Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Guardian Analytics 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, Great-West), the investment custodian and trustee of the Plan, respectively, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Great-West holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Great-West as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the Plan administrator by Great-West is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - 2015 Financial Statement

We have performed a compilation engagement of the statement of net assets available for benefits as of December 31, 2015 in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. We did not audit or review the 2015 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2015 financial statement.

Other Matter – Report on Supplemental Schedule

The supplemental schedule as of December 31, 2016, listed in the accompanying table of contents, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by Great-West, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Guardian Analytics 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

Guardian Analytics, Inc. (the Company) established the Guardian Analytics 401(k) Plan (the Plan), effective January 1, 2008, to provide benefits and tax-deferred savings opportunities to eligible Company employees. The following description of the Plan, as amended and restated, effective May 1, 2016, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Section 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor. The Company has contracted with Great-West Trust Company, LLC to act as the Plan trustee and Great-West Life & Annuity Insurance Company (collectively, Great-West) to act as the Plan's investment custodian and third-party administrator to process and maintain the records of participant data.

Eligible Participants:

Company employees that have reached age 21 are immediately eligible to participate in and make contributions to the Plan.

Contributions:

Participants may contribute a percentage of their pre-tax or after-tax annual compensation, as defined under the Plan. Participants who have reached the age of 50 may also elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other tax-qualified plans (rollovers), subject to Code regulations.

The Company may make qualified or discretionary non-elective contributions, as defined, to the Plan. The Company made a matching contribution in 2016 equal to 25% of each participant's deferral contribution, up to \$1,000. The Company's 2016 contribution was \$46,723.

Contributions are subject to certain limitations under the Code.

Guardian Analytics 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Participant Accounts:

Participant accounts are credited with participant contributions, Company contributions, rollovers and an allocation of the Plan's net earnings or losses. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their accounts in a variety of participant directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. A participant may authorize transfers among investment options at any time.

Vesting:

Participants are fully vested in their account balances.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance, a minimum of \$1,000 and not to exceed \$50,000, for a period from one to exceed five years, except for notes used to purchase a primary residence for which a term of up to 15 years may be granted. A participant may have up to two notes outstanding under the Plan. Participant notes are evidenced by a written note, secured by the participant's account and bear interest at 1% over the prime rate published in The Wall Street Journal on the first business day of the month the note was originated. The interest rates on the notes outstanding as of December 31, 2016 range from 4.25% to 4.50%. Repayment of principal and interest is generally made through payroll deductions.

Payment of Benefits:

On termination of service, participants may elect to leave their account balances in the Plan or receive benefits. Benefits are paid in a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Upon termination, the Plan may immediately elect to distribute a participant's account balance without the participant's consent if the balance is less than \$5,000. Benefits are recorded when paid.

Guardian Analytics 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Plan Expenses:

Certain investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the accompanying financial statements. Certain administrative expenses are charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and not reflected in these financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a plan termination, participants would remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Guardian Analytics 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements:

Investments consist of a general fund and pooled separate accounts under a group annuity contract with Great-West, and are accounted for as follows:

Guaranteed Portfolio Fund: The guaranteed interest account is part of Great-West's general fund account. The contract value of this account is the value to be received when funds are withdrawn prior to their maturity for an event other than death, disability, termination or retirement, less any applicable surrender charge.

Pooled Separate Accounts: These accounts are separate from Great-West's general fund account and consist of shares in various mutual funds. The investment in each separate account is expressed in 'units'. The value of each separate account is recorded at the close of each business day at fair value based on unit value reported by Great-West. The 'unit value' is calculated by dividing the value of the entire account by the total number of units in the account. The value of the Plan's investment in each separate account on any date is determined by multiplying the number of units held by the unit value.

The Plan uses a three-level hierarchy for fair value measurements based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those investments.

The three-level hierarchy for fair value measurements is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

Guardian Analytics 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements: (continued)

An investment's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The pooled separate accounts are classified as Level II within the fair value hierarchy at December 31, 2016 and 2015.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold or held during the year.

Subsequent Events:

Subsequent events have been evaluated through the date of the independent auditors' report, which is the date the financial statements were approved by the Plan and available to be issued.

3. Information Prepared and Certified by Great-West

Great-West, as the Plan's trustee and investment custodian, has certified the value of the following assets held at December 31, 2016 and 2015 and the income for the year ended December 31, 2016, that were used in the preparation of the accompanying financial statements and supplemental schedule.

The following table summarizes the certified information at December 31:

	<u>2016</u>	<u>2015</u>
Investments, at fair value	\$ 4,605,706	\$ 4,763,213
Investment, at contract value	174,245	171,985

Certified income for the year ended December 31, 2016	<u>\$ 409,241</u>	

See Independent Auditors' Report

Guardian Analytics 401(k) Plan

Notes to Financial Statements

3. Information Prepared and Certified by Great-West (continued)

The Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated by \$406,065 for the year ended December 31, 2016.

4. Investment Contract with Great-West

In 2008, the Plan entered into a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive, so contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of Great-West or otherwise.

The Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit-responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The crediting interest rate is based on a formula agreed upon with Great-West, but it may not be less than zero percent.

The guaranteed investment contract does not permit Great-West to terminate the agreement prior to the scheduled maturity date.

Average yields for the guaranteed investment contract based on both actual earnings and interest rate credited to participants was 1.16% in 2016.

Guardian Analytics 401(k) Plan

Notes to Financial Statements

5. Party-In-Interest Transactions

The Plan's investments are held under contract with Great-West. As Great-West is the Plan's investment custodian, purchases and sales of these investments by the Plan qualify as party-in-interest transactions. In addition, note receivable transactions with participants qualify as party-in interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Income Tax Status

The Plan is a prototype plan offered by Great-West, which has obtained an opinion letter from the Internal Revenue Service stating that the plan submitted for review qualified under applicable provisions of the Code. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is therefore qualified, and that the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.
