## Insurance Technologies 401(k) Savings Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan

The following description of Insurance Technologies 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description, which are available from the plan administrator, for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan sponsored by Insurance Technologies, LLC (the Company) for the benefit of its employees who have at least six months of service and are age 21 or older. Employees are able to enter the Plan on the first day of each calendar quarter immediately following or coinciding with the date the employee completes the eligibility conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the plan administrator and trustee of the Plan. Great-West Life & Annuity Insurance Company (GWL) serves as the Plan record keeper and a plan custodian, and is the issuer of the group fixed and variable deferred annuity contract. Great-West Trust Company, LLC (GWT) also serves as a plan custodian (collectively, the Custodians).

**Contributions:** The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 50 percent of eligible compensation, as defined. Employee catch-up, Roth and rollover contributions are also permitted. The Plan provides for Company discretionary matching and discretionary non-elective contributions. Company contributions are discretionary as determined by the Company's Board of Managers. For 2016, the Company made matching contributions equal to 50 percent of employees' salary deferral amounts up to 6 percent of employees' eligible compensation (thus, a maximum of 3 percent of employees' eligible compensation). The Company did not make any non-elective contributions to the Plan for 2016. Contributions are subject to certain limitations.

**Participant investment account options:** Participants may direct his or her contributions into various account options offered by the Plan, including mutual funds and a guaranteed investment contract. There are no restrictions on how often a participant can change his or her investment elections.

**Participant accounts:** Each participant's account is credited with the participant's contribution, the Company's contribution, if any, and plan earnings and is charged with an allocation of administrative expenses paid by the Plan, if any. An individual participant's account is charged a fee for certain participant-initiated transactions, such as requesting a distribution following termination of employment or the on-going maintenance of notes receivable from participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts, if any, plus earnings thereon, is based on years of continuous service and vests 25 percent per year. A participant is fully vested after four years of continuous service; however, if a participant is employed by the Company on or after achieving normal retirement age, as defined, or in the event of a participant's death or disability, as defined, the participant will be fully vested. The nonvested balance is forfeited upon termination of service.

**Payment of benefits:** Upon termination of service, a participant may elect to receive a lump-sum amount equal to the balance of the participant's elective deferrals plus the vested portion of all employer contributions (the Vested Balance). Participants with a Vested Balance greater than \$5,000 may elect to maintain their Vested Balance in the Plan and continue to earn investment gains and losses. For participants with a Vested Balance greater than \$1,000, but less than \$5,000, who do not elect either a distribution or rollover to an account of the participant's choice, the Vested Balance will be rolled over to an IRA of the plan administrator's choice. For participants with a Vested Balance less than \$1,000, who do not elect either a distribution or rollover to an account of the participant's choice, the Vested Balance will be distributed to the participant in a lump-sum amount.

#### Note 1. Description of the Plan (Continued)

**Forfeited accounts:** Forfeitures are first used to reduce Company discretionary matching contributions. Any remaining forfeitures are used to pay reasonable Plan expenses. At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$213 and \$148, respectively. During 2016, forfeitures of \$3,988 were used to reduce the Company's discretionary matching contributions.

**Notes receivable from participants:** The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is fixed for the life of the loan and the rate is 1 percent over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. In the case of a loan for the purchase of a principal residence, the interest rate is 1 percent over the Prime Rate published in the Wall Street Journal on the first business day of the month before the loan is originated. As of December 31, 2016, loans bear interest rates ranging from 4.25 percent to 6.75 percent and are due through December 2021.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The accompanying financial statements are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Valuation of investments and income recognition:** Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. See Note 4 for discussion of fair value measurements. Investment contracts held by a defined contribution plan are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Key Guaranteed Portfolio Fund (KGPF) is an investment contract with GWL and is stated at contract value, as provided by GWL.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on mutual funds bought, sold and held during the year.

Management fees charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

**Notes receivable from participants:** Notes receivable from participants are reported at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

**Payment of benefits:** Benefit payments to participants are recorded upon distribution.

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Administrative expenses:** Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

**Risks and uncertainties:** The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Subsequent events:** Subsequent events have been evaluated through July 31, 2017, which is the date the financial statements were available to be issued.

#### Note 3. Information Certified and Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Custodians and furnished to the Plan Administrator. The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodians as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

|                                                    | 2016          | 2015         |
|----------------------------------------------------|---------------|--------------|
| Investments, at fair value—mutual funds            | \$ 11,759,242 | \$ 9,100,685 |
| Investments, at contract value—investment contract | 1,778,181     | 2,359,076    |
| Notes receivable from participants                 | 191,793       | 149,378      |

The Custodians also certified to the completeness and accuracy of the investment income information (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2016, included on the accompanying statement of changes in net assets available for benefits.

#### Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1:** Quoted prices in active markets for identical assets or liabilities;

**Level 2:** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

**Level 3:** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

When available, quoted market prices are used to determine the fair value of investments held in the Plan, and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements.

**Mutual funds:** Reported at fair value based on quoted market price of the fund and classified within Level 1 of the valuation hierarchy.

There have been no changes in valuation methodologies at December 31, 2016 compared to December 31, 2015. There were no significant transfers between Level 1, 2 or 3 assets during the year ended December 31, 2016.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

|              | 2016          |               |         |         |
|--------------|---------------|---------------|---------|---------|
|              | Total         | Level 1       | Level 2 | Level 3 |
| Mutual funds | \$ 11,759,242 | \$ 11,759,242 | \$ -    | \$ -    |

  

|              | 2015         |              |         |         |

## **Insurance Technologies 401(k) Savings Plan**

### **Notes to Financial Statements**

---

#### **Note 5. Investment Contract with GWL**

The Plan has a fully benefit-responsive traditional investment contract with GWL. GWL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by GWL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

#### **Note 6. Related Party Transactions**

Certain plan investments are shares of mutual funds or investment contracts managed by the Custodians and, therefore, these transactions qualify as party-in-interest transactions. Total fees paid to the Custodians during the year ended December 31, 2016, was \$21,848.

#### **Note 7. Plan Termination**

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

## **Insurance Technologies 401(k) Savings Plan**

### **Notes to Financial Statements**

#### **Note 8. Tax Status**

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by GWT. This prototype plan document has been filed with the appropriate agency and the prototype plan sponsor has obtained an opinion letter from the Internal Revenue Service (IRS). The prototype plan document has been amended since the date the prototype plan sponsor obtained the opinion letter from the IRS. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan applies the standards on accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements.
