## NOTES TO THE FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

### NOTE 1 – PLAN DESCRIPTION

The Gullo Companies 401(k) Savings Plan (the "Plan") provides retirement savings benefits to eligible employees of Tony Gullo Motors, I, L.P. dba Gullo Toyota of Conroe; Gullo Cars of Conroe, I, L.P. dba Gullo Ford of Conroe; Lakeside Imports dba Lakeside Toyota; and Northshore Motors, I., L.P. dba Northshore Toyota (collectively the "Companies" or "Employer"). Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

***General*** – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Companies through pre-tax voluntary contributions by employees and contributions by the Companies. Employees are eligible to participate in the Plan after the employee has reached 21 years of age and completed one year of service. The entry date for all eligible employees is the first day of the following calendar quarter after becoming eligible. The Plan, which commenced effective July 1, 1997, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan was amended and restated effective March 1, 2016 to comply with the latest rules and regulations.

***Plan Custodian and Trustees*** – The Companies contract with New York Life Insurance Company (the "Custodian") to maintain custody of all investments held by the Plan. Effective July 1, 2017, the Plan was amended to appoint John Hancock Trust Company, LLC as the Trustee of the Plan. Prior to the amendment State Street Bank and Trust Company served as Trustee. Boston Financial Data Services, Inc., as service provider to DST Retirement Solutions, LLC, provided recordkeeping services to the Plan.

***Participants' Accounts*** – Participant accounts consist of voluntary and rollover contributions by employees, discretionary matching contributions by the Employer, and profits or losses of the investments of the accounts, and are charged with an allocation of Plan expenses. Separate investment accounts are maintained for each participant for all contributions. Each participant's account is credited with employee and employer contributions and is invested among a family of investment options as directed by the participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Contributions*** – Employees electing to participate in the Plan may elect to contribute amounts up to the IRC limit, which was $18,000 for 2016. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2016. The Companies make matching contributions of 50% of the first 7% of participant's compensation. The amount of the Companies' matching contribution is at the discretion of the Board of Directors of the Companies, and may be reduced or suspended at any time. The annual maximum matching contribution is $2,000 per participant.

***Rollovers*** – Rollovers represent funds transferred to the Plan from other qualified defined contribution plans.

***Vesting*** – Participants are immediately vested in their pre-tax deferred contributions, rollover contributions, and any income or loss thereon. Matching contributions and other discretionary employer contributions to the Plan, plus any income or loss thereon, are vested as follows:

| Years of Service | Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

**NOTE 1 – PLAN DESCRIPTION – continued**

***Payment of Benefits*** – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Vested account balances not exceeding $1,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution or to rollover the distributions into another retirement plan. If a terminating employee has a vested account balance exceeding $1,000, the participant may elect to maintain their balances within the Plan.

The Plan permits automatic rollover of distributions into an Individual Retirement Account ("IRA") if the following criteria are met: i) the distribution amount is at least $1,000, and ii) the participant has not elected to receive or roll over the distribution.

The Plan allows hardship withdrawals in accordance with IRC regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. Active participants age 59 ½ or older may also withdraw all or any part of their vested account.

***Forfeited Accounts –*** At December 31, 2016 and 2015, forfeited nonvested accounts totaled $2,489 and $1,493, respectively. These accounts will be used to pay Plan administrative expenses or may be used to offset future employer contributions as determined allowable under the provisions of the Plan. During 2016, $12,620 was used to pay administrative expenses of the Plan.

***Notes Receivable from Participants*** – Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Notes receivables from participants are secured by the balance in the participant's account and bear interest between 4.25% per annum and 6.00% per annum. Loan terms range from one to five years, except for loans used for the purchase of a principal residence, which may be repaid over a reasonable period of time. The Administrator will determine a reasonable rate of interest by reviewing the interest charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting*** – The Plan's financial statements have been prepared on the modified cash basis of accounting. Under this basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred.

***Use of Estimates*** – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition*** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

***Notes Receivable from Participants*** – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. No allowance for credit losses has been recorded at December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, a deemed distribution is recorded.

***Payments of Benefits*** – Benefit payments are recorded when paid.

***Administrative Fees*** – Loan origination fees associated with notes receivable from participants and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net appreciation of fair value of investments. All other expenses of the Plan are paid by the Companies.

***Recent Accounting Pronouncements*** – In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics and risks (Part II). The update also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month-end (Part III). The amendments in Part III are not applicable to the Plan. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. The amendments within Parts I and II require retrospective application. The Pan elected to early adopt the provisions of Parts I and II of this new standard in 2015. Accordingly, these provisions were retrospectively applied in 2015.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 additionally removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 will be effective for interim and annual reporting periods beginning after December 15, 2015 and is required to be applied retrospectively. Early application is permitted. The Plan early adopted this update January 1, 2015, and its investment in the Stable Value Fund that is measured at fair value using the NAV per share (or its equivalent) as a practical expedient has not been categorized in the fair value hierarchy (see Note 3 for additional information).

***Subsequent Events*** – Effective May 1, 2017, John Hancock Retirement Plan Services, LLC was appointed as Custodian and recordkeeper. Additionally, the Plan was amended to provide automatic enrollment for all new employees upon eligibility at a rate of 5%, unless otherwise elected by the participant. The Plan has evaluated all events and transactions that occurred through August 11, 2017, the date these financial statements were available to be issued.

## NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified in level 1 of the valuation hierarchy.

- *Stable Value Fund* – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the pooled separate account. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

The Plan holds an interest in the New York Life Anchor Account, a stable value fund ("SVF"), that is a pooled account with New York Life Insurance Company made available to participating plans through a group annuity contract. Contributions to the SVF are directed to a New York Life pooled separate account that invests primarily in a diversified portfolio of high-quality, fixed income securities, which are owned by New York Life Insurance Company. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer, New York Life, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. NAV, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at NAV.

**NOTE 3 – FAIR VALUE MEASUREMENTS – continued**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits

**NOTE 4 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by the Trustees, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to service providers.

The Plan has notes receivable from participants at December 31, 2016 and 2015. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

## NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## NOTE 6 – TAX STATUS

The Plan and related trust operate under an adoption agreement in connection with a volume submitter profit sharing plan and custodial document sponsored by DST Retirement Solutions LLC. This prototype plan document was filed with the appropriate agency and received a favorable volume submitter determination letter, dated June 1, 2015, from the Internal Revenue Service ("IRS") stating the volume submitter plan qualifies under section 401 (a) of IRC, therefore no provision has been made for federal income taxes. The Plan has been amended and restated since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

## NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEES AND CUSTODIAN
