Note 1 – Description of the Plan

The following brief description of the Eddie Z's Blinds and Drapery 401(k) Plan (the Plan), formerly known as EZ Blinds and Drapery, Inc. Employees Profit Sharing 401(k) Plan and Trust, is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General

The Plan was originally established on January 1, 1997, and is a qualified, defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is a defined contribution plan covering all full-time employees of the Company who have completed a minimum of six months of service, as defined in the plan document and over the age of eighteen. Individuals are eligible to participate in profit sharing after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals, subject to the maximum dollar amount allowed under Section 404(a) of the IRC. Participants over age 50 can defer an additional amount in excess of the dollar limit in the IRC. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. All contributions are participant directed. The Company, in its sole discretion of the Company Management, may make a matching contribution or profit sharing amount to the participants of the Plan. The matching contribution shall be contributed to each eligible participant in accordance with the nondiscriminatory formula determined by the Company. During 2015 the company began a matching contribution. Beginning on February 1, 2015 the Company matched 50% of deferral up to 1/2% of compensation. This was adjusted and starting on October 4, 2015 the Company matched 50% of deferral up to 1% of compensation.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay qualified administrative expenses under the Plan.

Investment options

The assets of the Plan, both employee and employer, are allocated to the various funds at the direction of the participant. The plan offers various investment options with American Funds. A participant may maintain their entire account in one of the funds or may elect to split their account among the funds in accordance with the Plan.

Participants may change their investment direction of future contributions and may elect to transfer their existing account balances from one fund to another daily.

Note 1 – Description of the Plan (continued)

Vesting

Participants' contributions and earnings thereon are immediately fully vested. A participant's portion of the Company's contributions and related investment income vests according to continuous years of service. A participant is 100% vested after five years or more of credited service.

<u>Full Years of Service</u>	<u>Vested Percentage of Employer Account</u>
Less than 1 year	- %
1 year	20
2 years	40
3 years	60
4 years	80
5 years or more	100

Payment of benefits

Upon termination of service due to death, disability, retirement or other reasons, participants may receive the value of the vested balance in the participant's account as a lump-sum distribution.

Notes Receivable from Participants

Participant loans are permitted to all actively employed participants, terminated participants who are parties in interest, and in the event of a participant's death, his or her beneficiaries. The minimum amount of any loan is \$1,000 and the maximum amount is the lesser of \$50,000 or 50% of the vested interest of the participant in the Plan. Loans are secured by a maximum of 50% of the participant's vested account balance. Loans shall bear a fixed interest rate determined at the time of the loan application, principal and interest is paid ratably through regular payroll deductions. Loans from participants are required to be repaid within five years or within 30 years if the loan is used for purchase of the participant's principal residence. Participants may not withdraw from their Roth contributions for a loan under the Plan.

Forfeited Accounts

At December 31, 2015, forfeited non-vested accounts totaled \$6,057, no additional amounts were forfeited in 2016. This amount was used to pay administrative expenses for the Plan during 2016.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation using fair value measurements

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment transactions and investment income

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit distributions are recorded when paid. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as defined by the Plan. Terminations for other reasons are paid in lump-sum distributions.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Date of Management's Review

Subsequent events have been evaluated through August 8, 2017, which is the date the financial statements were available to be issued.

Operating Expenses

The Company pays a portion of the administrative expenses on behalf of the Plan.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the respective participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Note 3 – Plan Merger

On June 6, 2016, EZ Blinds and Drapery, Inc. ("the former Plan Sponsor"), sold its operating assets and liabilities to 3DZ. LLC, ("the new Plan Sponsor"). On June 6, 2016, the EZ Blinds and Drapery, Inc. Employees Profit Sharing 401(k) Plan and Trust was assumed by the new Plan Sponsor under the amended plan name of Eddie Z's Blinds and Drapery 401(k) Plan and continued to operate as an individual plan under the new Plan Sponsor.

Note 3 – Plan Merger (continued)

On December 1, 2016, the Plan's net assets available for benefits were merged into the 3 Day Blinds LLC 401(k) Savings Plan as follows:

Investments (at fair value)	\$ 3,546,374
Notes receivable from participants	119,287
Total transfers	\$ 3,665,661

Note 4 – Tax Status

The Plan obtained its latest determination letter on August 23, 2010, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Subsequent to December 31, 2014, the Company determined that it failed to pay Required Minimum Distributions ("RMD") timely under Section 401(a)(9) to one participant. The failure to take the RMD was neither intentional nor willful and the Plan Sponsor voluntarily requested to correct the defect under the Voluntary Correction Program of the Internal Revenue Service. On June 25, 2015, a cash distribution request in the amount of \$34,997 was submitted to the Capital Bank and Trust Company "the Custodian" to payout the required distribution. The plan sponsor received acceptance of the voluntary correction by the IRS on February 1, 2016 which confirms the Plan is operating in compliance and continues to be tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2012.

Note 5 – Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The investments of the Plan at December 31, 2016 and 2015 are held, and all transactions therewith are initiated and executed, by the Custodian.

Note 6 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6 – Fair Value Measurements (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Invests in shares of open-end mutual funds which calculate a daily Net Asset Values ("NAV") based on the value of the underlying securities in their portfolios. As a result, and as required by law, shares of open-end mutual funds are purchased and redeemed at their quoted daily NAV as reported by the Custodian at the close of each business day. However, pooled separate accounts generally follow procedures for establishing a unit value. The pooled separate account is not, itself, traded on an established market, however the inputs are observable but do not solely rely on quoted market prices to establish fair value. On that basis, pooled separate accounts are classified as Level 2.

Note 7 – Related Party and Party in Interest Transactions

Certain Plan investments held are shares of mutual funds managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions, as do administrative expenses paid by the plan.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan's exposure to losses in the event of nonperformance of investments managed by the investment manager is limited to the carrying value of such instruments. The Plan's concentrations of risk are dictated by the Plan's provisions as well as those of ERISA and the participant's investment elections.
