**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Notes to Financial Statements

December 31, 2016 and 2015

### Note 1: Description of the Plan

The following description of Ash Grove Cement Company 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. Effective January 1, 2016, the Plan was amended and restated to adopt a retirement plan and trust under the Great-West Trust Company Defined Contribution Prototype Plan and Trust.

#### General

The Plan is a defined contribution savings plan sponsored by Ash Grove Cement Company (the Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Employees of the Company not covered by a collective bargaining agreement are eligible to participate after 30 days of service. Employees who are classified as temporary or seasonal are eligible to participate in the Plan upon completing one year of service and reaching the age of 21. Great-West Trust Company, LLC and Principal Life Insurance Company serve as custodians of the Plan as of and for the years ended December 31, 2016 and 2015.

#### Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make biweekly contributions of up to 50% of eligible compensation. The Plan allows employees to make both pre-tax and Roth contributions. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All participant and Company contributions are to be invested at the discretion of the participant.

For the years ended December 31, 2016 and 2015, the Company matched 50% of employee contributions, up to the first 4% contributed by employees who first performed an hour of service for Ash Grove Materials Corporation or its subsidiaries before October 1, 2009. For employees who first performed an hour of service for Ash Grove Materials Corporation or its subsidiaries on or after October 1, 2009, the company matched 100% of employee contributions, up to the first 6% contributed.

For the year ended December 31, 2015, the Company matched 50% of employee contributions, up to the first 4% contributed by employees of Ash Grove Cement Company. For the year ended December 31, 2016, the Company matched 100% of employee contributions, up to the first 5% contributed by employees of Ash Grove Cement Company. Additionally, beginning January 1, 2016, the Company made non-elective fixed-rate contributions of 3%, 5% or 7% of eligible compensation for each Ash Grove Cement Company employee. Rates are based on participant age and service as of December 31 of each applicable plan year. Total non-elective fixed-rate contributions were approximately \$3,398,000 for December 31, 2016.

During 2015, new eligible employees were automatically enrolled into the Plan after 30 days of service at an automatic deferral rate of 4%, unless the participant specified a different rate, or opted not to contribute. Effective January 1, 2016, the automatic deferral rate increased to 5%.

## **Notes to Financial Statements**

**December 31, 2016 and 2015**

Beginning March 1, 2017, the Plan enacted automatic escalation provisions. The amount withheld from each participants payroll increases by 1% each Plan Year until the amount withheld reaches 10% of the participant's compensation, unless the participant makes a contrary election.

### ***Participant Investment Account Options***

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

### ***Participant Accounts***

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ***Vesting***

Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants become 100% vested in Company contributions and earnings thereon after three years of service. If a participant terminates employment because of retirement, death or disability, as defined by the Plan, the participant becomes 100% vested regardless of the years of service.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be granted during any one-year period and only one loan may be outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the loan administrator. Principal and interest are paid ratably through payroll deductions. The maximum repayment terms for a loan is five years, unless the loan is for purchase of principal residence, in which case the maximum term is 10 years. Participants are charged a \$50 set up fee when a loan is initiated and a quarterly maintenance fee of \$6.25.

### ***Payment of Benefits***

Benefits are payable in the event of retirement, death, termination of employment or other defined hardship. Terminated participants may elect to receive a lump-sum distribution, annuity contracts or monthly, quarterly, semiannual or annual installments for not more than the participant's life expectancy. Lump-sum distributions and installments are made in cash. If the value of the vested account is more than \$5,000, and the reason for termination is not death or permanent and total disability, the participant may elect to defer distribution to a date between age 55 and April 1 following the year the participant attains age 70½.

## **Note 2: Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Common stocks and U.S. government securities are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Participant loans are valued at amortized cost, which approximates fair value.

The fair value of the guaranteed investment contracts are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Notes to Financial Statements

December 31, 2016 and 2015

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Administrative Expenses***

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

### **Note 3: Certification of Plan Custodians**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The custodians at December 31, 2016 and 2015 were Great-West Trust Company and Principal Life Insurance Company. Accordingly, the custodians of the Plan have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2016 and 2015
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## Notes to Financial Statements

December 31, 2016 and 2015

### Note 4: Plan Amendments

During 2015, the Board of Directors approved a resolution to enhance the Company contribution to the Plan effective January 1, 2016 for employees of Ash Grove Cement Company. The enhancements include:

- Increase the Company matching contribution to 100% of the first 5% of eligible compensation contributed by participant on their pre-tax and Roth elective contribution withheld from their pay.
- Add fixed-rate non-elective contributions by the Company of 3%, 5% or 7% of participants' eligible compensation, the formula to be based on age and service as of December 31 of each applicable plan year.

### Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Collective Trust – Putnam calculates a net asset value based on the market value of its underlying investments. The collective trust invests in mutual funds and guaranteed investment contracts. The net asset values of the mutual funds and guaranteed investment contracts are used to determine the net asset value of the collective trust, less operating expenses, if any.

Mutual Funds, Money Market Accounts and Common Stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed Interest Accounts – Valued at the sum of the estimated fair values of each contract of the guaranteed investment contract fund because they are not fully benefit-responsive. Fair value represents the amount plan participants or plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

## Notes to Financial Statements

December 31, 2016 and 2015

Individual Directed Brokerage Accounts – Consist of mutual funds and common stock and are valued as discussed above.

### Recurring Measurements

## Notes to Financial Statements

December 31, 2016 and 2015

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

### ***Investments***

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

### Note 6: Investment Contract with Insurance Company

Through August 2016 the Plan had a nonbenefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

There were no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a quarterly basis for resetting.

### Note 7: Related Party and Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of the plan custodians. The Plan paid \$14,797 of recordkeeping fees to custodians during 2016.

Certain plan investments were in a guaranteed interest contract with Principal Life Insurance Company. Principal Life Insurance Company was the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Company provides certain administrative services at no cost to the Plan.

### Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

### Note 10: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Great-West Trust Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

### Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
