GetixHealth 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of GetixHealth 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Patient Accounting Service Center LLC dba GetixHealth LLC (the Company) for the benefit of its employees who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). John Hancock Life Insurance Company (U.S.A.) (John Hancock) serves as Plan custodian.

Inception

The inception of the Plan was effective March 14, 2014, with operations beginning on July 28, 2014. The Plan also received a transfer of funds in the amount of $102,014 from Dynamic Human Resources, Inc. 401(k) Plan on July 28, 2014. The first participant contributions were withheld from the pay period ending September 12, 2014.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 80 percent of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employer-matching contributions are not permitted. Company profit sharing contributions are discretionary as determined by the Company's Board of Directors. There were no discretionary profit sharing contributions in 2015 and 2014. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions, as well as Company's contributions, into any of the various investment options offered by the Plan and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after 6 years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts, as defined in the *Plan Document*, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance and can have two loans outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants subsequent to the respective year-ends.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures, if any, will be used to reduce future employer contributions or pay Plan expenses. At December 31, 2015 and 2014, there were no forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by John Hancock.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certifications of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate to the best of their knowledge:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.

- Investment loss and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2015, and for the period from March 14, 2014 (inception) through December 31, 2014.
- Investment information and notes receivable from participants included in the accompanying schedules of assets (held at end of year) as of December 31, 2015 and 2014.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Related-party and Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan paid $4,345 and $1,435 of recordkeeping fees to John Hancock during 2015 and 2014. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2015:				
Pooled separate accounts	$ 375,168	$ -	$ 375,168	$ -
December 31, 2014:				
Pooled separate accounts	$ 136,455	$ -	$ 136,455	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2015, and for the period from March 14, 2014 (inception) to December 31, 2014. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The Plan held no Level 1 securities. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 3 securities.

Note 6: Change in Accounting Principle

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of Accounting Standards Update 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in Accounting Standards Update 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan and trust/custodial document sponsored by Applied Plan Administrators, LLC. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated July 7, 2014, from the Internal Revenue Service stating that the prototype plan and related trust, as then designed, constitutes a qualified plan under Section 401 of the Internal Revenue Code and, therefore, were not subject to tax. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 401,573	$ 109,423
Add: Excess contributions payable	14,840	28,514

The following is a reconciliation of net increase per the financial statements for year ended December 31, 2015, and for the period from date of inception to December 31, 2014, to net income per Form 5500:

	2015	2014

Add: Current year excess contributions payable paid in subsequent year	14,840	28,514
Less: Prior year excess contributions payable paid in current year	(28,514)	-
Net income per Form 5500	$ 278,476	$ 35,923

Note 10: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $11,214 were not remitted within the required time period for the year ended December 31, 2015.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
