Tribune Media Company Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

1. Plan Description

The following brief description of the Tribune Media Company Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes. Plan participants should refer to the Plan document, including amendments thereto, for more complete information.

General

The Plan is a defined contribution plan of Tribune Media Company (the "Company") that covers certain union employees whose unions have negotiated participation as part of their collective bargaining agreement with the Company. The Plan was established on June 13, 2014 to create a new and separate plan for the Company in anticipation of the Company's separation of its principal publishing operations ("the Publishing Spin-Off") into an independent company, tronc, Inc. ("tronc"). The Publishing Spin-Off was consummated on August 4, 2014.

Employees of the Company's participating subsidiaries that are covered by certain collective bargaining agreements, and have a contribution schedule under the plan are generally eligible to participate if they are at least 21 years of age and have satisfied the service period requirements. The service period requirement is either none or one year of service depending on which subsidiary of the Company employs the employee.

On June 13, 2014, all union employees who were participants in the Tribune/Local TV 401(k) Savings Plan (formerly known as Local TV, LLC Employee Savings Trust) were enrolled automatically in the Plan and their participant account balances were transferred to the Plan on July 1, 2014.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by the Tribune Media Company Employee Benefits Committee (the "Committee"), which consists of Company employees who are appointed by the Board of Directors of the Company or by the Chairman of such Committee. Vanguard Fiduciary Trust Company is the Plan's trustee (the "Trustee"). The Trustee is responsible for the custody of the Plan's assets and the investment management of some of the Plan's assets.

Contributions

Participants may elect to make before-tax contributions of either up to 25% or up to 85% of their compensation (as defined in the Plan), depending on which subsidiary of the Company employs the participant and the terms of the applicable union's collective bargaining agreement, subject to Plan and Internal Revenue Service ("IRS") limits. Certain plan participants are also eligible to make after-tax Roth contributions, subject to Plan and IRS limits. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants can also make contributions to the Plan in the form of rollover of funds from another qualified plan, other than from certain Tribune and Tribune-related plans.

The Plan includes a matching contribution by the Company for participants who are union employees employed by a subsidiary of Local TV Holdings, LLC, of up to 4% of an employee's eligible pay. The first 2% of employee contributions are matched dollar-for-dollar, and the next 4% are matched \$0.50 for each dollar contributed by the employee. The Plan also has an automatic enrollment feature applicable to participants who are Local TV, LLC union employees, whereby employees who do not make an affirmation election to participate or not to participate, are

Tribune Media Company Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

automatically enrolled in the Plan at 3% of their compensation with 1% annual increases up to 10% beginning in the second year after the year in which they are automatically enrolled.

For all other participants, the Company makes a contribution, if any, based on each applicable union's collective bargaining agreement.

Participants may elect to have all or a percentage (in 1% increments) of their contributions and their share of the Company's contributions (if any) invested in or transferred among one or more of the investment funds. Company and employee contributions are automatically allocated to the series of Vanguard Target Retirement Funds (selected based on the participant's expected retirement age), unless the eligible participant elected to have them allocated otherwise. Participants may change how contributions are invested at any time, and these changes are effective the next pay period. Participants may make interfund transfers on a daily basis.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Company contributions and (b) Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant elections or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are, at all times, 100% vested in their own contributions. The Plan has a variety of vesting schedules which range from 2 to 5 years for Company contributions that apply to participants depending on which subsidiary of the Company employs the participant. Full vesting is provided in certain instances regardless of a participant's period of service.

Forfeited Accounts

Forfeitures of terminated unvested account balances are used to reduce future employer contributions or pay administrative expenses at the Company's discretion. Unallocated forfeiture balances as of December 31, 2016 and 2015 were \$1,427 and \$3,605, respectively, and forfeitures used to reduce employer matching contributions for 2016 amounted to \$10,600.

Payment of Benefits

Participants who have attained age 59½ or who are totally and permanently disabled may, in most instances, elect to withdraw their vested account balances through notice to the Company at any time.

Participants may make withdrawals of any part or all of the balance in their before-tax contribution accounts (excluding certain earnings), prior to termination, in order for the participant to meet an immediate and significant financial need for which a withdrawal would be permitted by IRS regulations (the "hardship withdrawals"). Participants who make hardship withdrawals will cease to be eligible to make before-tax contributions in the Plan and all other plans maintained by the Company for six months.

Distributions of account balances are generally made to participants in a lump-sum cash payment.

Notes Receivable from Participants

If and to the extent permitted by a union's collective bargaining agreement, the Plan permits participants to borrow from their accounts. The minimum amount that can be borrowed is \$500. The maximum amount is equal to the lesser of (a) \$50,000, less the highest outstanding loan

Tribune Media Company Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

balance during the most recent 12 month period, if any, or (b) 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's outstanding loan balance. Loan terms range from one to five years, however, terms of principal residence loans range from 5 to 30 years. Participants may have up to two loans outstanding at one time. The loans are secured by the balance in the participant's account. The interest rate for a loan is the prime rate on the last business day of the month prior to loan inception and is fixed for the life of the loan. Principal and interest are paid ratably through payroll deductions. Interest rates on notes receivable from participants at December 31, 2016 and 2015 ranged from 3.25% to 4.25%.

Plan Amendment or Termination

The Company has the right under the Plan, subject to any applicable collective bargaining agreement, to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, affected participants would become 100% vested in their employer contributions and distributions would be made in accordance with the provisions of ERISA.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments in the Tribune Media Company Master Retirement Savings Trust ("Master Trust") are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The fair value of the Plan's interest in the Master Trust is based on the specific interest that each plan has in the underlying investments of the Master Trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Distributions are recorded when paid. There were no benefit claims that have been processed and approved for payment prior to December 31, 2016, but not yet distributed as of that date.

Tribune Media Company Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

Administrative Expenses

Substantially all of the administrative and recordkeeping expenses incurred in connection with the Plan are paid by the Plan and allocated per capita to each participant. The amount is reflected on each participant's quarterly statement. Administrative expenses paid to Vanguard for trustee and record keeping services were \$35,889 in 2016. Investment related expenses are included in Plan interest in net investment income (loss) of Tribune Media Company Master Retirement Savings Trust.

New Accounting Pronouncements

In February 2017, the FASB issued ASU No. 2017-06, "Employee Benefit Plan Master Trust Reporting". ASU 2017-06 clarifies the presentation requirements of a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The amendments in ASU 2017-06 are effective for fiscal years beginning after December 15, 2018, with early adoption permitted. Application of these amendments require retrospective application for all periods presented. The Plan is currently evaluating the impact of adopting ASU 2017-06 on its financial statements.

In May 2015, the FASB issued ASU No. 2015-07, "Fair Value Measurement (Topic 820)". The amendments in ASU 2015-07 provide guidance for investments for which their fair value is measured at net asset value (or its equivalent) and removes the requirement to categorize these investments within the fair value hierarchy. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2015. Application of these amendments require retrospective application for all periods presented. The Plan adopted ASU 2015-07 as of the year ended December 31, 2016. The adoption of this standard did not have a material impact on the Plan's financial statements.

3. Interest in Tribune Media Company Master Retirement Savings Trust

The Plan's assets are invested in the Master Trust, which was established for the investment of assets of the Plan and another Tribune Media Company sponsored retirement plan. Each participating retirement plan owns units of the Master Trust. The assets of the Master Trust are held by the Trustee. At both December 31, 2016 and 2015, the Plan's interest in the net assets of the Master Trust was approximately 12%. Investment income (loss) and administrative expenses related to the Master Trust are allocated to the individual plans based upon balances invested by each plan.

The following table presents the fair values of investments and investment loss for the Master Trust at December 31, 2016 and 2015, and for the year ended December 31, 2016:

	2016	2015

4. Fair Value Measurements

ASC Topic 820 "Fair Value Measurements and Disclosures" ("ASC 820") establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies

Registered investment companies consist of investments in mutual funds. Mutual funds are valued based on exchange listed prices, for exchange traded registered investment companies, or the Net Asset Value ("NAV") for open-ended and continuously offered closed-end registered investment companies.

Commingled Investment Trust

The commingled investment trust consists of a pool of investments used by institutional investors to obtain equity market exposures by investing in funds which are intended to mirror market indices. It is valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets in the respective commingled trust. The funds are valued using NAV as provided by the investment account manager as a practical expedient. The commingled investment trust included in the Tribune Company Master Retirement Savings Trust is the Fidelity Diversified International Commingled Pool.

Notes to Financial Statements

December 31, 2016 and 2015

The table below reports by level, within the fair value hierarchy, the Master Trust investment assets at fair value as of December 31, 2016 and 2015. As required by ASC 820, the assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The fair value hierarchy in the tables excludes the commingled investment trust in 2016 which is valued using NAV as a practical expedient.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Tribune Media Company Master Retirement Savings Trust				
Registered investment companies	\$ 185,591,474	\$ -	\$ -	\$ 185,591,474
Total Master Trust Investment Assets at Fair Value	\$ 185,591,474	\$ -	\$ -	\$ 185,591,474
Commingled investment trust measured at NAV as practical expedient (1):				4,855,403
Total Tribune Media Company Master Retirement Savings Trust assets				\$ 190,446,877

(1) In accordance with ASU 2015-07 commingled investment trusts that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of plan assets.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Tribune Media Company Master Retirement Savings Trust				
Registered investment companies	\$ 136,719,674	\$ -	\$ -	\$ 136,719,674
Total Master Trust Investment Assets at Fair Value	\$ 136,719,674	\$ -	\$ -	\$ 136,719,674

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan transferred assets from a registered investment company into a commingled investment trust during 2016. There were no transfers of assets between the Levels in 2016 and 2015.

The following table summarizes the investment at fair value based on NAV per share as of December 31, 2016:

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Commingled investment trust	\$ 4,855,403	\$0	Daily	None required

The commingled investment trust's objective is to seek capital growth through the active management of primarily, non-US common stock. NAV per unit is determined each business day.

5. Income Tax Status

The IRS has determined and informed the Company by letter dated December 13, 2016, which considered amendments executed through December 23, 2015, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been

amended subsequent to December 23, 2015. However, the Plan's ERISA counsel believes that the Plan is designed to comply with, and the Company believes the Plan is currently being operated in material compliance with, the applicable requirements of the IRC and is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's tax exempt status.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is not subject to income tax examinations for years prior to 2013.

6. Related Party Transactions

As described in Note 1 and 2, certain Plan investments are managed by the Trustee and the Plan paid the Trustee for certain expenses related to plan operations, therefore, these Master Trust transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. See Note 3 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

7. Risks and Uncertainties

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks and values will occur in the near term and that the effect of such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements, notes to the financial statements and supplemental schedule is complete and accurate:

- Plan interest in Master Trust, at fair value, as shown in the Statement of Net Assets Available for Benefits.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits.
- Plan interest in net investment income of the Master Trust, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Interest from notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Investment and investment income amounts, as shown in Notes 3 and 4, related to the Master Trust.

9. Subsequent Events

On May 8, 2017, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Sinclair Broadcast Group, Inc. ("Sinclair"), providing for the acquisition by Sinclair of all of the outstanding shares of the Company's Class A common stock and Class B common stock by means of a merger of a wholly owned subsidiary of Sinclair with and into Tribune Media Company (the "Merger"), with the Company surviving the Merger as a wholly owned subsidiary of Sinclair.
