets at fair value	$ 5,606,427	–	–	$ 5,606,427

NOTE F: RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by affiliates of Nationwide Trust Company. Nationwide Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE G: PLAN TERMINATION

Although it has not expressed any intent to do so, Millennium has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

MILLENNIUM TRUST COMPANY, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE H: TAX STATUS

The Internal Revenue Service has determined and informed Millennium by a letter dated March 31, 2008, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE I: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 9, 2017, the date the financial statements were available to be issued.
