Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FTHCC Employees' 401(K) Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 (ongoing), the statement of net assets available for benefits as of January 2, 2015 (in liquidation), the related statement of changes in net assets available for benefits for the period ended January 2, 2015 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by VOYA Institutional Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of January 2, 2015 and for the year ended January 2, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the January 2, 2015 financial statements. Accordingly, we do not express an opinion on the accompanying January 2, 2015 financial statements.

Basis of Accounting

As described in Note 7 to the financial statements, the Plan's sponsor merged the Plan into the TriNet Passport 401(k) Plan effective January 2, 2015. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments are stated, from the ongoing plan basis in presenting the 2014 financial statements to the liquidation basis used in presenting the January 2, 2015 financial statements. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the January 2, 2015 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of FTHCC Employees' 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

First Team Real Estate – Orange County; Hallmark Escrow Co., Inc; Coast Cities Escrow; Client Control Systems; Western Resources Title Company; Truth in Home Loans, Inc.; FT Services, Inc.; and Glennyre, LLC (collectively the "Company") established the Plan, which is a defined contribution plan for the benefit of its eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan provides for eligibility upon the (1) attainment of the age of eighteen and (2) completion of three consecutive months of employment, provided that the employee completes at least 1,000 hours per year of service during each year of employment.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the plan document, up to the annual limit allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make after-tax Roth 401(k) contributions subject to certain limitations. Employee contributions to the Plan are made through regular payroll deductions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may make discretionary matching contributions equal to a discretionary percentage of the participant's contributions subject to overall compensation limitations. The Company may also make a discretionary profit sharing contribution that is allocated to participants based on the participant's compensation for the plan year in proportion to total compensation of all participants. A participant does not have to make contributions to the Plan to be eligible for an allocation of the discretionary profit sharing contribution. There were no discretionary profit sharing contributions during 2015 and 2014. There were no matching contributions in 2015 or 2014.

Rollover contribution

The Plan provides for rollover contributions, which represent contributions by participants from other tax qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. The contributions are allocated within each participant account based upon the participant's investment elections. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of plan (continued)

Vesting

Participants are immediately vested in their elective deferral and Roth 401(k) contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant vests in Company contributions at the rate of 20% per year beginning in year two and is 100% vested after six years of credited service.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator at the time the note is made, currently 3.25% to 8.75% per annum. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's note receivable. Note terms cannot exceed 5 years, unless the loan qualifies as a residential mortgage in which case a note term may qualify for a longer repayment period determined at the time the note is made. Principal and interest is paid ratably through payroll deductions.

Participant loans receivable are valued at cost, which approximate fair value. Notes to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Plan management has evaluated the collectability of notes receivable from participants and because they are secured by the participants account, an allowance has not been recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, disability or in-service if the participant has attained age 59 ½. Distributions may be paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account, payments over a fixed period, or they may be rolled over into another plan or an individual retirement account. Partial distributions are permitted for in-service withdrawals and required minimum distributions.

If an employee's vested balance is less than $5,000, a lump-sum distribution of the vested account balance will be made, regardless of participant consent, as soon as administratively feasible. If an employee's vested account is greater that $5,000, the employee may delay the lump-sum distribution equal to the value of his or her vested account balance until the age of 59 ½.

Benefits are recorded when paid.

Hardship withdrawals

Participants may withdraw their elective contributions in the event of hardship as defined by the plan agreement.

Administrative expenses

The Company pays a portion of the expenses incurred in the administration and operation of the Plan.

Forfeitures

Upon termination of employment, the unvested portion of a participant's Company contribution account is forfeited. Forfeitures are available to pay plan expenses or reduce Company contributions. At December 31, 2014, forfeited accounts available were $0. Forfeitures used to pay plan expenses were $284 in 2014. There were no forfeitures during the period ended January 2, 2015.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events

Management evaluates events occurring subsequent to January 2, 2015 in determining the accounting for and disclosure of events that affect the financial statements. The Plan has no subsequent events that required recognition or disclosure in the financial statements for the period ended January 2, 2015. Subsequent events were evaluated through May 17, 2017, which is the date the financial statements were available to be issued.

Note 3 - Information prepared and certified by the trustee

The following is a summary of the information included in the accompanying financial statements and supplemental information, which was prepared by or derived from information prepared and furnished to the plan administrator by the trustee, VOYA Institutional Trust Company, at January 2, 2015 and December 31, 2014. The plan administrator has obtained certification from the custodian that such information is complete and accurate.

	January 2, 2015	December 31, 2014
Non-Interest bearing cash	$ -	$ 10,553,761
Total assets certified	$ -	$ 10,553,761

Note 4 - Investments and non-interest bearing cash

The following assets represented 5% or more of the Plan's net assets at January 2, 2015 and December 31, 2014:

	January 2, 2015	December 31, 2014
Non-interest bearing cash	**	10,553,761

** Did not represent 5% or more of the Plan's net assets.

Note 5 - Income tax status

The Plan adopted the ING Life Insurance and Annuity Company Non-Standardized 401(k) Profit Sharing Plan #01-005 ("the Prototype Plan"). The Prototype Plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 2, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations, valuations and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Plan Merger

During December 2014, plan assets were in the process of being transferred to Transamerica Retirement Solutions, the custodian of TriNet Passport 401(k) Plan. Effective January 2, 2015, the Plan transferred assets to TriNet Passport 401(k) Plan, a multiple employer defined contribution plan. Plan assets of $10,553,761 in cash and $246,604 in participant notes receivable were received by Transamerica Retirement Solutions as reflected on the statement of net assets available for benefits.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by VOYA Institutional Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of January 2, 2015 and for the year ended January 2, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the January 2, 2015 financial statements. Accordingly, we do not express an opinion on the accompanying January 2, 2015 financial statements.

Basis of Accounting

As described in Note 7 to the financial statements, the Plan's sponsor merged the Plan into the TriNet Passport 401(k) Plan effective January 2, 2015. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments are stated, from the ongoing plan basis in presenting the 2014 financial statements to the liquidation basis used in presenting the January 2, 2015 financial statements. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the January 2, 2015 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of FTHCC Employees' 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

First Team Real Estate – Orange County; Hallmark Escrow Co., Inc; Coast Cities Escrow; Client Control Systems; Western Resources Title Company; Truth in Home Loans, Inc.; FT Services, Inc.; and Glennyre, LLC (collectively the "Company") established the Plan, which is a defined contribution plan for the benefit of its eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan provides for eligibility upon the (1) attainment of the age of eighteen and (2) completion of three consecutive months of employment, provided that the employee completes at least 1,000 hours per year of service during each year of employment.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the plan document, up to the annual limit allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make after-tax Roth 401(k) contributions subject to certain limitations. Employee contributions to the Plan are made through regular payroll deductions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may make discretionary matching contributions equal to a discretionary percentage of the participant's contributions subject to overall compensation limitations. The Company may also make a discretionary profit sharing contribution that is allocated to participants based on the participant's compensation for the plan year in proportion to total compensation of all participants. A participant does not have to make contributions to the Plan to be eligible for an allocation of the discretionary profit sharing contribution. There were no discretionary profit sharing contributions during 2015 and 2014. There were no matching contributions in 2015 or 2014.

Rollover contribution

The Plan provides for rollover contributions, which represent contributions by participants from other tax qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. The contributions are allocated within each participant account based upon the participant's investment elections. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of plan (continued)

Vesting

Participants are immediately vested in their elective deferral and Roth 401(k) contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant vests in Company contributions at the rate of 20% per year beginning in year two and is 100% vested after six years of credited service.

Participant notes receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator at the time the note is made, currently 3.25% to 8.75% per annum. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's note receivable. Note terms cannot exceed 5 years, unless the loan qualifies as a residential mortgage in which case a note term may qualify for a longer repayment period determined at the time the note is made. Principal and interest is paid ratably through payroll deductions.

Participant loans receivable are valued at cost, which approximate fair value. Notes to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Plan management has evaluated the collectability of notes receivable from participants and because they are secured by the participants account, an allowance has not been recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, disability or in-service if the participant has attained age 59 ½. Distributions may be paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account, payments over a fixed period, or they may be rolled over into another plan or an individual retirement account. Partial distributions are permitted for in-service withdrawals and required minimum distributions.

If an employee's vested balance is less than $5,000, a lump-sum distribution of the vested account balance will be made, regardless of participant consent, as soon as administratively feasible. If an employee's vested account is greater that $5,000, the employee may delay the lump-sum distribution equal to the value of his or her vested account balance until the age of 59 ½.

Benefits are recorded when paid.

Hardship withdrawals

Participants may withdraw their elective contributions in the event of hardship as defined by the plan agreement.

Administrative expenses

The Company pays a portion of the expenses incurred in the administration and operation of the Plan.

Forfeitures

Upon termination of employment, the unvested portion of a participant's Company contribution account is forfeited. Forfeitures are available to pay plan expenses or reduce Company contributions. At December 31, 2014, forfeited accounts available were $0. Forfeitures used to pay plan expenses were $284 in 2014. There were no forfeitures during the period ended January 2, 2015.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events

Management evaluates events occurring subsequent to January 2, 2015 in determining the accounting for and disclosure of events that affect the financial statements. The Plan has no subsequent events that required recognition or disclosure in the financial statements for the period ended January 2, 2015. Subsequent events were evaluated through May 17, 2017, which is the date the financial statements were available to be issued.

Note 3 - Information prepared and certified by the trustee

The following is a summary of the information included in the accompanying financial statements and supplemental information, which was prepared by or derived from information prepared and furnished to the plan administrator by the trustee, VOYA Institutional Trust Company, at January 2, 2015 and December 31, 2014. The plan administrator has obtained certification from the custodian that such information is complete and accurate.

	January 2, 2015	December 31, 2014
Non-Interest bearing cash	$ -	$ 10,553,761
Total assets certified	$ -	$ 10,553,761

Note 4 - Investments and non-interest bearing cash

The following assets represented 5% or more of the Plan's net assets at January 2, 2015 and December 31, 2014:

	January 2, 2015	December 31, 2014
Non-interest bearing cash	**	10,553,761

** Did not represent 5% or more of the Plan's net assets.

Note 5 - Income tax status

The Plan adopted the ING Life Insurance and Annuity Company Non-Standardized 401(k) Profit Sharing Plan #01-005 ("the Prototype Plan"). The Prototype Plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 2, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations, valuations and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Plan Merger

During December 2014, plan assets were in the process of being transferred to Transamerica Retirement Solutions, the custodian of TriNet Passport 401(k) Plan. Effective January 2, 2015, the Plan transferred assets to TriNet Passport 401(k) Plan, a multiple employer defined contribution plan. Plan assets of $10,553,761 in cash and $246,604 in participant notes receivable were received by Transamerica Retirement Solutions as reflected on the statement of net assets available for benefits.
