EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 and 2015

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN

The Commodity Truck Acquisition, LLC Employee Benefit Plan (the "Plan") was adopted by Commodity Truck Acquisition, LLC (the "Company") on January 1, 1999 and was most recently amended and restated on January 1, 2010. Effective July 1, 2011, the Plan was amended to modify the provisions of participants' deferrals. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and have attained age 18. The Plan excludes union employees whose employment is governed by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

2. **Contributions.** Participants may contribute up to $18,000 of pretax annual compensation, as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

   The Company may contribute a discretionary matching contribution equal to a percentage, to be determined by the employer, of the participant's salary deferrals. The Company did not make discretionary matching contributions during the years ended December 31, 2016 and 2015.

   The Company may contribute a basic safe harbor matching contribution or an enhanced safe harbor matching contribution. The Company did not make safe harbor contributions during the years ended December 31, 2016 and 2015.

   The Company may contribute a discretionary profit sharing contribution to be determined by the employer. The Company did not make discretionary profit sharing contributions during the years ended December 31, 2016 and 2015.

3. **Participants Accounts.** Separate accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined.

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

4. **Vesting.** Participants are immediately vested in their contributions and employer safe harbor contributions plus related earnings. Vesting in the Company's matching and profit sharing contribution portions of their accounts, plus related earnings, is based on years of continuous service. Company matching and profit sharing contributions vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service. Participants also become fully vested upon reaching age 65, in the event of death or upon suffering a permanent disability while employed with the Company.

5. **Investment Options.** Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan's investment options are participant-directed.

6. **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or a reasonable period of time for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 4.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The loans in default as of December 31, 2016 and 2015 were $48 and $45, respectively.

7. **Payment of Benefits.** Participants are eligible to receive a distribution of their account balance, to the extent vested, upon termination of employment, retirement, death or disability. A participant may receive the value of the vested interest in his or her account as a lump-sum distribution, an annuity, or a direct rollover. Terminated employees with account balances greater than $1,000 may elect to keep their vested account balances in the Plan after termination. As of December 31, 2016 and 2015, net assets included vested account balances of terminated employees totaling $247,018 and $291,803, respectively.

8. **Forfeited Accounts.** Participants forfeit the unvested portion of their accounts upon the completion of a five-year severance or, if earlier, upon receipt of distribution of the vested account balance in the Plan. Forfeitures are used first to pay administrative expenses and next to reduce the Company's contributions as provided in the Plan. There were no forfeitures for the years ended December 31, 2016 and 2015.

9. **Plan Administration.** Great-West Life & Annuity Insurance Company serves as the Plan's custodian. The Company provides accounting and administrative services to the Plan at no cost and pays contract administration fees and asset management fees. Administrative expenses totaling $1,084 and $3,090 for the years ended December 31, 2016 and 2015, respectively, were paid by the Plan.

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

10. **Plan Termination.** The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan in whole or in part at any time. In the event of termination of the Plan, each participant would become fully vested to the extent of the balance in their account, and all accumulated plan benefits would be disbursed to the participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income on participant notes is recorded on the accrual basis.

Investment Valuation and Income Recognition

Investment contracts are valued at fair value. Contract value represents contributions made by participants, plus interest at the contract rates, less withdrawals or transfers by participants. Fair value reflects the relationship between credited rates earned by the funds and current market rates. Accordingly, for fully benefit-responsive investment contracts, the relevant accounting guidance requires the presentation of the amount representing the difference between fair value and contract value for such investments on the Statements of Net Assets Available for Benefits so that the statements are

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

ultimately presented at contract value. Management has determined its Key Guaranteed Portfolio Fund ("Guaranteed Fund") with Great-West to be fully benefit-responsive. At December 31, 2016 and 2015, the contract value of the investment equals its fair value, and therefore, there is no adjustment from fair value to contract value presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015. The Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2016 and 2015 are prepared on a contract value basis.

Investments in pooled separate accounts are valued at estimated fair value as reported by Great-West, as determined by the quoted market prices of similar investments.

Investment income is recorded when earned. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is included in the financial statements at contract value as reported to the Plan by Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Fair value reflects the relationship between credited rates earned by the funds and current market rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 3 – INVESTMENT CONTRACT (CONTINUED)

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The interest rate was 1.16% and 1.2% as of December 31, 2016 and 2015, respectively. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate. Such interest rates are reviewed on a quarterly basis for resetting.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 4 – INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31,:

	2016	2015
Great-West Lifetime 2015 Fund II T1 13,755 and 17,846 shares, respectively	$ 257,928	$ 296,693

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $106,995 during 2016 and depreciated in value by $19,468 during 2015.

NOTE 5 – SUMMARY OF FINANCIAL DATA CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS

The following financial data was certified by the custodian of Plan assets of the Plan as of and for the years ended December 31, 2016 and 2015 in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan adopted the Volume Submitter Profit Sharing Plan with CODA, which obtained its latest determination letter on March 31, 2014. In this letter, the Internal Revenue Service states that the Plan qualifies, in form, under Section 401(a) of the Internal Revenue Code of 1986 as amended (the "Code"), and the underlying trust is therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for prior to 2013.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in pooled separate accounts and the Guaranteed Fund are managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

There were no party-in-interest transactions that are prohibited by the Employee Retirement Income Security Act of 1974 Section 406 and for which no statutory or administrative exemption exists.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015.

NOTE 9 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guidance included in ASC 820-10 *Fair Value Measurements and Disclosures* provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 – Level 1 inputs are based on quoted prices in active markets for identical assets. No Plan investments are classified under this level.

Level 2 – Pooled separate accounts are valued using inputs other than quoted prices. These inputs are observable, either directly or indirectly. The fair value of the Guaranteed Fund is determined using an income approach by discounting the related cash flows based on current yields of similar instruments

NOTE 9 – FAIR VALUE MEASUREMENTS (CONTINUED)

with comparable durations considering the credit-worthiness of the issuer. The current yield and future cash flows are directly observable inputs, and consequently, the Guaranteed Fund is considered Level 2.

Level 3 – The Plan has investments in the Diversified Pacific Opportunity Fund I, LLC ("Diversified Fund"), which is a limited partnership investment fund that is not publicly traded. The Diversified Fund invests in real estate assets. Fair value of the investment is based upon the Plan's interest in the net assets of the fund. The Plan Administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan Trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following is a summary of the inputs used as of December 31, 2016 in valuing the Plan's investments:

	Level 2	Level 3	Fair Value Measurements
Investment contract	$ 13,211	$ -	$ 13,211
Pooled separate accounts	$ 1,475,650	$ -	$ 1,475,650
Limited partnership interest	$ -	$ 177,295	$ 177,295

Fair value measurements using significant unobservable inputs (Level 3):

Balance as of January 1, 2016	$ 166,752
Total losses, realized and unrealized, included in changes in net assets available for benefit	10,543
Balance as of December 31, 2016	$ 177,295

NOTE 9 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a summary of the inputs used as of December 31, 2015 in valuing the Plan's investments:

	Level 2	Level 3	Fair Value Measurements
Investment contract	$ 5,821	$ -	$ 5,821
Pooled separate accounts	$ 1,621,796	$ -	$ 1,621,796
Limited partnership interest	$ -	$ 166,752	$ 166,752

Fair value measurements using significant unobservable inputs (Level 3):

Balance as of January 1, 2015	$ 166,969
Total losses, realized and unrealized, included in changes in net assets available for benefit	217
Balance as of December 31, 2015	$ 166,752

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2016 and 2015, there were no significant transfers into or out of Level 3.

NOTE 10 – NON-EXEMPT TRANSACTIONS

Plan management determined that certain participant contributions were not made during 2014. These missed contributions constitute prohibited transactions as defined by ERISA. In September 2015, management remitted to the Plan $1,364 related to these missed contributions for 2014.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Company's management through August 9, 2017, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2016 that required recognition or disclosure in the current period financial statements.
