NOTE 1 – DESCRIPTION OF PLAN

The following description of the Northwestern Ohio Community Action Commission (the “Company”) – Tax Sheltered Annuity Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees that work over 20 hours per week. To be eligible for the Company match, employees must have worked at least 3 months. It is subject to the provisions for the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees the governance of the Plan, determines the appropriateness of the Plan’s investments offerings, and monitors investment performance.

Contributions – Each year, participants may contribute up to the maximum percentage allowable by the Internal Revenue Service of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investments options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company matches the employee’s contributions up to six percent of the employee’s compensation.

Participant Accounts – Each participant’s account is credited with the participant’s contribution (a) the Company’s matching contribution and, allocations of (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Amounts allocated to persons who, as of December 31, 2016 and December 31, 2015, have elected to withdraw from the plan but have not been paid, total \$ 2,347 and \$ 0 respectively.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$ 1,000 up to maximum equal to the lesser of \$ 50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account and bear interest at rates ranging from 4.25%-4.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment Of Benefits – On termination of services due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or as a joint and survivor annuity. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 – DESCRIPTION OF PLAN-CONTINUED

Forfeited Accounts – At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$ 0 and \$ 0, respectively. These accounts will be used to reduce future employer contributions or allowable administrative expenses. Also, in 2016 employer contributions were reduced by \$ 2,874 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review of Subsequent Events – Subsequent events were evaluated through July 31, 2017, which is the date the financial statements were available to be issued.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of American ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis Of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation And Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment Of Benefits – Benefits are recorded when paid.

Operating Expenses – All operating expenses of the Plan are paid by the Company and therefore are excluded from these financial statements.

NOTE 3 –FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Measurements Using Quoted Prices In Active Markets For Identical Assets (Level 1)
<u>December 31, 2016</u>	<u>Fair Value</u>	
Mutual Funds	\$ 2,369,572	\$ 2,369,572
Total assets at fair value	<u>\$ 2,369,572</u>	<u>\$ 2,369,572</u>
<u>December 31, 2015</u>		
Mutual Funds	\$ 2,120,514	\$ 2,120,514
Total assets at fair value	<u>\$ 2,120,514</u>	<u>\$ 2,120,514</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2016 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Levels 2 and 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no significant transfers into or out of Levels 2 or 3.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive group annuity contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity investment contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment at December 31, 2016 and 2015 was \$ 1,086,811 and \$ 1,182,066, respectively. The crediting interest rate is based on a formula agreed upon by the issuer. Under the existing contract, the crediting interest rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Financial Group. Principal Financial Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$ 2,310 for the year ended December 31, 2016.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 27, 1988, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
