We were engaged to audit the accompanying financial statements of the Acme Brick Company 401(k) Retirement and Savings Plan (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan’s investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ACME BRICK COMPANY 401(k) RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements
Year Ended December 31, 2016

1. DESCRIPTION OF PLAN

The following description of the Acme Brick Company (the “Company”) 401(k) Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- a. *General.* The Plan is a defined contribution plan which covers all employees. Employees are eligible to participate in the Plan as of the first day of the month on or after each employee has completed three months of service and reached the age of eighteen (18). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
- b. *Contributions.* Employees may make voluntary pre-tax contributions through salary deferrals, limited to 15% of each employee's eligible earnings, but not more than the maximum allowed by law. Employee contributions are subject to Internal Revenue Code (the “Code”) limitations. The maximum contribution allowed by the Plan was \$18,000 in 2016. Employees who are 50 or older as of December 31, 2016 and reach either the maximum before-tax contribution limit of 15% or maximum contribution allowed by the Plan may make catch-up contributions. The catch-up contribution limit was \$6,000 for 2016 and is not eligible for Company matching.

Company matching contributions are equal to 50% of each employee's voluntary pre-tax contributions up to five percent of the employee's eligible earnings. The Company’s Board of Directors annually determines the matching percentage. Company matching contributions totaled \$1,477,946 for the year ended December 31, 2016. Forfeiture balances of \$10,764 will be applied against the amount due in 2017.

Any employee of the Company may roll over distributions made from a previous employer’s qualified retirement plan into the Plan.

- c. *Participant Accounts.* Each participant’s account is credited with the employee’s contributions and an allocation of the Company’s contributions and investment earnings. Allocations are based on participants’ earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- d. *Vesting.* Participants have a fully-vested, nonforfeitable right to employee contributions. Company matching contributions are allocated to those participants actively employed on the last day of the year and become fully vested after participants have completed three years of vested service. One year of vested service is credited for each calendar year in which a participant has at least 1,000 hours of service. Forfeitures of the Company match may be used to pay Plan expenses or fund other matching contributions; however, the forfeiture amount is credited back to participants upon re-employment with the Company. Forfeitures during 2016 were approximately \$10,000 and \$10,750 remained in the forfeiture account as of December 31, 2016. Forfeiture balances remaining at December 31, 2015 were approximately \$35,000.
- e. *Investment Options.* All employee contributions and Company matching contributions are participant directed among twelve investment funds and Berkshire Hathaway Class B common stock.
- f. *Payment of Benefits.* Withdrawals of employer contributions from the Plan by participants can be made at normal retirement (age 65), early retirement (age 55), when a participant dies, becomes disabled or a break in service occurs. Distributions upon withdrawal are made in accordance with the Plan document.

- g. *Hardship Distributions:* A participant may receive a hardship distribution from salary reduction contributions and rollover contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse or dependents; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for burial or funeral expenses for the participant's parent, spouse, children or dependents; or, (6) for expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.
- h. *Loans.* Participants are allowed to apply for and receive loans from their vested account balance, subject to certain requirements, including the provision that they may not have more than one outstanding loan at a time. The minimum loan amount is \$1,000 and the maximum is 50% of the participant's combined Employee Before-Tax and After-Tax accounts, but never more than \$50,000 minus the highest outstanding balance of the participant's total Plan loans during the last 12 months. The loans are secured by the balance in the participant's account. The interest rate on loans outstanding as of December 31, 2016 range from 4.25% to 9.50% and these loans mature between 2017 and 2031.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a. *Basis of accounting.* The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- b. *Estimates.* The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may, in some instances, differ from previously estimated amounts.
- c. *Investments.* The Plan's investments are stated at fair value. Shares of registered investment companies and common stock are valued based on published market prices, which represent the net asset value of shares held by the Plan at the end of year. Gains and losses on the sale of investments are accounted for on an average cost basis. The Plan presents net changes in the fair value of mutual funds and common stock, which consists of realized gains and losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments in the accompanying statement of changes in net assets available for benefits. Shares in the Wells Fargo Stable Return Fund are valued based on the fair value of the underlying investments as determined by Wells Fargo Bank, N.A. The Plan presents net changes in the fair value of the Wells Fargo Stable Return Fund, which consists of realized gains and losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan provides for various investment options in a variety of mutual funds, a common collective trust fund and Berkshire Hathaway common stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Plan's financial statements.

Notes to Financial Statements - Continued

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied for the year ended December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Accordingly, the amendments were retrospectively applied for the year ending December 31, 2015. Part III is not applicable to this Plan.

- d. *Participant Loans.* Participant loans are valued at unpaid principal balance plus accrued interest.
- e. *Contributions.* Contributions by participants and participating employers are accounted for on the accrual basis once determined.
- f. *Benefit payments.* Benefit payments are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic No. 820, *Fair Value Measurements*, are described as follows:

- Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 — inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ACME BRICK COMPANY 401(k) RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015. These methodologies were consistently applied to all assets and liabilities of the Plan.

Cash and cash equivalents (money market funds)

These investments are carried at amortized cost which approximates fair value. The investments are classified within Level 2 of the valuation hierarchy.

Common stock

Common stock is valued at the closing price reported on the active market on which the individual securities are traded. All common stock is classified within Level 1 of the valuation hierarchy.

Common/collective trust fund

The common/collective trust fund ("CCT") is valued using Net Asset Value ("NAV") per share as a practical expedient. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. In accordance with GAAP, since the CCT is measured using the NAV per share practical expedient, the CCT is not classified in the fair value hierarchy. The fair value amounts for the CCT presented in the table below are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

Mutual funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. All mutual funds are classified within Level 1 of the valuation hierarchy.

ACME BRICK COMPANY 401(k) RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. The Plan has no assets classified within Level 3 of the valuation hierarchy.

Investments measured at net asset value (a)			13,167,231
Total investments at fair value			<u>\$ 83,003,197</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. TAX STATUS OF PLAN

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated February 23, 2015, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

5. EXCESS PARTICIPANTS' CONTRIBUTIONS REFUNDABLE

As a result of nondiscrimination requirements relating to contributions, certain "highly compensated" employees received refunds of excess contributions. Such amounts have been accrued in the accompanying financial statements for 2016 and 2015 as a liability of the Plan as of the end of the year.

6. ADMINISTRATIVE EXPENSES

All expenses of Plan administration may be paid out of Plan assets unless paid by the Company at its discretion. In 2016, the Company elected to directly pay all administrative expenses of the Plan with the exception of brokerage commissions and transfer taxes on stock purchases, which are included in the cost of the stock purchased. Expenses paid by the Company are not reported in the Plan's financial statements.

7. INVESTMENT ACTIVITY (Unaudited)

The Trustee, Bank of America, N.A., holds the Plan's investments and executes all investment transactions. The investment information disclosed in the financial statements and supplemental schedule, including investments totaling \$90,393,606 and \$83,003,197 at December 31, 2016 and 2015, respectively, and net realized and unrealized gains on investments of \$4,468,145 and dividends and interest of \$2,538,816 for the year ended December 31, 2016 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee. Accordingly, the Plan's independent auditors did not perform auditing procedures with respect to this information or information included in the remaining part of this footnote except for comparing such information to the related information provided by the Trustee.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become 100% vested and Plan assets would be distributed accordingly.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500:

	December 31,	
	2016	2015
Net assets available for benefits per the financial statements	\$ 93,837,042	\$ 86,513,490
Amounts allocated to withdrawing participants	-	(138,790)
Net assets available for benefits per the Form 5500	<u>\$ 93,837,042</u>	<u>\$ 86,374,700</u>

	Year Ended
	December 31, 2016
Net increase in net assets available for benefits per the financial statements	\$ 7,323,552
Amounts allocated to withdrawing participants at December 31, 2015	138,790
Change in net assets available for benefits per the Form 5500	<u>\$ 7,462,342</u>

The reconciling items noted above are due to the difference in the method of accounting used under government reporting requirements in preparing the Form 5500 as compared to the Plan's financial statements.

10. RELATED PARTIES AND PARTIES-IN-INTEREST

The Plan holds investments in the common stock of Berkshire Hathaway Inc., the Company's parent, a retirement bank account and common collective trust fund managed by Bank of America, N.A., which acted as trustee for only those investments as defined by the Plan, and notes receivable from participant loans. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

ACME BRICK COMPANY 401(k) RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements - Continued

Administrative expenses of the Plan are borne by the Company, an affiliate of the Plan sponsor, Acme Building Brands, Inc.

11. LITIGATION

The employer match for qualified employee contributions made during 2010, 2011, 2012 and 2013 was set by the Company at 25%. On August 18, 2014, a lawsuit was filed in the United States District Court by certain then-current and former employees contesting, among other items, that the 25% matching contribution was less than what was required according to the Plan and/or other agreements.

It is management's position its actions were permitted, that the claims are not valid, and that the Company will prevail. However, due to the uncertainty of such litigation, the ultimate outcome is unknown.

12. SUBSEQUENT EVENTS

In a meeting on February 16, 2017, the Investment Committee for the Plan voted and approved adding a Roth option to the Plan. Plan management has not yet amended the Plan for this change.

On March 1, 2017, the Company amended the Plan to allow participants to contribute up to 65% of their compensation earned on or after said date.

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through August 9, 2017, the date the financial statements were available for issuance.
