ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of the Plan:

General:

The following brief description of the Anne Grady Corporation 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 1999, and as amended on January 1, 2009, is a defined contribution plan covering all employees of Anne Grady Corporation (the "Corporation") and affiliated entities who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Corporation's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service (IRS)) into the Plan on a pre-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute, at the discretion of the Plan administrator, amounts representing distributions from other qualified retirement plans or IRAs (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Corporation may make discretionary contributions to participants' accounts as determined periodically by the Corporation's Board of Directors. During 2016 and 2015, the Corporation did not make any discretionary contributions.

Participant accounts:

Separate accounts for each participant are maintained by the custodians. Each account is credited with the participant's contributions, the Corporation's discretionary contributions, and earnings from investments held in the account. Each account is charged with losses from investments held in the account and with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting:

Participants are immediately vested in their pre-tax contributions and discretionary employer contributions plus earnings thereon.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of the Plan (continued):

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note is to be repaid over a reasonable period of time that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The notes are paying interest at a rate of 4.25% and 4.50%. Principal and interest may be paid through payroll deductions or cash on a timely basis.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or installments not to exceed the life of the participant. All distributions are to be made in cash.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for the Group Fixed Unallocated Annuity (GFUA) contract which is reported at contract value, as provided by MG Trust Company for the period January 1, 2015 through February 1, 2016, and Capital Bank and Trust Company for the period February 2, 2016 through December 31, 2016 (custodians of the Plan). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Corporation's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make note repayments and the Plan administrator deems the note receivable to be in default, the note receivable is reduced and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Corporation or the Anne Grady Foundation, an affiliate of the Corporation, and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in value of investments in the statements of changes in net assets available for benefits.

Reclassifications:

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

3. Investments:

The following table presents the current value of investments at December 31, 2016 and 2015. All investments of the Plan were participant-directed at December 31, 2016 and 2015.

	<u>2016</u>	<u>2015</u>
Mutual funds (at fair value)	\$ 2,271,613	\$ 2,065,211
Money market fund (at fair value)	137,872	-
GFUA contract (at contract value)	<u>-</u>	<u>178,345</u>
	<u>\$ 2,409,485</u>	<u>\$ 2,243,556</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair value (continued):

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at its face value, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2016 and 2015.

	<u>2016</u>	<u>2015</u>
	<u>Level 1</u>	<u>Level 1</u>
Mutual funds	\$ 2,271,613	\$ 2,065,211
Money market fund	<u>137,872</u>	<u>-</u>
	<u>\$ 2,409,485</u>	<u>\$ 2,065,211</u>

5. Investment contract with insurance company:

The Plan had a fully benefit-responsive investment contract with The Variable Annuity Life Insurance Company (VALIC). The GFUA investment contract was terminated in 2016. VALIC maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GFUA investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed by the Plan.

Because the GFUA investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GFUA investment contract.

Contract value, as reported to the Plan by VALIC, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a quarterly basis for resetting.

5. Investment contract with insurance company (continued):

Certain events limited the Plan's ability to transact at contract value with VALIC. Such events included the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator did not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan's participants, was probable.

The GFUA investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The minimum guaranteed interest rate was 2.00% at December 31, 2015.

6. Administrative expenses:

Certain administrative expenses of the Plan were paid by the Anne Grady Foundation. Certain administrative functions of the Plan are performed by employees of the Corporation. No such employee, nor the Corporation, receives compensation from the Plan for performing these functions.

7. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in value of investments and interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MG Trust Company for the period January 1, 2015 through February 1, 2016, and Capital Bank and Trust Company for the period February 2, 2016 through December 31, 2016.

8. Party-in-interest transactions:

Beginning February 2, 2016, all Plan investments are a money market fund or mutual funds managed by Capital Bank and Trust Company, who is an affiliate of American Funds and, therefore, these transactions qualify as party-in-interest transactions.

ANNE GRADY CORPORATION 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

9. Tax status:

The Plan has been designated to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The IRS pre-approved the plan document used by the Plan in 2017.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

10. Plan termination:

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 16, 2017, the date the Plan's financial statements were available to be issued.
